## URBAN LINE MUST CONCUR

If Cheap Fares to Mount Pleasant and Radial Railways

Are to be Furthered—Aldermen Are Afraid to Speak on Elevator Question—Boyle v. Tuckett on Victoria Square—Mayor in Ottawa.

The sub-committee of works, appointed with Mr. Lamb as chairman, to force it possible the wire companies to run their wires underground on business streets, met yesterday. President Warren and General Manager Moyer of the Metropolitan Street Railway were present, and the committee were encouraged to tackle the big problem of making Toronto the hub of a radial railway system.

Mr. Warren explained that the chief difficulty in the way of laying the wires in the streets is the fact that the wires are too large to be run in the ground. He suggested that the wires be run in a conduit, and that the conduit be run in the ground. This suggestion was met with approval, and the committee decided to report on the matter at a future meeting.

Mr. Lamb, in his report, stated that the committee had received a large number of suggestions from the public, and that they were all in favor of the radial railway system. He suggested that the committee should report on the matter at a future meeting.

The committee will meet again on Monday, May 18, at 10 o'clock, at the City Hall.

## CHURCH CHRONICLES.

Mr. Thomas A. Rodger, the Y.M.C.A. evangelist, now secretary of the Toronto Training School, is addressing special meetings to the young men of Peterborough.

The congregation of Wesley Church, which it is known that Sunday's fire was not caused by the explosion of a lamp, 'Theirs' is an up-to-date institution, and gas only is used.

Rev. C. A. Webster, M.A., of Bryn Mawr, a graduate of Toronto University and Knox College, spent yesterday in the city.

Rev. W. J. McCaughan, pastor of St. Andrew's Church, who has been at Clifton Springs for his health, will occupy his own pulpit next Sunday.

The Junior Christian Endeavor Union are making preparations for their annual rally on the 20th inst. The program promises an address by Rev. J. V. Graham of the Victoria Mission, and an exercise, in which the best junior soloists of the city will take part.

Rev. John Gillespie of Toronto will preach in St. James' Church at Hespeler on Sunday next.

## 46th Anniversary.

The annual anniversary of the Elgin-street Methodist Sabbath school was held in the church on Monday evening. The program consisted of choruses, dialogues and recitations by the scholars, the latter entertaining the audience to a great extent. Among the numbers rendered by the scholars were a recitation of "The Christian's Prayer," given by ten young ladies, and a recitation of "The Christian's Prayer," given by ten young ladies, and a recitation of "The Christian's Prayer," given by ten young ladies.

The "Auction," given by two young ladies and several young gentlemen, is also worthy of special mention. Mr. Jason Haugh making an excellent auctioneer, Miss Clara Shillington of Ottawa delighted everyone by her quaint rendition of "The Chatterbox."

The superintendent, Mr. R. J. Scott, displayed great musical ability in his rendering of "The Land of the Maple." The secretary's report shows an increase in the average attendance of 15 over the previous year and the treasurer's report shows the school to be in a good financial position.

## Efficient Draughts.

There are many effervescent draughts, but there is one particularly which commands attention and respect for its excellence wherever it is introduced. A recent issue of La Revue Medicale says: "Abbey's Effervescent Salt is prepared in accordance with the requirements of the Medical Profession as one of the most agreeable and efficient draughts whereby to administer medical agents; especially as the carbonic acid gas, during its passage through the stomach, acts as a sedative and is particularly soothing to a sensitive stomach."

Bear in mind always that a teaspoonful of Abbey's Effervescent Salt, taken every morning before breakfast, will keep you in excellent health and spirits. Sold by all druggists at 50 cents a large bottle. Trial size 25 cents.

## North German Lloyd Co.

The popularity of the North German Lloyd Steamship Company is shown recently by the large numbers who sail and are engaged in future berths, notwithstanding the period of uneasiness caused by the war between the United States and Spain. The company have four services, the express line every Tuesday, the cable line every Thursday, the cable line every Thursday, the cable line every Thursday, the cable line every Thursday.

W. A. C. Gieseler, representing the company, is now preparing to put down a system of ducts on Yonge-street from King-street to Front and these could form part of the city's system.

This letter will be sent to the Great Northwestern and Canadian Pacific Railway Telegraph companies, and to the T. & C. Co., and will be arranged for a meeting with the above companies.

## Big Questions Revived.

The Board of Control has been called for 3 o'clock this afternoon, but those who anticipate any action, either with respect to Victoria-square or the proposed extension of the elevator contract, will likely be disappointed. Mr. J. H. Boyle is not prepared to urge his case in favor of the extension until the charges of bribery offered by W. A. C. Gieseler respecting the obtaining of signatures in its favor are cleared up.

Boyle claims to have negotiated settlements with those whom the opening of the park would affect, and has evidence to prove that the Assessment Commission's estimate of the cost is just \$100,000 too high. He also objects to Mr. Fleming's argument that the turning of the Knox Church site into a public square is contemplated would be a superfluous creation of commercial buildings. "He forgets," says Mr. Boyle, "that at the same time we are creating 300 feet new business frontage in this way we are doing away with 500 feet by the extension of the park site. So that there would actually be a loss of 150 feet frontage by the transaction."

Then, as to the elevators, a subject on which the aldermen have decided in a sympathetic attitude. There is little prospect of the amended specifications for a new tender being ready for the board to day.

Mr. Boyle's letter.

The Mayor has been located in Ottawa, whither he sailed yesterday afternoon on business connected. It is believed, with the Toronto and Hudson Bay Railway.

The following petitions were certified to by the City Clerk yesterday afternoon: Brick sidewalk, west side Portland-street, King to Front; east side Portland, King to Adelaide; also for narrowing of the latter part of Portland-street to 24 feet; side-

# BREAD RIOTS ARE FEARFUL.

Causing a Much Greater Loss of Life Than the War.

Spanish Prisons Are Too Small to Contain the Numbers Arrested—Military Required to Suppress the Disorder—Many Italian Prisoners Practically in a State of Siege—King Humbert Greatly Distressed.

London, May 10.—The Madrid correspondent of The Daily Telegraph says: "Bread riots continue throughout Spain. The full monotony of the story was broken this morning by lists of victims killed and wounded in the wild attempts to obtain food. In the Real and in almost every town of the province of that name, there were very serious disorders, and the outbreaks were only quelled by the military. Now it appears that the prisons are too small and too few to contain the people arrested."

"Yesterday, at Linares, 14,000 workmen became disorderly and a regular battle ensued with the municipal guards. The rioters possessed themselves of a quantity of arms. The streets were barricaded, and they remained so down to the moment of telegraphing. Twelve dead bodies and many wounded still lie in the streets and nobody dares to remove any of them. In account of the firing which continues steadily."

## Italy About as Bad.

London, May 10.—According to a special despatch from Rome 23 provinces in Italy are virtually, though not formally, in a state of siege. Rumor is that the trouble is fomented by the clericals, who have chosen the moment for an attack on the monarchy. No proof of this exists, but King Humbert and his entourage are greatly distressed at the turn of events.

## Further Violence.

Madrid, May 10.—The bread riots at Alicante, the seat of Valencia, which began yesterday, were continued all night, the women taking a prominent part in the work of destruction.

A riotous mob paraded the streets, demanding bread and other necessities of life. The rioters marched to the factories, where they were joined by the people who were at work. Later, they sacked the central bureau and burned the furniture and archives. A strong force of gendarmes was sent to the scene and a charge was made upon the mob, which was repulsed. But the rioters returned and attacked and burned all the bonded warehouses, after possessing themselves of the wheat in storage.

## The Rioting at Naples.

Rome, May 10.—The rioting at Naples yesterday was widespread. It was started by big bands of students, armed with sticks and revolvers, who operated in the streets. They were soon joined by the people and stone throwing became general. The police frequently charged and dispersed the rioters, who, however, returned and overturned horse cars, with which they attempted to build barricades. It seemed as if they were unable to withstand the charges of the cavalry. The rioters made several attacks upon soldiers, using stones and revolvers. The troops fired, killing or wounding a number of the rioters. The latter felt a number of trees and electric light poles in the streets and burned several guard houses.

Disturbances are also reported from various points in the Province of Naples. General Malmacchi, the military commander at Naples, has been appointed Royal Commissioner with full powers to restore order.

## Excitement at Berne.

Berne, Switzerland, May 10.—The news of the uprising in Milan has greatly excited the Italian workmen, who abound in Switzerland.

At 11 o'clock, this morning, 100 Italian workmen paraded the streets, carrying a red flag, draped with crapes, at the head of the procession, singing the "Marseillaise" and cheering for the revolution. The outbreak at Milan appears to have been fanned by the reports of the regular correspondents of the Bureau of Industries. The returns are for the first week of May.

## Wall Wheat.

November reports were to the effect that the area of fall wheat had been increased. In most cases the crop came out in the spring in about the same condition as it entered the winter. Little harm appears to have been done by insects, wire-worms being reported in a few cases. The first two weeks of April were far from favorable for the crop, and although rains later helped the plant it is hardly in as forward a condition as usual. Where sown early on summer fallow fall wheat has never been more promising. In several of the western and central counties some plowing up has been done, but not to any considerable extent. The present average of wheat, therefore, may be set down as quite up to the average, and the average condition in the first week of May as fair. The outcome of the crop, of course, depends upon the weather of the next six weeks.

# MIDNIGHT PHANTOMS

That Haunt Thousands of the Homes of Canada.

And Can Be Banished Only by the Use of Dodd's Dyspepsia Tablets—They Never Fail, But Convince by Curing.

How many haunted homes are there in Toronto? How many haunted houses are there scattered over our fair Dominion? There are thousands.

And the ghosts, the malicious, midnight phantoms, that haunt them, render thousands of lives unhappy, and, to say, invited by those who suffer at their hands, they are invited to stay.

Strange, is it not, that a man should invite a gibbering spectre, to murder his sleep and make the long, quiet hours of the night wretched?

Yet so it is. People suffer all the tortures of Dyspepsia, Indigestion, Bileworms, Headache, Neuritis, and while, all the time, relief, speedy and certain, is within their reach. Dodd's Dyspepsia Tablets will lay the ghosts of Indigestion, Dyspepsia and all other disorders of the stomach and digestive organs, positively and permanently.

This is no idle boast. It is a fact, indisputable, irrefragable.

"You should say suffer, when relief is just at hand, and you are not aware of it. Dodd's Dyspepsia Tablets will not fail you. They have given cure and happiness to thousands, and have never failed once."

If you don't believe it, test them. They'll convince you by curing you.

Many years of the lives of thousands of men and women have been wasted in misery, in continual suffering, while they have been waiting for relief to come. They have been waiting for relief to come. They have been waiting for relief to come.

Dodd's Dyspepsia Tablets are sold by all druggists at fifty cents a box, six boxes \$2.50. Or, on receipt of the price, by The Dods Medicine Co., Limited, Toronto.

# A BLESSING TO WEAK, WORN, NERVOUS Women.

## MILBURN'S HEART & NERVE PILLS

Milburn's Heart and Nerve Pills restore color to the pale cheek, regulate the heart, tone the nerves, enrich the blood, and impart strength and vitality to the entire system.

## A MONCTON LADY

Cured of Weakness, Nervousness and Heart Trouble.

Several years ago I had an attack of La Grippe, which left me in a very weak condition, my health being much impaired. I do not suffer now from any of the troubles which formerly made life miserable for me. If I suffer from heart or nerve trouble will only give these wonderful pills a trial they will have a rich reward for so doing in the restored health and vigor which will be restored will always result from their use.

MRS. B. BEAUMONT,  
Cor. Wesley and George Sts.,  
Moncton, N.B.

## AN OTTAWA LADY.

Milburn's Heart and Nerve Pills have cured her of Heart Palpitation—Invigorated her Nerves—Enriched her Blood and Brought Color to her Pale Cheeks.

For five years I was very miserable with heart trouble and nervousness. My entire system was run down, and I suffered from impoverishment of the blood, which made me thin, pale and weak. My heart would beat so that I could not walk; and I would smother and have difficulty in catching my breath. I was in a very bad state indeed, and thought that my remaining time on earth would not be very long. Both doctors and medicines failed to give me relief.

Hearing of Milburn's Heart and Nerve Pills, my husband got some for me. From the first I got better and better, and am now like another person. Palpitation of the heart is gone; the color has returned to my cheeks; my system is invigorated and my blood has been enriched. I no longer suffer from the fretful nervousness and smothering feeling, and am in fact better than I have been for years. Needless to say, I heartily recommend Milburn's Heart and Nerve Pills as the only medicine in the world which I believe could have acted so promptly and well in my case.

MRS. PASCAL LIBERTY,  
315 Cathcart St., Ottawa, Ont.

## MILBURN'S HEART AND NERVE PILLS

are the most certain and satisfactory remedy in the world for weak, palpitating or throbbing heart, nervousness, sleeplessness, faint spells, dizziness, weakness, debility, dyspepsia, anæmia, run-down condition of the system, after-effects of Grippe, etc. Sold by medicine dealers everywhere at 50c. a box or three boxes for \$1.25, or sent by mail on receipt of price.

T. MILBURN & CO., Toronto, Ont.

## ONTARIO'S CROPS.

Lawrence and Ottawa counties are particularly good. Alister did not stand the water, as well as red clover.

Vegetation.

Correspondents differ greatly in their opinions as to the condition of vegetation, some considering it as being well advanced for the time of year, and fully as many others regarding the season as being backward. In the western part of the province a fair bite for cattle at the beginning of May, and early fruit trees were coming into bloom. In the eastern part of the province the season was relatively more advanced than in the west.

## Live Stock.

The majority of the reports concerning live stock are of a most satisfactory character. Horses as a rule are in fine condition. Cattle are also reported to be in good health, but heavy loss was reported in one or two places, but not to a serious extent. Sheep came through the winter in capital shape and lambs are many and strong. A few cases of hog cholera occurred in some western sections, but the disease was quickly stamped out. With this exception swine are described as being in fine condition. Hogs are now chiefly sold weighing from 120 to 180 pounds. The supply of fowls was plentiful, and there is an abundance of straw.

## Farm Supplies.

There appears to be a surplus of hay in nearly every section of the Province, but more especially in the west. Much of the crop is not of good quality, although, of course, there is a fair amount of first-class hay yet to be had. Owing to the late season, the supply of straw is very low. Reports regarding oats vary, for while many claim that there is a scarcity, others hold that there is still a good supply left. Oats were fed more freely than usual during the winter, and during the last few months a large quantity was marketed, consequently there was hardly as much as usual in the hands of farmers at the beginning of May. Dollar wheat created an active market, and during the last month an immense quantity has changed hands. It looks as if nearly all the crop has been disposed of in some quarters, although farmers are occasionally spoken of as having from 50 to a few hundred bushels of wheat ready for a further rise in price. There are now sold to the farmer from 12 to 15 cents a bushel, "equal to the demand." Complaints are made of the low price for feed, especially when offered for fat animals, and many of this class of animals are being kept for a better season in some of the western counties, and consequently there are rather more in the hands of farmers than are desired, but in the eastern counties fat cattle are scarce.

## The Distressing Case.

Rev. Mr. George Rose has thankfully acknowledged the receipt of the following amounts in answer to their appeal for the relief of the poor of the St. John's Church, St. John's, Nfld. From consumption, at the Muskoka Cottage Sanatorium—\$175 is required: Previously acknowledged \$74.75; J. J. Copeland \$1. A. Friend \$1. T. E. Stratford, \$1. Anonymous \$4. W. G. Moore, Hamilton, \$2. Widow, Montreal, \$1. L. E. Speight, Acton, \$1. Young Ladies' Bible Class, Clinton-street Methodist Church, \$3. Mrs. U. Ogden \$1. Total \$383.75.

Will Reply to Senor Don Rose. The speech of Senor Don Rose last week was greeted with the courtesy, demanded

# ALLUVIAL GOLD DEPOSITS

Details of the Reputed Place Near Sudbury.

It is Alleged That the Gravel, 25 to 30 feet of the Precious Metal Would Pay to Work It 7-10 Years From Mining News.

Further particulars are to be had from the discovery of alluvial gold-bearing gravel on the Vermilion River, in the North Bay county, reports from the Mining News. The Mining News at Sudbury, in the vicinity of which a deposit covers an area of several miles of country and averages 25 to 30 feet of the precious metal to the ton, sometimes running as high as \$150. The beds are covered with gravel, and it is considered by the Mining News that the gravel is worth working. They are a curiosity of half a mile back on each side of the Vermilion River, and are the banks of the Vermilion River, and are the banks of the Vermilion River, and are the banks of the Vermilion River.

## Taken Prisoner Heard From

Mr. George C. Parker of Park Toronto, informed The World that he had received a communication from M. Telford dated April 10, written from the summit of Mt. Telford, stating that he had been taken prisoner by the Indians, and was being held in a cave. Mr. Parker stated that he had been taken prisoner by the Indians, and was being held in a cave. Mr. Parker stated that he had been taken prisoner by the Indians, and was being held in a cave.

## Broadway Table

The force of men employed on Wedge on Lemon Creek has been considerably reduced. It is reported that a rich and extensive authority has been uncovered on the west side of the creek, and that the wedge has been moved to the west side of the creek, and that the wedge has been moved to the west side of the creek.

## Railway Note

The Canadian Pacific and Great Northern have agreed to a big business transaction. The Canadian Pacific has agreed to purchase the Great Northern, and the Great Northern has agreed to sell to the Canadian Pacific. The transaction is believed to be a big business transaction, and is believed to be a big business transaction.

## General Superintendent McGowan

General Superintendent McGowan of the Grand Trunk Railway has been promoted to a position of greater responsibility. He has been promoted to the position of General Superintendent of the Grand Trunk Railway, and is believed to be a big business transaction.

## The Washburn Pacific

The Washburn Pacific has been promoted to a position of greater responsibility. It has been promoted to the position of General Superintendent of the Washburn Pacific, and is believed to be a big business transaction.
