machine man and while feeding a machine with a piece of board, the lumber accidentally broke and a large portion of it struck him in the abdomen. The injury was not considered serious, but he was removed to his home at 13 Cornwall-street, where, instead of making any improvement, he grew worse until he was removed to the Hospital in the ambulance on Sunday night. The doctors found a rupture of the bowds and thought that the only hope of saving his life was an operation. This was performed on Monday afternoon, but it failed to bring the desired restoration and the patient aprickly sank until his death. Rennie was 2 years of age and leaves a widow and four children to mourn his loss. The funeral takes place this afternoon at 3 o'clock to the Necropolis Cemetery. OAD SHOE.
