### Japanese Catarrh **Cure Cures** Nasal Catarrh

Japanese Catarrh Cure is a penetrating, soothing and healing pomade, which is inserted up the nostrils by a small camel's hair penell. The heat of the body melts this pomade and the patient breathes the soothing medication through the nostrils, and the nasal channels open up. The studied-up feeding in the head leaves, and the person combreathe naturally through the nose. The dull pains across the head cease. Continual use for a short time soothes the mucous membrane until the soreness and inflammation are all gone. The bad odor of the breath passes away, and the lost senses of smell and heaving return. The dropping in the throat is permanently checked, and the nose does not stop up towards night. The discharge from the nose grows less and less, and finally stops alto the throat or lungs or into the ears, as so often is done by washes, douches and the temporary relief of catarrh powders and snuffs which contain and other fatal alkaloids, which releve at the time, but give rise to a false security. Japanese Catarrh, Cure is a thorough unitsephic, is cleansing and healing in its action, and soothes the minute applied. Six bottles are absolutely guaranteed to cure may case of mastl catarrh, or money will be refunded. A free sample will be sent to any person suffering from this most dangerous disease, Enclose 5 cent stamp. Sold by all druggists. 50 cents. Six for \$2.50, or by med. ## FIREMAN GOLE WENT MAD.

A Terrible Struggle on Board an IIlinois Gentral Engine Pulling the Fast Mail.

IT WAS A LIFE AND DEATH FIGHT

But Engineman Keegan Overpower ed the Madman Just in Time to Save the Train.

Louisville, Ky., Jan. 21.-Engineer Barney

Keegan of the Illinois Central Railway had the most thrilling experience of his life last night, and only his dogged determination saved the life of Walter Cole, the fireman, and, perhaps, the lives of the passengers. For twenty miles, as the passengers, For twenty miles, as the engine was speeding along the tracks at the rate of 30 miles an hour, Keegan engaged in a life and death struggle with Cole, who had become violently insane. Keegan stopped his train, the fast mail, which is due in this city at 9.15 p.m., at Coeil, Ky., about 40 miles south of this city, to take water. He noticed that Cole was acting strangely, and asked him what was the matter. Cole did not reply, but began beating his head violently, Keegan had previously heard him complain of a headache. He started his train toward the city, and when he had gone about a mile he heard a piercing scream and saw Cole climbing out of the cab window. The firman would have made the leap in another instant, but Keegan grappled with him and pulled him back into the cab. After a struggle the fireman sprang on the engineer, and they were locked in a tight embrace.

The struggle had lasted several minutees, Cole showed no signs of tiring, Keegan was beginning to grow weak. The train was then nearing West Point. Just before he reached the stop Keegan made a big effort and threw Cole away from him, He grabbed the throttle and shut off the steam, and the engine came to a stop. Just abreast of

diseases, hitherto considered incurable.

But the Electrical Expert—his name is Mr. Geo. Fox, employed with the Trenton Electric Light Co., Trenton, Ont.

This is what he has to say:

"Some months ago I had Typhoid Fever which left me with badly disorganized kidneys. I had pain in the small of my back, also severe pain over the eyes and was very dizzy. Sometimes I got up in the morning as tired as when I went to bed. I became quite dropsical and bloated and had much pain in the bladder. I have taken two boxes of Doan's Kidney Pills and I am surprised at their marvellous power in curing kidney trouble. The dropsical symptoms are all gone as also the pain in my back and side. The pains in my eyes and dizziness have left, and I am completely cured."

Another Sale—Mirror Brought the Whole Sum Required.

Paris, Jan. 22.—There was another sale of the furniture of Emile Zola resulting from the first sale. His friends offered to settle the matter, but the magistrate refused to allow them to do so. The first lot offered was a looking glass. It was bought by Emile Zola's publisher, M. Fasquelle, for the full amount of the claim. There was no excitement, and there were only a few people present.
