

## CHOLERA EPIDEMIC IN THE EAST.

Prevalent From Java to Japan—Many European Victims.

Victoria, B.C., Aug. 28.—The epidemic of cholera is reaching alarming proportions on the other side of the Pacific according to advices received here by steamship. The outbreak extends further and has more victims than ever before reported. It extends from the island of Java to the coast and many from the interior are affected. The disease, too, is being contracted by Europeans as well as natives. In Hong Kong, from the first of the outbreak to Aug. 6, there had been 523 cases, six being Europeans, and 511 deaths, of whom four were Europeans. In Tientsin, the latest report placed the number of cases within the city walls, and 1015 cases and 583 deaths outside the city walls. In other places in China the proportion of cases and deaths is just as great. A despatch says hundreds have died in Java. A writer from Kueilin, Kwansi Province, says: "I write from a city stricken with cholera. The epidemic of cholera. People are dying by hundreds daily. Outside the city over 1000 have died. Outside families are reported to have died."

## SIR WILFRID'S TOUR.

An English Paper Looks on it as a Hazardous Enterprise.

London, Aug. 28.—The Daily News to-day says that Sir Wilfrid Laurier's tour through France is a somewhat hazardous enterprise from the point of view of Canadian politics, yet Sir Wilfrid has displayed wisdom as his recent speeches have clearly shown that he has managed to be polite to the Mayor of Lille without offending Mr. Chamberlain.

Telegraphing to The Standard from Paris a correspondent says that the proposal regarding the French-Canadian line is that a syndicate of Frenchmen and Englishmen be formed, and that each should own respectively under the British and French flags the British steamers to get to Canadian ports and the French to earn the navigation and other premiums which Frenchmen accord to their shipping. A prominent Liverpool firm is prepared to take up the British part of the line.

## TO MEET FRENCH DEFICIT.

More Alcohol and Tobacco to Be Taxed.

Paris, Aug. 28.—The Minister of Finance, M. Rouvier, proposes to meet the deficit by reducing the amount of untaxed alcohol hitherto allowed producers, from which he estimated to cost \$10,000,000, and by abolishing some of the exemptions from the tobacco tax, from which \$2,000,000 is expected.

Another man had his trousers slit from top to bottom on both sides of the body, but escaped scorching of the skin. All the animals regained their feet except two, which were killed by the shock.

They are easily procurable, easily taken, act expeditiously and they are surprisingly cheap, considering their excellence.

## SHE PATIENTLY BORE DISGRACE

A Sad Letter from a lady whose Husband was Disgraced.

How She Cured Him with a Secret Remedy.

"I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's drinking habits. Hearing of your marvellous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. He soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

## HER HUSBAND WAS A DRUNKARD

A Lady who cures her husband of his Drinking Habits writes of her struggle to save her home

A PATHETIC LETTER

"I had for a long time been thinking of trying the Tasteless Samaria Prescription treatment on my husband for his drinking habits, but I was afraid he would discover that I was giving him medicine, and the thought terrified me. I hesitated for nearly a week, but one day when he came home very much intoxicated and his wife's salary nearly all spent, I threw off all fear and determined to make an effort to save our home from the ruin I saw coming, at all hazards. I sent for your Tasteless Samaria Prescription, and put it in his coffee as directed each morning and watched and prayed for the result. At noon I gave him more and also at supper. He never suspected a thing and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my body tingling with hope and happiness, and I could see a bright future spread out before me—a peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts and everything else dear to a woman's heart. For my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only to be expected that I had given him the full course he had stopped drinking altogether, but I kept giving him the medicine till it was gone, and then sent for another lot, to have on hand if he should relapse, as he had done from promises before. He never has and I am writing you this letter to tell you how thankful I am. I honestly believe it will cure the worst cases."

## HER FATHER WAS A DRUNKARD

A Plucky Young Lady takes on herself to cure her Father of the Liquor Habit.

STORY OF HER SUCCESS.

A portion of her letter reads as follows:— "My father had often promised mother to stop drinking, and would do so for a time but then returned to it stronger than ever. One day after a terrible spree, he said to us: 'It's no use, I can't stop drinking.' Our hearts seemed to turn to stone, and we decided to try the Tasteless Samaria Prescription, which we had read about in the papers. We gave him the tea, coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed all his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and so one would know him for the same man. It is now fifteen months since we gave it to him and we feel sure that the change is for good. Please send me one of your little books, as I want to give it to a friend."

## NO NATIONAL SENTIMENT CAUSED THE MASSEY-HARRIS Binders and Mowers

to score such a brilliant success in the harvest just gathered. **QUALITY** was the secret.

The Massey-Harris machines so completely eclipsed all competitors (Canadian and United States) that they are in a class by themselves. It was wonderful the way they reaped and harvested heavy and difficult crops, while competitive machines miserably failed.

... A TESTIMONIAL ...

Mr. David Smellie of Vaughan Township says in a letter to Massey-Harris Company of July 28th:

"Having witnessed a field trial of the Massey-Harris 7-ft. Binder and the McCormick 7-ft. Binder in a very heavy crop of wheat, would say that the Massey-Harris Company's Binder did much superior work in every particular."

**DRINK SCHLITZ BEER**

**"DRINK WHITE ROCK WATER"**

"ON TOP AND IN THE BOWELS OF CHEOP'S PYRAMID"

By Sigmund Krauss. From The Smithsonian Magazine, May, 1900.

"Walking up the road which leads from the Mesa House to the plateau of the Desert, I noticed a small camel caravan being photographed there, with the Cheops Pyramids as background. The animals were laden with cases, and great white blankets hanging down their sides showed in large letters the words: 'Drink Schlitz Beer,' the beer that made Milwaukee famous. 'Drink White Rock Water,' its equal is unknown."

"Although I was disappointedly impressed by this description, I had to smile at the Yankee business spirit which knows how to get advertisements even out of the most unlikely sources. The advertisement for Schlitz Beer, the beer that made Milwaukee famous, was only a small part of the advertisement for Schlitz Beer, the beer that made Milwaukee famous."

This proves that SCHLITZ and WHITE ROCK WATER can be found everywhere and that these beverages have a world-wide reputation.
