I will never forget the agony of the day when I first realized I had female trouble. I had pains in my head, back and bowels, nervousness, bearing down feelings, creeping sensations up the spine, hot flashes, weakness and all the other symptoms so many women have; for a long while before I would admit even to myself what the trouble was. Sometimes I would be so blue that it seemed life was not worth the living and I would be afraid I would kill myself.

Unless you have suffered as I did you cannot realize what it is to start at every sound. Did you ever have the mere slam of a door give you real physical pain? Of course, I tried doctors. I went to my family physician, when I finally got up courage enough to submit to his examination. He failed, of course. Then I tried specialists, and failing to secure relief I sought a nurse. I turned to other

Why Men Desert Their Wives

Eighty Per Cent of the Wife Deserts and Divorces Due to Female Weakness.

I guess that after all I was mostly to blame. I should have taken better care of myself, I suppose. I was sick and suffering. No one but a woman can ever know how I suffered. I was irritable, I couldn't be to my husband the wife that I ought to have been. He, being a man, couldn't understand. We drifted apart. He sought his pleasures elsewhere. Finally there was nothing but the divorce court that could settle our differences.

That's the sad story that eight out of every ten women who have passed through the ordeal of the divorce court, as well as the countless thousands of deserted wives who are not divorced, know deep down in her heart was the real cause of her trouble. Domestic unhappiness is nine times out of ten the fault of the wife. A sick wife, a neglected home, and the publicity and disgrace of the court room to end it all. There wouldn't be half as much divorce if only wife and mother would realize her duty to preserve her health and strength.

No woman has the right to expect her husband to devote his leisure hours to his home and her when she is leading a dragged-out, hopeless, down-in-the-mouth existence that would discourage the greatest optimist on earth. Men won't do it and the sooner the women of this country understand the plain truth the better it will be for all concerned. A man has no use for the woman who is sick and ailing half the time. The home that's built on that sort of a foundation is going to fall as sure as fate. Mrs. Cora B. Miller's marvelous home remedy has done more to prevent divorce than all the messages to congress and conventions in the world. The woman who is bright and cheerful and well has a home that reflects her own good feeling and content and no place therein.

Mrs. Miller's aid and advice is as free to you as God's sunshine or the air you breathe. She is always glad to lend her assistance to every suffering woman, and she is a generous, good woman who has from heart and soul, to suffer, and she wants to prove to you that her commonsense home treatment will cure you just as surely as a cure in any other way, and her humble cottage before riches and fame came to her.

remedies and tried, oh, so many of them, growing weaker with the worry and always the shadow of death or insanity before me. I saw my children grow away from me. I saw my friends in which I could not join. My music, books and friends were no more to me. I wanted to be alone. I grew irritable. I would almost cry my eyes out without knowing why. Then would come remorse and I would clutch my hands and make up my mind that I would not be sick but faith cures don't seem to work with a suffering woman. At last I was told I could not get better and then my mind began to go the way of my poor, sick body, and I had no more to say. I knew in my heart the asylum and the grave would have claimed me.

The asylums are filled with patients insane from female troubles. Doctors know there is a subtle connection between a woman's health and her mind. If the body is sick with the disease peculiar to women the mind suffers too. In so many cases it isn't equal to the strain and while the body may live for a time the mind dies and the body must as well be dead too.

Cured After 13 Years of Suffering.

"I have been a sufferer from female diseases as long as I can remember. For thirteen years I suffered congestion of the uterus and have used a great many remedies, and was treated by physicians without benefit. One box of your mild home remedy cured me entirely. Don't Be A Curse To Your Children

Any woman who deliberately neglects her health, allowing any female trouble, no matter how slight or unimportant it may seem to be, to run on unattended, is committing a crime against her own children. The world is full of poor, little, puny, neglected beings, who might just as well be motherless, all because their mothers are sick and ailing and unable to give them a loving mother's care. It's just as well to be frank. The mother who is sick half the time is a curse to her own children.
