AVENUE ROAD BILL

Chosen building lot, near Upper Canada College...

PROBS: Increasing northeasterly winds; cooler showers in some localities.

BLOOR VIADUCT BUILT TO THE PEOPLE

Works Committee Unanimously Sends Recommendation to Council — Engineer Estimates Cost at \$769,000.

A bylaw to provide \$769,000 for the construction of a viaduct from the corner of Bloor and Sherbourne streets to Danforth-avenue...

Mr. Forman further says: "The necessary time was not at our disposal to enable us to negotiate with the various property owners..."

Bylaw to Cover Cost. On the report being presented, Ald. Chisholm said he would like to have a recommendation that a bylaw be submitted to the people...

Chairman Ald. McGhie declared that the submitting of the bylaw asking for money to build a viaduct wouldn't interfere in any way with the engineering features.

Should Offer Plan. Ald. Foster thought either one plan or the other should be offered to the people, and Ald. Bredin gave the opinion that any alteration would interfere with the whole scheme.

Crimes Charged To Sugar Trust

Offences Include Bribery of Politicians, Swindling the Treasury and the Stealing of City Water.

Sworn testimony taken by congressional and legislative committees, by the courts and by other legal proceedings shows that the sugar trust in the United States has been proved guilty of:

Bribing the political committees of both parties. Influencing United States senators by stock tips and other financial transactions.

Swindling the United States treasury in violation of the United States tariff law. Using short weight scales.

Blaspheming grocers who handled independent sugar. Importing cheap contract labor. Violation of factory and health laws.

Stealing water from New York City. Conspiring to ruin independent sugar refiners. Persistent violation of the Sherman anti-trust law.

NEW YORK, Nov. 12.—After many months of quiet work behind the scenes by government investigators, who have been scrutinizing the ins-and-outs of the complicated sugar import frauds...

The man arrested is James F. Bendernagel, former superintendent of the Hamilton and Elder Refinery Co. His resignation from this responsible position was announced by the company only yesterday.

The indictment returned against Bendernagel is of the blanket variety, including in its terms also the so-called "big six" Oliver Sipes, Thomas Kehoe, Edward A. Boyle, Jean M. Voecker, John R. Coyne, and Patrick J. Hennessy—all of whom have been previously indicted on similar charges.

There are numerous other charges against the company and its officials. It was in connection with these charges that the government last spring recovered \$2,155,000 in duties and penalties.

ONE SENATOR GOT \$2005 FOR A DAY'S WORK

Another Received \$2020 for Two Days' Attendance, and Auditor-General Didn't Think it Was Right.

OTTAWA, Nov. 12.—(Special).—That one senator got \$2005 for one day's attendance during the last session of parliament, and another got \$2020 for two days' presence in the upper chamber, and that the auditor-general objected, is set forth in the annual report of that official made public today. The names of the senators are suppressed.

According to the report, they "were each paid the seasonal indemnity of \$2500 less a deduction of \$15 per day for absence for each sitting day over the fifteen allowed, although the former was only two days in attendance, January 19 and 21, and the latter one day in attendance, January 21."

It would appear, he says in pointing it out, "that you have paid these senators under section 7 of section 35 to the act, rather than under section 33 of the act, which stated that a member shall not be entitled to the said seasonal allowance for less than thirty-one days' attendance, but his allowance for any less number of days shall be twenty dollars for each day's attendance."

OTTAWA, Nov. 12.—(Special).—The report also contains a long and acrimonious correspondence between the auditor-general and the Transcontinental Railway Commission on the subject of classification in rock cuttings.

The auditor-general also charged that Senators Frost, Mitchell and McMullen drew more indemnity than they were entitled to by the record of attendance. The reply was that senator McMullen had been ill and that the others contended that they had been present on days on which the record did not mention their presence.

NEW YORK, Nov. 12.—After many months of quiet work behind the scenes by government investigators, who have been scrutinizing the ins-and-outs of the complicated sugar import frauds, there came suddenly today the indictment and arrest of an important former officer of the American Sugar Refining Co., charged with conspiring to defraud the government by false weighing of sugar.

THE DAY'S WORK DONE

The Sage of the Grange lays down his pen.

COAL AND STEEL "Toronto Terminal Co." MERGER SOON TO COME

Meanwhile, James Ross Sells Some of His Coal Stock to Toronto Syndicate at Close to Par.

MONTREAL, Que., Nov. 12.—(Special).—The negotiations which have been going on during the past few days between E. R. Wood and Col. Sir Henry Pellatt, representing a syndicate of Toronto holders of Dominion Steel and Coal stock, and James Ross, president of the Dominion Coal Company...

It is authoritatively stated that the result will be the passing of a portion of the Ross Coal holdings, the whole of which represent a par value of \$5,000,000, to the syndicate at a price somewhat under par.

It may also be added that the merger of Dominion Coal and Dominion Iron and Steel into one great company, to be known as the Canada Steel Corporation, is now nearer an accomplished fact than ever before.

NEW YORK, Nov. 12.—There are 200,000 men and women in New York City who are willing to work, but who are not able to secure employment, was the statement made today by C. D. Harvey, secretary of the national committee of the unemployed.

REAL ESTATE PROMOTER ARRESTED IN PITTSBURGH

Said to Be Connected With a Long Island Proposition That is Being Handled in Toronto.

PITTSBURGH, Pa., Nov. 12.—(Special).—Thru the arrest here today of A. B. McCarthy, collector for the Metropolitan and Suburban Real Estate Co. of West Hampton Park, Long Island, the police declare they have unearched a get-rich-quick scheme with ramifications extending to Toronto and to practically every large city east of Chicago.

OTTAWA, Nov. 12.—(Special).—Hon. Geo. E. Foster has given notice of a series of important resolutions.

OTTAWA, Nov. 12.—(Special).—Hon. Geo. E. Foster has given notice of a series of important resolutions.

OTTAWA, Nov. 12.—(Special).—Hon. Geo. E. Foster has given notice of a series of important resolutions.

34000—RUSHOLME ROAD. 8 rooms, electric light, sliding doors, front and back stairs, veranda and balcony, exclusive side entrance...

SILVERLAND IS A NATIONAL ASSET

Millions of Dollars Already Committed to Development Over Area of Five Thousand Square Miles.

GOWGANDA, Nov. 9.—By the Men on the Trail—Loyalty demands that the men of capital in Canada encourage in every practical way the development of the great natural resources in the mineralized areas of the north.

It is an impressive fact that more than five million dollars in cash has been paid to prospectors for silver properties west of Lake Timiskaming.

Development on veins enriched at the surface has, with one or two exceptions, resulted in shipping mines. The result is that the discovery of surface silver leads in the new country to followed almost immediately by the disposal of the interest to men of capital, who are ready, with but little further investigation, to advance money for development.

Conditions Are Improving. Conditions are more normal this year. Interest held back by the prohibitive prices last winter are now ready to go ahead. There will be several hundred
