Borden Government Has Tight Squeak, Owing to Misunderstanding.

WIELD CLOSURE CLUB

Debate on Franchise Bill Goes on Methodically in House.

Ottawa, Ont., Sept. 12.-The government had a tight squeak this afternoon, when upon a snap division, their majority was reduced to eight. This came about by a misunderstanding on the part of several government supporters who supposed their votes would not be needed until two a.m. Thursday morning.

When the house met at three o'clock Sir Robert Borden tried to get some commitment from Sir Wilfrid Laurier respecting the final vote on the bill, but Sir Wilfrid said that a man could not bargain with one who held a pistol in his hand. The government spoke in a conciliatory way, but it was brandishin gthe closure club at

Closure Necessary. Sir Robert then said he would have no choice but to apply closure, and moved that the further consideration of the franchise bill in committee of the whole be not further postponed. The motion was carried in committee upon a standing vote of 33 to 25. Then the house settled down to dis-cuss the bill, but the closure rule was not strictly enforced. There was a running informal discussion on various clauses of the bill until the closure shut down further debate at 2 o'clock. Much of the discussion was of a more or less technical nature. An effort was made to have the hours of polling

My little girl had sores come out on her head which looked like ringworms. They were spreading fast, and I tried home treatment, but nothing helped her. The salve he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head, and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box, and the first time I put it on she was relieved of pain, and the second time the swelling was all gone.
