Recruits will be sent overseas almost immediately after enlistment, and after a training of some three months in one of the three British naval depots of Devonport, Portsmouth or Chatham, then they will go straight

on their ships. The actual work of recruiting the men will be undertaken by the Can-adian Government, which is expected to appoint recruiting officers for this service in the various large centres of Canada. It is 'hought quite possible that Aemilius Jarvis, who is in Ottawa at present, and who is notable for his keen interest in naval matters, may be appointed for Toronto. Captain Guinness, who will address the Empire Club today, feels that his work in Canada is now chiefly edu-cational, that of bringing to the pecple's attention the needs and services of the navy. He will speak in vari-ous towns in Ontario and then proceed to the west. He is staying at the Queen's Hotel.

UP TO THE GOVERNMENT

View of Board of Control in Laying Over Appeal of Red Cross.

An appeal of the British Red Cross and Order of St. John for financial assistance was laid over by the board of control yesterday. The board took the view that it was up to the gov-ernment to look after the work these nstitutions were doing.

"There should be no Canadian Red Cross at all," declared the mayor. And Controllers O'Neill and Foster expressed like sentiments. The city's first duty, the mayor said, in disposing of the matter until today, was o the patriotic fund. Mayor Church was angry when he

received a request from the provincial bureau of industries for a statement of the receipts and expenditures of the Toronto hydro-electric system for 1915. "It is none of their business," he said; "the hydro is not a government institution, tho the Municipal Act has been used to try to make it such. We recognize only the provincial hydro and their audit." In a resolution addressed to Premier Borden, the board asked for lenient dealings with deserters. Many of them, the resolution pointed out, are young men and inexperienced in military ways, and would if given another chance go overseas.
