

Night March For The 26th

A Tramp To Rockwood For Outpost and Other Duties—Appointments Confirmed—Mobilization of Mounted Rifles at Amherst

A night march is planned for the 6th battalion tonight. They will be taken on a night expedition to the woods in the vicinity of Rockwood for outpost duty and tactical manoeuvres. After about three hours the unit will march back to the barracks. These are the first manoeuvres of this kind yet undertaken. This morning was spent by the battalion in drill in and about the armory.

The Mounted Rifles.

As intimated in the Times some time ago, Amherst has been selected as the central mobilization point for the 6th Canadian Mounted Rifles under Lieut. Col. Ryan. Just when the active mobilization will begin is not definitely known. It has not been definitely decided whether St. John will be the point of muster for the squadron to be commanded by Major McLean, from the expectation is that this will be the case. Stables for the horses and quarters for the men are now being prepared at Amherst.

Appointments.

The appointment of Major Markham of this city to the command of "A" Squadron, to be selected from the 8th Hussars, was confirmed by Lieut. Col. Ryan today as was that of Lieut. R. A. March as quartermaster, and Lieut. G. Roland Barnes as adjutant. There are still three vacancies in this squadron among the officers, and two to be yet appointed in "B" squadron.

Dinner Last Night.

A complimentary dinner last night, tendered by the officers on garrison duty with the 6th Regt. C. A. in their own quarters on Partridge Island in honor of Major T. Malcolm McAvity, brigade major of the eastern infantry brigade, proved a distinctly enjoyable. Best wishes for his success were tendered him. Among those present were Lieut. Col. McAvity, Lieut. Wedderburn, Lieut. Col. Massie, Major McKenzie, Captain McMillan and Doctor Day, with the officers on duty on the island under Lieut. Col. Armstrong.

Honoring Soldiers.

The members of Camp Out-of-the-Way Inn, who summer at Pandemic, last evening, with lady friends, tendered one of their number, Signaller Gordon Williams of the 26th, a dinner at Mrs. Bonnell's, Ketepee. There was a round of toasts, including "the King," "Canada," proposed by Ross Willett, responded to by Theo. Shaw. "Our Soldiers," proposed by M. Latham, responded to by Gordon Williams; "The Ladies," proposed by Arthur Speight, responded to by D. Prie and J. Wilson. A duet was given by Mr. Shaw and Miss Emery. Dancing was enjoyed and after a pleasant time the party returned to the city on the late Boston train. Mr. Roland Barnes also tendered a dinner to Mrs. Theo. Shaw were chaperones.

Deaths of Canadians 71; Several Officers Are Ill

71 Deaths.

Ottawa, Ont., Jan. 29.—There have been to date seventy one deaths amongst the Canadian forces. Six soldiers were killed in action with the 24th Battalion. The deaths from meningitis are twenty three. The epidemic it is believed, is now under control and the health of the troops at Salisbury Plain is greatly improved.

Toronto, Ont., Jan. 29.—A Globe cable from Salisbury says: "Captain K. R. Marshall, Lieut. S. F. J. Smith, W. B. Lawson, R. H. Davidson, J. D. Kay, Col. K. H. Lakost of Hamilton, commanding the fourth battalion is also to accompany the regiment to the front. They will join late in the month." Col. A. H. Gorrell of Ottawa has been appointed to command the 24th Battalion. The Duke of Connaught's hospital at Cliveden, Brigadier-General R. C. B. Lawrence has been appointed senior general staff officer of the Canadian Division. Col. Victor Williams will leave the hospital tomorrow.

Lance Corporals Sweet, Wyatt and Boyd and Privates Wilkinson and Sweet left for France yesterday. Color Sergeant Radcliff of the 48th has joined the Devonshire Regiment.

An early move of the Canadians to the front is indicated.

Losses of Germans Enormous

Amsterdam, Jan. 29.—Prussian casualties up to January 21 had reached the enormous total of 988,960, according to figures published by the Nieuwe Rotterdamse Courant.

"This total comprises killed, wounded and missing, the wounded numbering 615,059. Of these about forty per cent have already returned to the front. To the total of 988,960 will have to be added 140 Bavarians, 80 Saxons, 99 Westphalian and fourteen naval casualty lists to show the complete losses of the Teutonic armies."

LONDON SERVANTS GIVE ADVICE TO MISTRESSES

Leaflet Suggests Cutting Out Lard, Dog Expense and Luxuries of Bridge, Smoke and Expensive Wines

London, Jan. 29.—(Correspondence of the Associated Press)—In reply to a leaflet offering advice as to how domestic servants can help Britain, the servants of the fashionable west end of London have issued a pamphlet of advice to mistresses, suggesting that they:—

- 1.—Wear less expensive clothes.
- 2.—Spend less in bridge, teas and matinees.
- 3.—Quit pampering lapdogs.
- 4.—Smoke less, drink less expensive wines and eliminate foods out of season and hot-house luxuries from the table.

The servants point out that the money spent on a lapdog, which is a delicate animal and always needing the services of a veterinary, would support a starving and freezing child. Spare rooms in the house could be turned over to convalescent soldiers. Knitting is more valuable to the country than bridge, teas and matinees.

A mistress, the servants say, never thinks of these things in considering means of economy. Her idea is rather to curtail the small part of the servants' wages to reduce the number of the staff, putting the extra work on the others. It would be well, says the reply, to reduce the lap dog's allowance of chocolates before cutting down on the amount of sugar given the servants. Similarly, the money spent in the lighting and heating of clubs would more than pay for the heating of servants' cold rooms.

SURPRISE PARTY

A merry party numbering about eighty-five assembled last night at the home of Mrs. E. C. Morel, 288 Gormain street, tendering her a pleasant surprise by presenting to her a handsome necklace set with pearls and amethysts. The presentation was made by Sergt. Taylor, in behalf of the gathering. There were games, music and dancing. The committee in charge was composed of Mrs. C. W. Morel and Elmer E. Morel.

A PRESENTATION

About twenty-five friends called at the home of Mr. and Mrs. Herman F. Tapley, 31 Guilford street, West End, last evening, and presented to Miss Margaret Russell and Frank Hersey an umbrella stand and silver bread tray in honor of a nuptial event to take place in the near future. The presentation was made by John Russell. A most enjoyable evening was spent with games and music.

JAMES HOWARD INJURED

Friends of James Howard, inspector of plumbing, will regret to hear that he met with a painful accident last evening. He was going around the corner of Main and Elm streets to his home when he slipped on the icy sidewalk and struck on the back of his head, sustaining a bad scalp wound. He was carried into Durick's drug store, semi-conscious, and later removed to his home in Elm street, where Dr. C. M. Pratt attended to his injuries.

BUYING ARMY HORSES

(Frederick Glover)

Two carloads of horses, purchased in Carleton county by Mr. R. S. Starr, of Port Williams, N. S., purchasing agent for the maritime provinces for the Remount Commission, have been shipped here for the 28th and 24th Overseas Batteries of Field Artillery.

Upwards of thirty horses have been purchased in Carleton county, and the first carload was shipped last night from Florenceville by C. P. R. The second lot are being sent from Woodstock, and will probably cover over the St. John Valley Railway, arriving here tomorrow morning. The horses will all be taken to the stables at the Trotting park.

The total number of horses now purchased for the two batteries mobilized here is in excess of fifty, and Purchasing Agent Starr, who will be here tomorrow with his staff, expects to pick up an additional number in this city and district. The immediate requirements of the two batteries are about eighty horses, while four saddle horses for the use of the officers are all being requisitioned for the Ammunition Column so far.

Victor Hugo's Modesty.

The following story is told about Victor Hugo, who one day received a letter bearing an address of a single line, "To our supreme poet."

Hugo carried the letter to Lamartine. "Here, my dear friend," he said, "is a letter which certainly is intended for you."

After a long and extremely courteous discussion, which resolved itself into a combat of flattery, it occurred to him to break the seal, which they did, and read, "My Dear Alfred."

The letter was for Alfred de Musset, and came from Alexandre Dumas, senior, who in a mischievous mood had conceived the joke and put it into execution. We are told that Lamartine smiled, but that Hugo, who did not relish the turn of affairs, made no comment.

Some time later, Clovis Hugues asked the author of "Hernani," "Sir, who in your opinion is the premier poet of our time?" and received the following reply: "The second is Mons. de Lamartine, and the third is Mons. de Musset."

Hardy Sheep.

The merino sheep in Australia has established a record in wool values. Top prices are obtained for the fleece, and the comparatively dry season in certain parts of the Commonwealth has shown that not only is the merino valuable as a wool producer, but that it is able to stand unfavorable weather. At one station in South Australia the whole of the grown sheep shorn—more than half of them breeding ewes—averaged 12 lb. 8 oz., and the ewe's hoggs, not including studs, averaged over 12 lb. Fifty studs and selected two-tooth rams averaged 16 lb. 7 oz. The older rams cut up to 25 lb. This has been one of the worst seasons the oldest native can remember in this particular district.

Tomato Soup

One quart can of tomatoes, 1 pint of hot water. Let come to a boil. Melt 1 tablespoon of butter, blend with 2 heaping tablespoons of flour, stir into boiling mixture and add seasoning. Boil for 15 minutes and strain.

THE NEW TAXES

There has been considerable active buying locally in different staples in the grocery and provision market this week, owing to the rumors with regard to the possibility of war taxes being placed on certain lines. Although not the slightest intimation has been received as to what the government proposes to do, the market for St. John was elsewhere, has stiffened considerably in a variety of ordinary staples.

According to wholesale dealers and agents, pending further guesses in the matter, after a certain study of the situation, among the lines to be taxed may be tea, coffee, liquors, tobaccos, oranges, lemons, dried fruits, spices, and one or two other articles. There are some however, who remain dubious as to sugar will not again be taxed, owing to having shared in the first war tax imposed in September, 1914, and the belief is almost unanimous that tobacco, liquors, tea and coffee will have a tax attached.

Sergeant Ross testified that he entered the restaurant and saw two men drinking beer. He identified the other from a glass. He found six empty liquor bottles in a back room. Police Constable Hamm and Privates Blake and Peterson were also present. The case was adjourned until next Wednesday morning.

When he was being taken below he dramatically resisted and asked to be sent to jail, as he would not go back on the ship.

On Monday the vaudeville novelty will be Wilson & Larsen, comedy acrobats, also DeWitt Cairns in patriotic songs, the "Terence O'Rourke" series entitled "The King and the Man," etc. The next big mid-winter feature is the Broadway show, "How to Succeed in Business Without Really Trying," the play "The Banker's Daughter," by the same people who put on "The Greyhound."

THE SCHOOL ESTIMATES TOO LATE FOR CLASSIFICATION

Mayor Will Oppose Granting Full Amount—Speaks of Legislation

The refusal of the school trustees to reduce their estimates by \$10,000 as requested may lead to interesting developments. Mayor Frink said today that the city's estimates have been completed and he expects no change in them to school board and the civic assessment for the latter body will be as already agreed upon.

His Worship recognized that the school board has unusual powers in such matters but said that if they sought to enforce any demand for a greater amount than the city can provide he would recommend that the claim be contested.

One of the reasons why the council could not effect the economies asked for by the citizens, the mayor said, was that more than half the assessment was expended by other boards and commissions over which the council had no direct control. So far as he knew there was not another city in the dominion in this position and he did not see why St. John should be so placed. If the present conditions did not work out any better it would be more than possible, he said, that the city would apply for legislation to secure control of all these funds and make the payments direct from the chamberlain's office.

"If the controller can make great economies in these expenditures as he has done in connection with city finances I would like to see him given the opportunity," said the mayor.
