ing balsamic fumes take the sting out of

throat trouble if you use Catarrhose.
It is guaranteed to make you well.
"My head used to fairly split with an
awful pain over the eyes.
"It was always worst when my catarrh
was bad. I had the meanest sores and
crusts inside the nose, and continually
coughed, both day and night. The first
day's use of Catarrhose made a grand
improvement. Every hour I felt better.
Catarrhose cured me perfectly."
"O. F. DINGMAN,
"Cordova, Ont."

JAP PROLETARIAT VS. BUREAUCRACY

Masses Without Votes Fighting
For Share in Government—
Regard Present System as Im-
portation From Germany

Tokio, March 12.—The general elec-
tions, which will be held on March 28,
and in preparation for which the whole
empire is now in the throes of a polit-
ical campaign, are to see one of the
most significant contests between bu-
reaucracy and democracy that the na-
tion has yet experienced. The chief
idea of the average elector in this
struggle is to strike a blow at clan gov-
ernment, more especially interference in
politics by the older statesmen. The
power of the bureaucracy has come to
be all the more resented in Japan since
the beginning of the war with Ger-
many, for its method of government is
regarded as a direct importation to Ja-
pan from that country, and many Ja-
panese feel that if it has its way much
longer Japan will experience the same
fatal results that it has had in Ger-
many.

It will be an uphill fight for democ-

HOW THIN PEOPLE CAN PUT ON FLESH

A New Discovery
Thin men and women—that big,
heartily, filling dinner you ate last night.
What became of all the fat-producing
nourishment it contained? You haven't
gained in weight one ounce. That food
passed from your body like unburned
coal through an open grate. The materi-
al was there, but your food doesn't work
and stick, and the plain truth is you
hardly get enough nourishment from
your meals to pay for the cost of cool-
ing. This is true of this folks the world
over. Your nutritive organs, your func-
tions of assimilation are sadly out of
gear and need reconstruction.

Cut out the foolish foods and funny
sawdust diets. Omit the flesh cream rub-
one. Cut out everything but the meals
you are eating now and eat with every
one of those a single Sargol tablet. In
two weeks note the difference. Five to
eight good solid pounds of healthy,
"stay there" fat should be the net result.
Sargol changes your weak, stagnant
blood with millions of fresh new red
blood corpuscles—gives the blood the
carrying power to deliver every ounce of
fat-making material in your food to
every part of your body. Sargol, too,
mixes with your food and prepares it
for the blood in easily assimilated form.
Thin people gain all the way from 10 to
25 pounds a month while taking Sargol,
and the new flesh stays put. Sargol table-
ts are a scientific combination of six of
the best flesh-producing elements known
to chemistry. They come 40 tablets to a
package are pleasant, harmless and in-
expensive, and all druggists sell them
subject to an absolute guarantee of
weight increase or money back.
