EXPECTS ACTION RE CATTLE SHEDS SOON

Hon. W. E. Foster Home From Ottawa—No Statement on Political Situation

Hon. W. E. Foster, Secretary of State, returned this morning from Ottawa, where he had been attending a meeting of the Dominion cabinet.

In connection with the letting of the contract for the extension to the cattle sheds in West Saint John, the tenders for which closed on October 21, Mr. Foster said he expected favorable action at an early date.

Commissioner Bullock, in speaking of the extension of the cattle sheds, said that any future construction along the harbor front should be of fireproof material in order to lessen the fire hazard. The linking up of sheds, as had been done in the extension of the potato shed and was proposed with the extension of the cattle shed, made fire fighting more difficult, he said.
