Keeping Fit

It is because of the war that the perfect physical man has all at once become the idol of the world. You can make of yourself, even rather late in life, almost anything you like. You are not going to get fit in one day, one month, or perhaps, a year, unless you take enough outdoor exercise to keep the circulation going and practise the athlete's first principle—to keep the system clean. He does not give his body a chance to absorb poisons. He not only takes his cold shower, after exercise, but he knows a cleansing of the intestines is important, and he takes occasionally a good regulator and liver cleanser, such as a dose of castor oil, or what is much better, a tiny pill made up of May-apple, aloin and jalap, and sold by almost all druggists in the land as Dr. Pierce's Pleasant Pellets.

Keep the kidneys in good order also. Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store. Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, sick-headaches, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night. Take heed, before too late! Get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package of "Anuric."

MILLERAND TO BE ELECTED TODAY

Paris, Sept. 23.—Members of the French senate in a chamber of deputies convened in national assembly at Versailles today to elect a president. The name of Alexandre Millerand, who since last February has been premier and minister of foreign affairs, was the only one to be presented formally and the meeting was looked upon as merely a formality. Immediate inauguration of the new president was decided upon by government officials. This was considered necessary as the republic for two days has been without an official head. M. Drachmann's resignation was formally accepted on Tuesday and in the interim governmental responsibilities were carried by the cabinet. It is expected the name of the new ministry will be announced tomorrow.

SAYS PROHIBITION DRIVES HIM AWAY

New York Art Dealer Goes to Paris to Live—Declares There Will Be Change.

Newport, R. I., Sept. 23.—"I am driven out of the United States by prohibition," declared A. L. Audrain, senior member of A. J. Audrain and Company of New York, who yesterday sold his summer residence here, which he has occupied for fourteen years. He will leave for Paris to re-join his wife and five children, whom he has been visiting in the principal industries, and has played golf and tennis as a relaxation. He is expected to return to New York on Sunday after divine service and later visited soldiers stationed here, chatting freely with the men. His democratic attitude has been very pleasing to the people, with whom he has conversed on many occasions. Dimers are being given members of the crew of the cruiser Benbow, which is returning with the price from Australia and New Zealand.

BOSTON GIRL ENGAGED TO RUSSIAN NOBLEMAN.

Miss Clarissa P. Curtis Will Wed Prince of Russia.

Nahant, Sept. 23.—The engagement of Miss Clarissa P. Curtis, daughter of Mr. and Mrs. Thomas Pelham Curtis of 447 Beacon street, to Prince Michel Cantacuzene, who is also Count Speransky, a Russian nobleman, was announced at a reception held at the Curtis summer residence at Pelton, N. H., last night. Miss Curtis made her debut in her winter of 1917 at a ball given in her honor by Mrs. William Lindsey, at which time several other Boston young women were introduced. She is a member of the Chilton Club. An older brother, Thomas J. Curtis, is a sophomore at Harvard, and a younger brother, Herbert Pelham Curtis, is captain of the football team at St. Mark's school. Prince Cantacuzene is a son of Prince and Princess Cantacuzene (Julia Grant) of Russia. The young couple met about two years ago when the prince entered Harvard, his family coming from Russia.

RUTHENIAN BISHOP SEEKS NATURALIZATION

Winnipeg, Sept. 23.—Right Rev. Nicetas Bue Bishop of the Ruthenian Catholics in western Canada, made application yesterday in court before Mr. Justice Curran for naturalization. The case was referred to the secretary of state on the question of nationality. Bishop Budka said he was confident the secretary of state would grant the naturalization.

A STRONG TICKET FOR CHARLOTTE

Messrs. Scovil, Mann, Kennedy and Lawrence to Carry Government Standard.

St. Stephen, Sept. 22.—Four strong and popular men were chosen as the government standard-bearers at the convention here today. They are John W. Scovil of St. Stephen, Harry W. Mann of St. Stephen, Frank Kennedy of St. Andrews and Hugh R. Lawrence of St. George. There was a large attendance at the convention from every part of Charlotte county. The outlook for a government victory in this constituency is very bright, due to the impression made on the public by the progressive administration of the former government. There is a strong feeling among many of those in Charlotte county who have not previously been supporters of Hon. Mr. Foster's party that the government should be continued in office and enabled to carry out the policies which are doing so much to advance the interests of the people. Geo. S. Byron of St. Andrews was the chairman of the meeting and in a few opening remarks expressed pleasure in presiding over such a large gathering. David Mann, St. Stephen; Brooks Winchester, Grand Manan; Will Holt, St. Andrews; and Walter Lyonn, St. George, were appointed a nominating committee and brought in the names of John W. Scovil and Harry W. Mann of St. Stephen; Frank Kennedy of St. Andrews; and H. R. Lawrence of St. George as candidates to represent the government in the coming election. Each of the men selected gave stirring addresses expressing the belief that Charlotte county, which had formerly been opposition, would in this election be strong supporters of the good policies of the local government. Other speakers were B. M. Hill, chief road engineer; Lewis Winchester of Blacks Harbor; Brooks Winchester of Grand Manan, and Dr. Dyas of St. Stephen. John W. Scovil of St. Stephen, one of the provincial government candidates nominated yesterday in Charlotte county, was formerly a resident of St. John, where he learned the dry goods business with a large retail house. After removing to St. Stephen he went into business on his own account. Mr. Scovil was born in St. John about fifty years ago, the son of the late Henry Augustus Scovil. His mother was a sister of the late Sir Albert J. Smith, for many years Liberal member of parliament for Westmorland and a member of the Mackenzie cabinet. He is a first cousin of Hon. Dr. E. A. Smith, formerly minister of lands and mines.

SOME TORONTO MEN PREDICT LOWER PRICES

Clothing Outlook for Spring, Though They Say English Woollens Will Not Drop.

Toronto, Sept. 23.—Clothing prices will come next spring according to several clothiers in this city, although they say the price of English woollen will not drop. One prominent clothier yesterday said that while his profits never had been smaller than at present he would reduce his price because he had a large stock of clothing and had to dispose of it. Another attributed the cause for the prospective lowering in price to the fact that the public had rebelled against the high price.

PRINCE RETURNS TO PORT OF SPAIN

Port of Spain, Sept. 23.—The Prince of Wales, who has been visiting Georgetown, British Guiana, is expected to return here this morning, and will spend the day and evening ashore. He will leave on Friday morning for St. George, the seat of the government of the Windward Islands colony. Since his arrival here the prince has been very active. He has visited the principal industries, and has played golf and tennis as a relaxation. He is expected to return to New York on Sunday after divine service and later visited soldiers stationed here, chatting freely with the men. His democratic attitude has been very pleasing to the people, with whom he has conversed on many occasions. Dimers are being given members of the crew of the cruiser Benbow, which is returning with the price from Australia and New Zealand.

UNITED FARMERS' CONVENTION ON SEPTEMBER 28

Fredericton, Sept. 22.—The convention of the United Farmers organization in York County advertised for today at the county court house did not materialize. There was a gathering there this afternoon, some being from the city and expecting to witness nomination proceedings but it was announced that there had been a misunderstanding and the meeting was merely an executive meeting and not a nomination convention. Douglas Clarkson of Nashwan, president of the county organization was chairman and Clarence Goodspeed was appointed secretary pro tem. The announcement was made that the U. F. convention for York for the purpose of nominating candidates would be held in Fredericton on Tuesday, Sept. 28.

ARMED GUARDS INCREASED ON ROCKEFELLER ESTATE.

A dozen extra guards, bringing the total number to forty, have been placed on duty in and about John D. Rockefeller's Pocantico Hills estate since the newspaper published a report that the Wall street explosion. A Tarrytown newspaper published a report that this added precaution was taken because Mr. Rockefeller, who is now on the estate, had received a threatening letter, but no confirmation of this could be got. The guards are patrolling the County House Road, the Bedford Road and both inside and outside the stone walls on either side of a mile and one-half of the tracks of the Putnam division of the New York Central Railroad, which run through the estate. Automobiles have seen the men on the roads outside the estate as late as 10:30 o'clock at night. Contrary to the usual custom, the guards in the daytime are armed with repeating rifles. Access to the grounds is unusually difficult, and any one who does gain entrance can progress but a few feet beyond a gateway before he finds himself accosted by two of the armed men.
