

Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit.

Send No Money—Just Your Address.
Years of awful suffering and misery have taught this man, Mark H. Jackson, of Syracuse, New York, how terrible an enemy to human happiness rheumatism is, and have given him sympathy with all unfortunate who are within its grasp. He wants every rheumatic victim to know how he was cured. Read what he says:

"I Had Sharp Pains Like Lightning Flashes Shooting Through My Joints."
In the spring of 1898 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have known, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.
I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply fill out the coupon below and I will send it free to try. After you have used it and it has proven itself to be that long-sought-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mr. Jackson is responsible. Above statement is true.

MARITIME UNION URGED.

A most interesting address was delivered by F. A. Dykeman to the Maritime men of the Y. M. C. A. last evening at their bi-monthly supper. His topic was Maritime Union or Political Aspirations.
Mr. Dykeman made a strong plea for the union of the maritime provinces, holding that they would increase materially in effectiveness in the federal house. The address was greatly appreciated, and the gathering dispersed after singing the National Anthem.

HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

"That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold."
Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This brings back the natural color and lustre of your hair.
Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it, and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and another application it becomes beautifully dark and appears glossy and lustrous.

WOMAN SO ILL COULD NOT WALK

Lydia E. Pinkham's Vegetable Compound Restored Her to Health.

Perth Amboy, N. J.—"For three years I suffered with a severe female trouble, was nervous, had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in a newspaper, and tried it. Now I am better, feel strong, have no pains, backache or dizzy spells. Every one tells me how well I look, and I tell them to use Lydia E. Pinkham's Vegetable Compound—that is what makes me feel well and look well. I commended it to my sister and she is using it now. You can use this letter if you wish, for it is certainly a grand remedy for a woman's ills."—Mrs. MARTHA STANISLAWSKI, 524 Penn St., Perth Amboy, N. J.

For forty years Lydia E. Pinkham's Vegetable Compound has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

SAFE HOME FROM HANDS OF TURKS

Lieut. Travers Williams-Taylor Was Prisoner for One Year in Mesopotamia

(Montreal Gazette.)

In the four and a half years that have elapsed since he left the Royal Military College at Kingston and went to Valcartier camp as orderly officer to Col. Victor Williams, Lieut. Travers Williams-Taylor has seen service in France with the Canadian 1st Division, then on the same front with an imperial cavalry regiment, after that in Mesopotamia, and finally has spent a year as a prisoner in the hands of the Turks in Anatolia on the way to Bagdad. Now he has arrived home in safety and also in good health, though at one time he was wounded and was in hospital for some time, and he was also hurt at the time of his capture. To some extent the experiences of Lieut. Williams-Taylor have been outlined in the statement made by certain officers who have declared that "the Turk is a gentleman compared with the Hun," for he said that he did not receive any bad treatment. On the other hand, he states that many others were very fortunate, and that many British officers and men were horribly treated, and that in the long marches over the desert men were left to die if they fell out. The Turks got over the food problem by leaving it to their prisoners to buy their own food, and there were no Red Cross food parcels available in that part of the world. Occasionally there was a distribution of clothing by the Dutch legation in Constantinople.

On going overseas Lieut. Travers Williams-Taylor was for a time A. D. C. to Major-General Alderson, who at that time was in command of the 1st Canadian Division. Transferring to the 2nd Hussars (the Little-Whites) of the imperial army in the second year of the war, he accompanied that regiment when it was sent to India. The regiment was sent to take part in the Mesopotamian operations, and took part in the recapture of Kut. While the army was moving on to Bagdad, Lieut. Williams-Taylor was wounded and missed part of that march, being for some time in hospital, but he recovered and rejoined his unit. In that part of the war zone the cavalry brigades had more opportunities than on the western front, and they experienced some strenuous times riding day and night in all extremes of weather.

It was in November of 1917 during an attack by the British forces upon some trenches held by the Turks that Lieut. Williams-Taylor was captured. In full face of enemy fire, the Hussars rushed the trenches. "I got across with my captain, but he was killed," said Lieut. Williams-Taylor. "At the same time my horse was shot under me, and as I was pinned down, the Turks came. A rifle bullet passed through my left shoulder at close range and I was hit on the face and head by the butt-end of a rifle. After spending some time in hospital, I, together with a R. A. F. prisoner, was moved to Aleppo, and from there we left for an internment camp at Abu Kara Hissar (which means "The Black Castle Among the Poppies"). This was in Anatolia on the main railway line to Bagdad running south from Constantinople. At this camp there were about 100 imperial and Australian officers. I was there from January, 1918, up to the cessation of hostilities. Our release came before the signing of the armistice, as the Turks were beginning to give in before the German surrender came."

PRESENTATION TO I. C. R. TRAFFIC MANAGER

Moncton, Jan. 23.—(Special)—D. A. Story, freight traffic manager of the Canadian Government Railways, is retiring after fifty years of service. Mr. Story on Wednesday was presented a beautiful, illuminated address accompanied by a handsome scarf pin with diamond and platinum setting, and Mr. Story was also presented with a beautiful ring with diamond and platinum setting. S. L. Shannon, comptroller and treasurer of the Canadian Government Railways, read the address and made a presentation on behalf of the officials of the railway system. Mr. Story thanked the donors on behalf of himself and Mrs. Story. Short speeches were made by L. V. Brown, general superintendent; A. J. Weidner, assistant freight agent, and Owen Cameron, freight claims agent. Mr. Story was also presented with a travelling case from the freight traffic staff of the C. G. R. The address was read and presentation made by P. A. MacGowan of the freight traffic manager's staff. The county council in session at Dorchester this afternoon elected W. H. Price, of Moncton, valuator in place of P. C. Robinson, resigned.

A HOME MADE GRAY HAIR REMEDY

You Can Make at Home a Better Gray Hair Remedy Than You Can Buy.

Gray streaked or faded hair is not only unbecoming, but unnecessary. You can darken it without using dye. "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add 1 ounce of bay rum, a small box of Olex Compound and 1-4 ounce of glycerine. These ingredients can be bought at any drug store at a very low cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. It is not a dye, it does not color the most delicate scalp; it is not sticky or greasy and does not rub off."

Unsightly pimples and blemishes on the face are sure signs that the skin and blood need the purifying and strengthening action of

Cold-Sores

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblain, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night. Zam-Buk's rich healing essences will sink into the wounds, and the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. While I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I used Zam-Buk, and it succeeded when all else had failed. It closed the cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Zam-Buk also cures chafing, rashes, wetness, eczema, itching, ringworm, etc., cuts, burns, scalds, frost-bites, etc. It is a sure cure for all skin troubles. Price 60c a box.

WATTERS WILL GO.

Ottawa, Jan. 23.—(Special)—To represent Canadian labor at the workers' peace convention parties have refused J. C. Watters, former president of the Dominion Trades and Labor Congress, and acting on behalf of the congress executive, Tom Moore, president, has turned down Mr. Watters' request to go to Europe as one of the congress representatives. But Mr. Watters is not worrying. "I'm going anyway," he told the Ottawa press today, "and this afternoon I am leaving for London as the first officer of the Trades and Labor Congress of Canada as its fraternal delegate to the international labor peace congress."

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul, gassy, head, acid stomach, can, instead, feel as fresh as a daisy by opening the pores of the system each morning. Flushing out the whole of the internal poisonous stagnant matter. Everyone, whether sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestion, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. The millions of people who are bothered with constipation, biliousness, indigestion, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

TELLS DYSPYPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should either one of two things. Either they can go on a limited and disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisulphate of Magnesia in their meals. There is probably no better, safer or more reliable stomach antacid than Bisulphate of Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and beautifully without need of peptic pills or artificial digestants. Get a few ounces of Bisulphate of Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or effervescent. The bisulphate form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

NEWS OF THE SOLDIERS

Among those decorated by the king with the Military Cross at a recent investiture at Buckingham Palace, was Lieutenant Hubert Henderson, of St. Stephen (N. B.). Lieutenant Henderson went overseas with the 104th Battalion and was afterwards transferred to the 26th N. B. Battalion. While serving with that unit in France, he was severely wounded at Amiens.

The Acquintance with more than 5,000 Canadian soldiers on board, included in which is 208 for St. John, sailed from Liverpool on Saturday for Halifax. The Great War Veterans' Association of Halifax has started a campaign to raise \$50,000 to provide a home. The secretary has written the board of control requesting assistance.

The weekly social for soldiers and sailors was held last evening in St. David's church. Sergeant-Major Ellis acted as the chairman. Those taking part in the programme were Misses Johnston, Teed, Beveridge, Roberts and Hunter and Mr. Delaney.

Lieutenant Murray, who for several months has been district recorder officer for M. D. No. 7, has been promoted to be captain.

Word has been received from Scotland that Captain G. H. Flewelling of Perry's Point, N. B., has been promoted to be major. He went overseas as a member of No. 2 Forestry Company.

Ottawa, Jan. 23.—The militia department has received word that the steamer Megantic is now on her way across the Atlantic with 1,015 persons on board, whom 808 are soldiers and 692 civilians. It is expected that the Megantic will arrive at Halifax on or about Jan. 30.

Burned to Death.
Mrs. Bernard McIsaac of New Glasgow was burned to death in her home in Trenton road yesterday. While lighting a fire her dress caught from a spark. Besides her husband, she leaves one little child.

RACEY'S CARTOONS TELL HISTORY OF WAR

The cartoons of A. G. Racey are famous. They touch the spot every time whether that spot be a patriotic one, a humorous one or one calculated to make a stone shed tears; and Mr. Racey last night at the Imperial theatre proved himself as clever and taking a speaker as he is an artist. Before a thronged house he presented his two hundred cartoons giving the history and story of the war in the most impressive fashion. Repeated hearty applause and much hearty laughter greeted his words and his drawings and St. John would have much to thank the Women's Canadian Club for if it had never brought another lecturer than Mr. Racey to the city.

Mrs. G. A. Kurling, the president of the club introduced the lecturer and in the introduction between the two parts of his address Mrs. T. J. Gunn, violinist, part in the programme were Misses Johnston, Teed, Beveridge, Roberts and Hunter and Mr. Delaney.

WINNIPEG LEGISLATURE

Winnipeg, Jan. 23.—Manitoba women's recently-obtained political equality will produce changes in the laws of the province, according to the speech from the throne delivered by the Lieutenant-Governor of Manitoba, at the opening session of the fifteenth legislature, this afternoon, declared.

"Several amendments will be submitted for your consideration emanating from the statutes of the province various provisions which expressed the inequality formerly existing in this regard," he said.

STOLE PELTS WORTH \$4,500.

Moncton, Jan. 23.—The chief of police was notified last night from Salisbury that about \$4,500 worth of fox pelts had been stolen. Between 6 and 8 o'clock this evening thieves managed to steal fifteen pelts valued at \$800 each, from the Salisbury Black Fox & Fur Company, which is in Albert county, across the river from Salisbury. The thieves also attempted to burn down the ranch house, but their plans were frustrated.

The governor spoke briefly of the reconstruction problems that lay ahead. There were the usual ceremonies attending the opening of parliament.

PROHIBITION AMENDMENT RATTIED.

Albany, N. Y., Jan. 23.—After a debate lasting nearly five hours, which was preceded by a Republican caucus in which it was made a party measure, a resolution to ratify the federal prohibition amendment was adopted by the assembly of the New York legislature late today. Action on the resolution probably will be taken by the senate early this week.
