LAW SCHOOL STUDENTS DEBATE AND BANQUET

The annual debate and banquet given by the Law Students' Society of the King's College Law School was held Saturday evening at 8 o'clock. The debate was held in the hall of the law school, the Pugsley building. J. F. Pringle, the vice-president, in the chair, the question being: "Resolved, that the international peace of the world can be maintained by arbitration." On the affirmative side were A. E. Carter, P. N. McLaughlin, and E. J. Chambers, and on the negative side were C. J. Melville, Lawrence Manning and B. B. Jordan. The judges of the debate were Judge H. O. McInerney, F. R. Taylor, K. C., and J. D. P. Lewis. The debaters touched on all points of the question. The affirmative showed that the question was not one that could have been decided in the past, but was one of the immediate future, and their argument was based on the articles that have recently been drawn up for the league of nations for the maintenance of the international peace of the world, and also argued that those articles were an enlargement of the Monroe doctrine. The negative, in order to show that the question was not, and never could be decided in the past, and their argument was based on the articles that have recently been drawn up for the league of nations for the maintenance of the international peace of the world, and also argued that those articles were an enlargement of the Monroe doctrine. The negative, in order to show that the question was not, and never could be decided in the past, and their argument was based on the articles that have recently been drawn up for the league of nations for the maintenance of the international peace of the world, and also argued that those articles were an enlargement of the Monroe doctrine.

On the conclusion of the debate the present adjourned to Bond's restaurant in Charlotte street to partake of the splendid repast prepared for the evening. After the dinner was finished, cigars were passed around and a social smoke and chat were enjoyed. After the judges had conferred, a decision was reached, two of the judges, Mr. Taylor and Mr. Lewis, deciding that the negative had the better argument, but Mr. Taylor, in giving the decision, said that the question here had been so carefully gone into and each point had been so convincing that the argument had been almost a draw. Judge McInerney, who was in favor of the affirmative, also declared that the arguments on both sides were very strong and that the margin was hardly large enough for a decision. The next feature of the evening was the proposing of the toasts. After the glasses were filled, the following toasts were proposed: The King, by Ralph Hewson, chairman of the national committee, after which the national anthem was sung. Our Guests, the Faculty, was proposed by J. F. Fawley. J.

Roy Campbell, D. C. L., the secretary of the Law School, responded, and in his address related some of the history of the school with which he has been connected for more than twenty-seven years. Dr. Campbell expressed the regret of the faculty and of the whole student body that the former dean, Dr. Silas Alward, was not able to be present on account of illness. He said that Dr. Alward had always taken a very keen interest in the law school and when the students were going to King's College at Windsor for the purpose of receiving their degrees, Dr. Alward always accompanied them. Dr. Campbell made a few appropriate remarks concerning the late Dr. Earle, the first dean of the law school, the interest he had always taken in the school and how he had worked in order that the school might be a success. Before proposing the toast to our

Alma Mater, Mr. Hewson, a graduate of King's College at Windsor made a few remarks about the home institution, and hoped the friendship now existing between the college in Windsor and the law school in St. John would become more pronounced in the future. J. F. H. Teed, B. C. L., also a graduate of the law school at Windsor, responded, and in his address described to the students the buildings and surroundings of the home institution. In further response to the toast, Mr. Lewis made a few fitting remarks. The gathering dispersed shortly before ten, and another meeting of its

Only the Rich Can Afford Cheap Tubes

That's not a paradox. For the worth of a tube is not to be measured by its life alone. Of greater import is the assistance it renders the tire. Can you afford to risk a high-priced casing to save a few cents or a few dollars on the tube within it? You may buy for two or three dollars a tube that will actually cost you \$10 or \$15 by spoiling tires.

Canadian motorists must face this question if they wish to keep tire costs down. Goodyear could produce a low-priced tube—perhaps the lowest priced on the market. But Goodyear will not do it—because to use the world-wide reputation of Goodyear Tires overshadows a small difference in tube prices.

So Goodyear Tubes are built to a more expensive standard. Built up of many thin sheets of fine flawless rubber—with the valve patch vulcanized in. And so much better are these tubes that motorists buy more of them than of any other brand.

To provide even greater tube service, Goodyear has produced the Heavy Tourist Tube—extra thick and extra good—a tube of heaping value, even at an extra cost.

When you buy tubes, say "Goodyear"—distinctly. And if you buy the Heavy Tourist—see that you get the handy waterproof bag it comes in. Box, bag and tube are stamped "Heavy Tourist."

kind is looked forward to in the near future. It is hoped that it may be changed from an annual banquet to a semi-annual or tri-annual. The following members of the faculty were present: Dr. J. Roy Campbell, Judge H. O. McInerney, F. R. Taylor, J. D. P. Lewis and also J. F. H. Teed. The students present were: A. Carter, C. J. Melville, Lawrence Manning, E. J. Chambers, P. N. McLaughlin, B. B. Jordan, J. F. Fawley, F. W. W. Bartlett, Mr. Goldberg and Ralph Hewson.

THANKS K. O. P. FOR \$601 FOR THE PROTESTANT ORPHANS

The following letter speaks for itself: To the Knights of Pythias of St. John: Gentlemen—It is with pride and great pleasure that I acknowledge the receipt (through your treasurer, K. C. Thomas) of \$601 from your organization. Pride in the knowledge that the Protestant Orphans' Home has so staunch a friend and supporter as your splendid body has proved to be, and pleasure that your practical support is ever increasing in aid of the good work being carried on in our home. There is today great need for increased work in caring for a larger number of unfortunate children and if our home was only linked up with a few organizations with the same splendid spirit and loyalty to the cause of homeless children that the Knights of Pythias has developed and is living up to, there would be no hesitation in greatly enlarging our efforts to meet the imperative demands that exist today and which must be met in the very near future.

Again on behalf of our board I thank you gentlemen, for your most acceptable and very generous contribution. I remain, your sincerely, H. C. HANKINS, Treasurer. The St. John Protestant Orphans' Home, St. John, N. B., March 1, 1919.

Rev. C. W. Follett, rector of Simonds, preached a very interesting sermon last evening at the Mission church of St. John Baptist. His subject was Grace, and during the course of his discourse he spoke of the necessity of missionary work, pointing out that the church and the Christian religion were not for English-speaking peoples alone but for all races, including those of the Jewish religion. He said that the church was justified in endeavoring to convert the Jews. He declared that those who did not believe in missions were recreant to the cross of Christ.

VITAL DECISION IN NEXT THREE WEEKS

Labor M.P., Railway Union Secretary, Discusses the Situation in England

London, March 2.—Addressing a mass meeting at Watford, Hon. J. H. Thomas, labor M. P. and general secretary of the National Union of Railwaymen, said:—"The next three weeks may determine whether our country, after emerging successfully from the world war, can avoid an industrial dispute whose consequences may be almost as dangerous as defeat by Germany. It is essential that all classes should understand the situation and, without class prejudice or bias, recognize the responsibility which they cannot escape."

"For four years the industrial life of the country has been conducted on borrowed capital, which has created an atmosphere fatal to sound economic progress. You will have to do what the nation must do—retrench and build up your losses as soon as possible."

Regarding the railway situation, Mr. Thomas said that three courses were open—the shareholders must have less, the public must pay more, or the state must subsidize the concern. The real difficulty of the moment was to find a permanent standard, owing to the variable and abnormal cost of living. There must in a democracy be justice for all classes. A fatal mistake would be made by either side assuming that because the consequences are so terrible, the other side would give away.

PUPILS MUSICAL.
A very pleasing musicale was given Saturday evening at the home of Mrs. Bliss McLeod, Brandon cottage, Duke street, by some of the piano pupils of Mrs. Rayworth. Shock Left Her Weak and Nervous COULD NOT SLEEP

When the system receives a shock of any kind, the heart becomes weakened, the nerves unstrung, the appetite poor, faint and weak feelings come over you, you can't sleep at night, and you wonder if life is worth living.

To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

Mrs. J. J. Bunyan, Pilot Butte, Sask., writes: "I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over."

I had no flushes and fainting spells. When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on until I had used six boxes, when I felt like a different person."

I am never without them in the house and highly recommend them to all who suffer with their heart."
