### BUSINESS MEN TO HAVE DINNER

A Get-Together Meeting on Monday Evening in the Progress Campaign

Invitations were received this morning by a large number of business men and citizens to attend a dinner and get-together meeting in the Masonic Hall on Monday evening, Jan. 27. The dinner will be given under the joint direction of the board of trade and a citizens' committee, representing about twenty prominent business men of the city.

President J. M. Robinson of the board of trade and Herman V. Chase of New York will talk on "The Value of Organized Effort in a City's Advancement." Mayor Frink will also be a speaker.

The committee in charge are making a special effort to make this the most popular and interesting get-together meeting ever held in St. John. A heavy favorable comment is heard and present indications are that a large number will attend.

When things are done as they call it, and getting together expresses a condition of heart expected from every business man. "When things are done as they call it, and getting together expresses a condition of heart expected from every business man."

"Fast thinking about your city now and then, or doing things for it occasionally cannot bring about any lasting achievement. Spontaneous activity never put any town on the map and kept it there—never it takes the rich, red blood of initiative from a broad minded thinking force, co-operating and over-enthusiastically hammering all extraneous efforts rank as achievements."

"Perhaps the men of St. John do not realize the amount of resource and advantages possessed by the city, perhaps they have not exploited them because they are too busy with the business of the past and need not deter the success of the future—if they are engaged in the work of the present, they are not engaged in the work of the future."

### WEST INDIES GET READY FOR BIGGER TRADE BECAUSE OF OPENING OF THE CANAL

New York, Jan. 22.—A London cable says—

The influence of the opening of the Panama Canal on British West Indian trade was indicated by a statement of the colonial secretary in the House of Commons yesterday. Referring to a question as to what preparations were being made in the British West Indian Islands to cope with the expected development of shipping in the Caribbean Sea, consequent upon the opening of the canal, particularly in Kingston, Jamaica, where better coaling, docking and repairing facilities were available, the secretary said he had been informed that a Canadian syndicate was negotiating with the Jamaican government with a view of the provision of such facilities.

### THE BAPTIST MINISTERS

(Maritime Baptist)

Rev. C. T. Clark, Temple church, Yarmouth, has organized a troop of Boy Scouts.

Rev. R. Heine occupied the pulpit of the Leinster street church last Sunday, in the absence of the pastor.

Rev. W. Camp went to Northfield, Mass., last week, accompanying his daughter, who is entering the seminary there.

Rev. J. J. Barnes is now at Whiteshead, Grand Manan, having returned there on the 14th inst. after a visit to Massachusetts. He hopes for a period of successful work.

Rev. Benjamin H. Nobles, Victoria street church, this city, was the recipient Wednesday evening of a handsome traveling bag and a purse of gold, the gift of the young people of the congregation.

Rev. H. G. Mellick, Lawrence street, N. S., is so far recovered from his recent illness that he is able to take most of the regular services. His physician assures him that he will be healthier and stronger than he was.

Rev. W. H. Jenkins, Gibson, N. B., has accepted the call of the Havelock pastorate. Brother Jenkins has been two and a half years at Gibson, where he exercised a helpful influence and made many friends. The field to which he goes offers large opportunities for his earnest ministry.

Rev. Gideon Swinburne, who had preached in the George street church, Fredericton, the last Sunday evening, had not had time to preach there for thirteen years. He hopes to be able to visit one or more of his old pastorates in the Maritime county before spring. His health is fairly good, and he will be glad to supply vacant pulpits whenever there is any opportunity. His address is Petticoat, N. B.

### SAVINGS BANK MONEY IN SUIT

Tearc Administrator vs. Wm. S. Ewart—Important Judgment in King's Bench

The civil non-jury case of William John Stinson, administrator of the estate of Margaret Teare vs. William S. Ewart, was commenced in the circuit court this morning before Mr. Justice Landry. This is an action brought to recover \$600.00. The deposit in The Dominion Savings Bank in the joint names of Margaret Teare and William S. Ewart, the defendant, either or the survivor having power to withdraw. The former died on July 15, 1911, and the plaintiff was appointed administrator of the estate. Soon after the death the defendant withdrew the money from the savings bank and declined to give it up to the administrator. The plaintiff now seeks to recover this amount.

The defence is that the money was given to the defendant as a gift a year before the death of Margaret Teare, and further, that it was given as a donation for the benefit of the plaintiff's mother, the defendant's mother, and that the defendant is entitled to the money.

J. B. M. Baxter, K. C., who appeared for the plaintiff, offered only documentary evidence this morning, proving the account in the savings bank and, after citing authorities, rested the plaintiff's case.

The defendant and his mother were examined by the defence. The case is being continued this afternoon. George H. V. Belyea appeared for the defendant.

In the case of Samuel W. Shipway vs. Lorenzo G. Crosby, Mr. Justice White this morning gave judgment on application of Fred R. Taylor for the plaintiff to sign summary judgment giving leave to the defendant to defend and ordering that the costs of the application be made costs in the cause. This is a suit brought to recover \$750, a portion of which is admitted.

The defendant was a member of the New York Commercial Underwriters' Association and was to share proportionately all losses and expenses arising out of insurances effected. The defendant subsequently ceased to be a member of the association. The plaintiff later became the assignee of the remaining interests and is now seeking to recover subsequent losses from former members of the association.

It was part of the agreement that no action should be brought to recover a proportionate amount of any loss after two years from the time such loss occurred. The part of the claim that is admitted is a liquidated amount, but it is that portion claimed on losses which occurred within two years.

The question, which arose in this application was whether or not the defendant had any right to bring this action. The plaintiff recovered a judgment by default for this amount in the New York city court and this action was brought on a foreign judgment. Under a New Brunswick statute no action can be brought on a foreign judgment unless a service is personal when the foreign judgment was obtained.

In this case Henry Stewarts & Son of New York, who acted as agents for the association, accepted service of the writ for Mr. Crosby, it having been part of the agreement that the agents should have the authority to accept service. It was agreed for the plaintiff that this service should be construed as personal service as the persons who accepted it were designated with authority to do so. His Honor, however, held that the service was not personal.

This will be a very important case, as other cases arising out of the same transaction in which Saint John people were defendants will also be brought when this is decided. W. A. Ewing, K. C., appeared this morning for the defendant.
