**Skin Blemishes**  
How to get rid of them

Skin specialists are tracing fewer and fewer troubles to the blood. They say more often, skin blemishes can be traced to the bacteria and parasites that are carried into the pores of the skin with dust, soot and grime. To clear your skin of blemishes caused by this insidious and persistent enemy, use regularly the following special treatment.

Just before retiring, wash in your usual way with warm water and Woodbury's Facial Soap; then dry your face. Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy cream-like lather. Cover each blemish with a thick coat of this soap cream and leave it on for ten minutes. Rinse very carefully with clear, hot water; then with cold.

In addition to this special treatment, use Woodbury's regularly in your daily toilet. This will make your skin firm and active. It will help the new skin to resist the frequent cause of blemishes. Before long your complexion will take on a new clearness and freshness.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.
