Will some one kindly explain why the public has to put up with one kind of service from its employees, while a private business concern demands and must have efficient and faithful service? The public service, in a large number of cases is performed in a do as you please kind of way, while private business is conducted with seriousness, discipline, earnestness and ability. We ask again, Why?

Russians Completely Defeat Germans

Petrograd, Sept. 9.—On the Riga-Dvinsk front, the general situation remains unchanged. German attempts to advance on Tuesday in the region of the railway station at Ross Ekan, south Riga and Neu but were repulsed. In the direction of Dyask there were only unimportant advances past actions.

In Galicia, near Tarnopolis, we achieved great success against the Germans. The German Third Guards Division and 48th Reserve Division, reinforced by an Austrian brigade, with great quantities of heavy and light artillery, according to statements made by prisoners, had been preparing for several days for a decisive attack. This was fixed for Tuesday night or Wednesday. Forestalling the enemy, our troops took the offensive, and after a stubborn fight on the River Doljanka, the Germans were completely defeated Tuesday evening. The enemy left prisoners in our hands to the number of more than 200 officers and 8,000 men. We captured thirty guns, fourteen of which were heavy calibre many machine guns and gun limbers, and other booty.
