CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation, resses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed, and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost said, he will have a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, £3 Marcellus Avenue, Manasquan, NJ. Better out out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rapture and the worry and danger of an operation.

No doubt the share of stock from Chase River, B.C., is from the local in response to the referendum of the Toronto Finns for locals to take stock to the value of 50 cents per member and thus pay off the debt which has been hanging over Cotton's during the past two years.

We sincerely trust this referendum, which closed November 30th, has carried.

WILS IN AT WELLAND

Dear Cotton's: -We have had Ben. Wilson down here on Dec. 6th, and the results were beyond all expecta-tions. We secured the town hall for the results were beyond all expectations. We secured the town hall for the evening, and the place was packed to the doors. Comrade Wilson has certainly "started something" in Welland, for Socialism is on everybody's lips. He made a splendid speech, and both the local papers gave two column front page articles on the meeting, headed, "Brilliant Socialist," etc., etc. The good it will do our local cannot be estimated, but we can safely say that our membership will be trebled by his visit so Welland. We are as busy as can be enlightening those who have suddenly become interested in the cause and you must look for a bunch of subs shortly after this letter reaches you. Ben. Wilson was the man we needed to stir things up and we would not have him miss us for the world. Yours, J. D. Smith, Sec.

Public with the Miners

Well, the miners cases are coming out all right so far. Every case has been decid din their favor, and seventeen miners are now at liberty.

Of course this is not due to British justice, as some sentimental people would have us believe. There is no justice for the working class under capitalism, so they may as well realize it.

Meanwhile this agitation must go on. There are lots more men to be tried, and it is almost a cinch that John Place, M.P.P., will be convicted, in which event he will lose his seat, and the fine hand of Bowser would again be in evidence. By keeping the militia at Nanaimo, and having their votes transferred, Bowser thinks he has a sure thing in the next election for the dirty tool he will nominatel to capture Nanaimo away from the Socialists by the votes of the legalized murderers. To hark back to the trials, there has been no evidence that would convict a dog, and sentiment, too, is decidely in favor of the prisoners am been no evidence that would convict a dog, and sentiment, too, is de-cidely in favor of the prisoners am-ong the court room audiences; the red buttons of the prison Leag-ue may also be seen everywhere around the city, so the greatest jury after all is decidedly for the miners guilty or not guilty. after all is decidedly for the miners, guilty or not guilty. For no good red cares a cuss if they beat up or shot up the special police, scabs or any other vermin that pollute the city of Nanaimo.

Another huge demonstration is on the cards for next Monday, when the largest auditorium in town will be filled to hear Hawthornthwaite, the old time red, and others address the crowd.

Another important happening, brethren, the wicked prostitutes below the dead line, have been told to leave, by the prostitutes above it, at any rate, till the elections are over, after which the good reformers will soon forget how they were fooled.

will soon forget how they were fooled.

Some of our petticoated prudes, and virtuous scissorbills, have voiced their laments far and wide, that the girls decline to reform, and go to "honest" work for a change. They should worry. We wonder how many failed to make their "honest" work pay their board bill before they fell to the level, say of a capitalist editor or a politician.

One of our good aberal organs is kindly lifting the lid on the desurate conditions of the poor families living on dry bread, potatoes, etc., alone. There are lots of cases, and they are offered "charity." Thousands of people have left the city, as the hundreds of empty dwellings will show. Leading citizens are having their automobiles called in by their creditors, and generally speaking we are having a merry old time.

The Social Democrats are entering the municipal campaign, I hear.

There are Social Democrats I know of in this suburb of North Vancouver who say they are going to vote for a man simply because he is a good man.

Comrade Peter Olsen and Irwin Friday each lectured on Socialism at Netherby school near Fertility. Alta, on Nov. 25th, a good sized audience appeared and many questions were put to the speakers which were promptly and effectively answered. Hot shots were thrown into the ranks of capitalism for three hours by both speakers. Steps will be taken to organize a local in the near future. A collection was taken to pay for a ton of coal for the use of the school-house and the amount remaining was divided between Cotton's Weekly and the Western Clarion. On with the revolution!
