WHEAT DROPPED A LITTLE, But Flour Has Not Followed and May Go Higher Soon,

this morning was a new passenger car, which elicited much comment and expressions of admiration from bystand-wheat made a slight break, but not enough to affect the price of flour. The This is only one or ten similar enough to affect the price of flour. The break was caused by the action of a few holders who were satisfied with their profits and did not care to hold on any longer. The last advance of flour was made on Tuesday last, and their coming is an any longer and fully meets the comment which an American tourist made the other day that United States lines have

an American tourist made the other day that United States lines have something to learn from Canadians in the important items of style and comfort in passenger traffic.

Tickets for saie at Gray's book store, King street. Those who attend the prices today, but further advance in flour is looked for although not immediately.

### 50c.
