ARMED POSSE SCOURS COUNTRY AROUND NEW DENMARK FOR FOUR ITALIANS WHO MURDERED COMRADE—INQUEST TONIGHT

Four Italians, belonging to the construction crew of Contractor McDonald of the Grand Trunk Pacific, believed to have been responsible for the death of one of their comrades and for serious injuries received by another during a quarrel near New Denmark, Victoria County, about eleven o'clock Thursday night, here, and had been proceeding, although the country on all sides of the scene of the tragedy was scoured yesterday by a large posse of constables and Grand Trunk Pacific laborers. The country in the neighborhood of the murder is very hilly and wooded in several directions there is scarcely a habitation. Thick woods and brush extend on all sides as far as the eye can reach. With a good start it might be possible for the fugitives to elude their pursuers for days and even weeks, especially when the exact direction which the fugitives have taken is unknown. A telephone message from New Denmark last night stated that Albert R. Foster, deputy of the Grand Trunk Pacific police, and George West, a constable from Grand Falls, were staying overnight at a place ten miles out of Grand Falls. They will make an early start this morning in the direction of New Denmark and hope to get the names of the fugitives before night. A large posse organized by Sheriff Robins of Victoria County has been scouring the country in the neighborhood of New Denmark all day, but without finding any trace of the Italians. They feel confident, however, that they will learn something of the whereabouts of the men today. The Italians are heavily armed and will undoubtedly show fight when overtaken. It is thought at New Denmark that the men may have gone in the direction of St. Leonard or some point on the route of the new International Railway. Every effort will be made to run them down today. The first report was to the effect that the man did the shooting, but now it is supposed that it was an organized hold-up by four Italians of four other Italians, all of whom were interested in the money on their knees and they all opened fire at once. After one man had been killed and one wounded the fugitives took to their heels. It is believed that one of the fugitives is slightly wounded. The murdered man's body was found in a field and guarded and that every possible precaution be taken to effect a capture. The posse arrived at New Denmark last night and the wounded man is expected to recover. The constable's inquest will be held at New Denmark this evening.

JUDGE SENDS MARTIN DOWNS UP FOR TRIAL Man is Accused of Attempting to Commit Indecent Assault

Martin Downs, who was arrested a week ago charged with attempted indecent assault on Mrs. Fredericks of Mississauga, was brought before Judge Ritchie yesterday afternoon for a preliminary hearing. The prisoner is alleged to have entered the room in which Mrs. Fredericks was sleeping, and after a few words tried to assault her. For some time the man had Mrs. Fredericks in his grasp, she finally freed herself and fled to her room. Downs was working at the Mississauga Hotel at the time he was arrested. He was not acquainted with either Fredericks or his wife. D. B. Ritchie acted for the defendant and Dr. MacIntyre for the prosecution. The inquest will be held at the next session of the county court.

PROF. MARVIN WILL AGAIN GO NORTH WITH PEARY

NEW YORK, July 3.—Professor Ross G. Marvin, of Cornell University, today signed for three years' service under Commander Robert E. Peary, the Arctic explorer. Professor Marvin was naturalist of the Peary expedition on the last trip. He came to this city last night to say good-bye to the explorer and the sailing master of the Roosevelt, and at the last moment changed his mind and signed for the trip which begins Monday. Professor D. D. McMillan, of Worcester, has taken Professor Marvin's place as naturalist of the expedition and will sail in that capacity, despite Professor Marvin's decision to accompany the expedition. He is a graduate of Bowdoin, Peary's alma mater. His assistant will be George Borup, of Yale.

GOT TWO YEARS FOR SHOOTING AT BALLOON

BRATTLEBORO, Vt., July 3.—For shooting at Charles J. Olden's balloon Boston, while it was over Brattleboro on the evening of June 19, Wm. Murphy was today sentenced to not more than two years and not less than six months in the House of Correction at Rutland. Chas. Rigman, who was arrested with Murphy, was found not guilty and was discharged upon recommendation of State's Attorney Robert C. Bacon. The hearing was held late this afternoon before Judge Ernest W. Gibson in the Municipal Court. Murphy's counsel endeavored to show that Murphy, who fired two shots at the balloon, supposed it to be a toy but the State's attorney insisted that this claim was untenable and that Murphy's act was a wilful one committed from pure recklessness and was to be compared with the mischievous turning of switches in front of trains.

SMALL BLAZE IN TRINITY

Trinity church was the scene of another incident fire last night. This time the blaze broke out in the basement near the German street entrance, but was subdued before much damage was done. The alarm sounded at 7.30, and soon several hundred people hurried to the front of the church. Thick volumes of smoke were issuing from the basement windows. Two small boys had first seen the smoke and hurried to give the alarm, and when the firemen arrived considerable of the woodwork was on fire. As far as could be learned the fire was due to a short circuit wire coming in contact with the gas pipe. The fire was extinguished and the basement ignited set fire to the boards in the wall. After the water was turned on the fire lasted only a few minutes and practically little damage was sustained. Knicker—Do you think hospitalists will ever return? MANY WOMEN AND GIRLS USING OPIUM Mackenzie King Tells Some Startling Facts

Habit Not Confined to Chinese by Any Means, He Says. OTCAWA, July 3.—In a supplementary report from a Frank McKenzie King on the need for suppression of the opium traffic in Canada presented to parliament tonight, attention is called to a letter received from the Anti-Opium League, composed of the Chinese residents of British Columbia, in which the fact is noted that on the request of Sir Wilfrid Laurier a beginning had been made by the Rev. Dr. Glover in a movement to suppress the use of the drug in Canada. Mr. King stated that after making investigation of the extent to which opium was manufactured and used in British Columbia he had concluded that the amount consumed in Canada would, if generally known, appal the ordinary citizen who is inclined to believe the habit is confined to the Chinese. "The Chinese," he says in the report, "with whom I conversed on the subject assured me that almost as much opium was sold to white people as to Chinese, and that the habit of opium smoking was making headway not only among white men and boys, but also among women and girls."

"UNCLE REMUS" HARRIS IS DEAD IN GEORGIA

ATLANTA, Ga., July 3.—Joel Chandler Harris, familiarly known as "Uncle Remus," and an author of note, died at his home in a suburb of this city tonight. Mr. Harris, whose health had not been good for some time, had only been confined to his bed for about ten days, suffering from complications of the liver. Complications set in and yesterday he grew rapidly worse and continued to sink until the early city tonight. Mr. Harris was born in Eatonton, Ga., in 1848. It was while he was a student at Atlanta University that his tales, "Stories by Uncle Remus" first attracted attention. In 1890 Mr. Harris retired from active journalism and until last year when he became editor and proprietor of "Uncle Remus" magazine, spent most of his time at his suburban home. He is survived by a widow, four sons and two daughters.

WHOLESALE SLAUGHTER IN PARAGUAYAN REVOLUTION

Reports Received Via Formosa Indicate That Hundreds Have Been Killed. BUENOS AIRES, July 3.—The latest news received from private sources at Formosa, in the northeastern part of Argentina, says there has been sanguinary fighting in the streets of Asuncion, the capital of Paraguay, where a revolution is said to have broken out recently and that hundreds of persons have been killed or wounded. Edward C. O'Brien, the United States minister to Paraguay and Uruguay, and Harry B. Cawley, its secretary of legation, both are in Asuncion. Communication by telegraph and telephone between Asuncion has been cut and consequently there are conflicting rumors of a sensational character current here.

FRENCH CHAMBER DISCUSSES ABOLITION OF DEATH PENALTY

PARIS, July 3.—There was a lively debate in the Chamber of Deputies this afternoon on the bill to maintain capital punishment in France. M. Fallot argued that only the guillotine would stay the arm of the assassin. He cited the United States, England, Germany as progressive countries giving evidence of the necessity of maintaining this form of punishment. The abolition of the death penalty was defended by Mr. Rehnach, who declared that the increase in crimes was due to alcoholism and that social progress demanded that a feeling of pity should replace that of vengeance.
