THE BALL TEAMS ARE HOMELESS AT PRESENT

No Arrangements for Grounds for Championship Series—Disagreement About Terms.

The arrangements for the series of games between the Marathons and the St. Peters for the city championship have been held up owing to difficulty about the grounds. It is understood that the manager of the St. Peters grounds wants 25 per cent of the gate receipts for the games to be played in the North End, which the managers of the teams consider excessive.

Negotiations for the Victoria grounds are also having a fix at present. It is stated that on Monday, D. B. Donald of the Marathons made an offer for the grounds which was to be put before the club controlling the grounds at its next meeting. In the meantime the club members learned that about twelve the amount offered them was being offered for the North End grounds and in view of this Mr. Donald was notified that all negotiations were off.

The Marathons had an agreement concerning the use of the Victoria grounds for 30 week nights and for the Saturdays during that period and for Labor Day as well. With the exception of the provision for Labor Day this contract has expired and the baseball men will have to make some fresh arrangements before any games can be played on those grounds.

REASON REBELS

Economy at one's own expense is a very common extravagance. Reason will argue, that our charges are fair—little enough to pay for the best dental work and the guarantee that goes with it.

If you hold reason down and pay less—you won't need to be shown where the extravagance comes in.

It will show up—in time. Also—in 38.
