

## A SPRING DANGER.

Many People Weaken Their System by the Use of Purgative Medicines.

Ask any doctor and he will tell you that the use of purgative medicine weakens the system, and cannot possibly cure disease. Thousands of people take purgative medicines in the spring, and make a most serious mistake in doing so. People who feel tired, and depressed, who find the appetite variable, who have occasional headaches and backaches, or whose blood shows impurities through pimples and eruptions, need a spring medicine. But they should not dose themselves with harsh gripping purgatives that gallop through the bowels, tearing the tissues and weakening the system. A tonic medicine is what is needed in the spring and Dr. Williams' Pink Pills is the best tonic that science has yet discovered. They are quietly absorbed into the system filling the veins with pure rich, red blood that carries health and strength to every part of the body. Dr. Williams' Pink Pills cure skin eruptions, indigestion, headaches, nervousness, rheumatism and all blood troubles. They improve the appetite, and make depressed, easily tired men and women cheerful, active and strong. Mr. James McDougall, Little Shippegan, N. B., says: "I have used Dr. Williams' Pink Pills as a tonic and blood purifier and have found them superior to all other medicines."

If you need a medicine this spring—and who would not be the better of a tonic after the long dreary in-door months—give Dr. Williams' Pink Pills a trial. They will send rich, red blood coursing through your veins and give you the buoyancy of perfect health. See that the full name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around each box. All dealers in medicine sell these pills or you can get them by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

## NEWS SUMMARY.

Mme. Patti will sing at a charity concert in Paris on April 16.

A company with a capital of \$5,000, has been organized at Chatham to establish a barrel factory.

## BREAD MAKERS!

Is your yeast fresh and healthy? It is useless to expect good bread even with

## ROYAL HOUSEHOLD FLOUR

unless you have good yeast. Warm your flour before mixing it and see that it does not get chilled or overheated during the night. If the dough is allowed to get chilled it drags along all through the day and late in the afternoon; when the housekeeper puts it in the oven, it is still not ready for baking. Mistakes like these are what make bad bread.

## Bowman's Headache Powders

Safe and Reliable.

Cures All Headaches Promptly.

In Powder and Wafer Form, 10 and 25 Cents.
