## FOOD SITUATION BETTER IN AUSTRIA AND GERMANY, SAYS LORD NORTHCLIFFE

### London Publisher Warns United States Financial World Against the Dream of "Speedy Peace," in Address Before American Bankers' Association.

Atlantic City, N. J., Sept. 27.—The American financial world was warned against the dream of "speedy peace" by Lord Northcliffe at the American Bankers' Association this afternoon.

The length of the war is associated intimately with the question of thrift, Lord Northcliffe said, and in this connection he predicted that while newspapers are essential to the conduct of the war, the publishers will find raw material and power and labor diminishing and the size of American papers may be reduced.

I wonder what's wrong with my tea? My! This certainly IS good tea.

The woman on the left bought some "cheap" tea. You can see she's not pleased. She's sorry now she tried to save a few cents by buying the "cheap" tea.

How different with the woman on the right. The fragrance of her tea tells her how good it is. She paid a few cents more for Red Rose Tea than the other woman paid for her "cheap" tea—and besides Red Rose will prove more economical in the end!

Because of the rich flavor and vigorous strength of the Assam teas of which Red Rose chiefly consists, it will make 250 cups to the pound, or about a fifth of a cent a cup. So cheap that the very poorest can afford it, so good that the rich can find nothing better.
