MARKET.

The Liverpool correspondent writes:

We should not be far wrong in saying that
the whole week has been abandoned as a
non-working week. The culv exception appears to be the spar and pole merchants,
who are having a good harvest in the street
decorations of this ''.Q cher neighboring
cities. As a rule, in 5 branch of business
sis a slow but steady are, but a jerk up like
this does the happy owners of stock some
good. Many of the trade have taken the
opportunity to get away into the country or
to some seaside resort until next week.
Even then we do not suppose they will be in
much of a mood for entering into contracts
either to arrive or on the spot.

There is not the slightest change in spruce
deals; what we wrote last week upon this
subject applies in every way to the position
of today. The only cargo we have seen dischanging is the Aeon, from St. John, (N. B.),
with a cargo for Lumley, Lloyd & Co.
The pine market remains unchanged, and
the liners here are bringing forward only,
small quantities each trip. It is evident the
most prominent shippers are supplying their
contracts to other ports round the coast,
such as Hull, Bristol, etc., leaving Liverpool
for attention later.

The Glassow correspondent says:

In his flight for safety, with no consideration for human life, Tracy has covered probably 60 miles. He was first encountered by a Scattle posse near Bothell, at 3.30 o'clock, in the afternoon. The convict caught sight of his pursuers before they saw him. He had taken a commanding position in a clump of firs and opened fire before he was discovered. He fired five shots in all. Raymond was instantly killed by one of the shots, another struck the raised rifle held by Williams, splitting it in four parts and enterother struck the raised rule held by Williams, splitting it in four parts and entering the deputy's breast. He will live.
