Judge Landry's Talk to Goodspeed.

In passing sentence on Goodspeed, Judge "Frederick Goodspeed, I am about to pass sentence on you for the commission of a crime that the jury found you guilty of some few weeks ago. The crime of which they found you guilty I have no doubt you have fully understood, and there is no necessity of explaining it to you. hat crime arself, disconnecting it from your antecedents or your habits in the past, would be a relatively small matter. The greatest punishment for that crime which this court can empose is two years

#### THE CUSHING CASE

Motion for Dismissal of the Bill Refused--Argument of Counsel Be-

Argument in the case of the Oushing Sulphite Tibre Co., Ltd., vs. George S. Oushing was begun before Judge Barker Thursday afternoon in the equity court. Attorney General Pugsley, on behalf of the defendant, moved for the dismissal of the bill. The grounds taken were that the plaintiffs had an adequate remedy in a court of law and that therefore a bill in

bill had not been supported by the evidence, and for this reason the bill ought to be dismissed.

M. G. Teed, K. C., on behalf of the plaintiffs, took the ground that Mr. Cushing acted in a fiduciary capacity in respect to the company as well as agent of the company, and that therefore the equity ourt had exclusive jurisdiction. He also maintained that the plaintiffs did not have an adequate remedy in a court of law.

Judge Barker refused the motion and the argument of the case was commenced, the argument of the case was commenced.

THE FIVE PER CENT.

Chamberlain Sandall Happy After Days of Hard Work Gathering in the Shekels.

Chamberlain Sandall is happy, and the enriching of the city coffers by large taxes receipts is the cause. Thursday night the time for saving five p. c. by payment of the sums levied for conducting the city's business expired and when the business business expired and when the brain-wearied staff of the chamberlains' office had totalled the last column of figures, here's what they found:
Total receipts of 1903 taxes

ber 1, \$318,024.44.
Total receipts of 1902 taxes up till October 1, 1902, \$295,209.07. unt of 1903 receipts Number of ratepayers taking advantage

Number taking advantage of the dis-ount last year, 4,754, or 208 less than this , 1903, \$149,349.60. Receipts on September, 1902, \$131,609.32.

Excess of receipts on these days this ear over the corresponding days of 1902, From the figures the chamberlain draws From the figures the chamberlain draws the inference that times are better and people have more money than of old. This, he says, has been the best discount period since he took the office in 1880. Last year was good, there being about \$10,000 more receipts than in the 1901 days of grace, but this year beats 1902 by more than \$22,000. It looked, too, as if the people didn't have to draw on reserve funds to pay their taxes, as but three savings bank checks were received.

Since Monday the rush at the Chamberlain's office has been on and since then Mr. Sandall and his staff had to be content to eat their meals while at work. Wednesday and Thursday were the b days and it was nearly 12 o'clock Wednesday office was closed.
