

During the season over eighty young women were resident members of our house hold. In order that none should be debarred the privilege of a week or two at the lake-side, the board rate was placed at one dollar a week for members, which we find has proved sufficient to make "Summerholm" self-supporting.

We regret that the lack of accommodation compelled us to refuse admittance to some desirous of boarding with us. We hope this spring to make some necessary improvements, which will add two wings to our dormitory.

We are unable, through lack of space, to print, as we would wish, a list of shareholders and contributors, but would take this opportunity of thanking the many kind and generous friends, who, by their practical sympathy, enabled us to buy and build "Summerholm."

We subjoin a condensed financial statement, and we ask a continuance of your sympathy to free this important branch of our work from the existing debt, when it will be self-supporting. Shares are sold at one dollar each.

The following ladies constitute the Board of Management for the year 1893-1894:—Miss Priddis, President; Miss L. Kirkpatrick, Secretary-Treasurer; Miss Ware, Mrs. Waugh, Miss B. Jewell, Miss K. Elliot, Miss D. Peel.

Respectfully submitted,

LIZZIE KIRKPATRICK,
Secretary.
