

A GOOD DEAL TO LOSE BY NOT SEEING OUR SPLENDID STOCKS OF MERCHANDISE, AND A GOOD DEAL TO GAIN BY BUYING AT ONCE

Our First Heavy Shipment for Summer Opening Up This Week

Since these orders were placed some months ago, values have increased 10, 20, and in many cases 35 per cent.

It Means Not Only the "Price" Question But "Desirable Quality," Not Obtainable Any More

We simply repeat what we have often advised our customers: not to buy extravagantly but full requirements well ahead.

The Question of Summer Hosiery

can be best solved by selecting from our splendid standard stocks of such brands as Hole-proof, Luxite, Radium and Princess. Free from that troublesome seam. Double sole, ribbed top. Prices, 50c to \$1.50.

Try Watson's Combination Under- wear, and See the Difference

Splendid range of cotton, silk and cotton, and wool. Prices, 50c to \$3.25 per suit.

Zimmerknit Underwear for Men

In combinations or separate garments: white or natural. Prices, 75c to \$1.75.

High White Boots, Oxfords and Pumps

With military or French heels. Splendid qualities, nice styles, comfortable lasts. \$1.75 to \$3.50.

Our Splendid Values and Styles in White Wash Shirts Will Appeal to You

Made up in smart styles, trimmed with ocean pearl buttons. Made from Pique, Indian Head, Poplin, Pique Beach and Gabardine. Prices from 98c to \$3.50.

Attractive Styles and Big Values in Georgette and Crepe de Chene Waists

In white, maize, peach and shell pink, with embroidered touches or plain tucked. Prices, \$3.75 to \$6.50. A saving of \$1 to \$2 on city prices for same garments.

Men's and Boys'

Sport Shirts, Wash Ties, Fancy Hat Bands, Costless Suspenders, Garters, Armlets, etc.

Men's and Women's Motor Caps

In linen and silk. 50c to \$1.50.

A Special Middy Sale

Prices about 25 to 35 per cent. below today's value. In plain or combination colors, coat or blouse styles. Save 50c to 75c on each purchase of stylish middies.

Subscriptions for Magazine

including one Quarterly and one pattern, 55c. After this month same will be \$1.20. Phone orders promptly attended to.

J. N. CURRIE & CO.
Store closed Wednesday afternoons during June, July and August

TO SAVE THE HAY CROP

Efficient Machinery and Careful
Cutting Required.

Spraying for Potato Blight Begins—
By Using Bordeaux Mixture and
Paris Green Increased Potato
Crop Will Be Harvested.

(Contributed by Ontario Department of
Agriculture, Toronto.)

IN a season of labor scarcity haying is a problem on the average farm. It is necessary to make use of all the modern machinery available in order to expedite the saving of this important crop. First, then, we must emphasize the use of machinery in curing and storing. Men are not to be had in plentiful supply, but, in most cases some form of co-operation may be resorted to in order to obtain the use of tedders, hay loaders and horse forks to handle the bulk of the crop. By all means plan to use machinery in place of men this year or otherwise considerable of the crop will not be harvested in the best possible condition.

It is usually safe to cut after a rain when the weather appears to have cleared. Red clover should be cut when about one-third of the heads have turned brown. The tedder should then be used until the crop is dry enough to rake—a period which will vary according to the weight of the cutting, the weather and the amount of sap in the stalk. While it is possible to make slightly better hay by cocking up, this will be a practice of doubtful value this year in view of the labor shortage. Gather with a side-delivery rake if possible, or in small windrows with an ordinary dump rake. The hay loader works best with a small windrow. By all means use a loader if possible and to facilitate matters a sliding rack may be used so that when one-half the rack is loaded it may be pulled ahead and the remainder loaded.

We mention red clover because it is the commonest and most satisfactory hay crop, and is used in all general farming hay mixtures. Timothy should be cut either after it is out of the first blossom or after the second blossom has fallen—generally the latter. It will require less tedding than clover, is more easily cured and may be drawn in sooner after cutting. Do not let it get too ripe and woody.

Alfalfa should be cut when the young shoots are noticed starting out from the axils of the lower leaves on the stalks, and should be handled much like red clover, only greater care is necessary to preserve the leaves, a very valuable portion of the plants.—Prof. Wade Toole, Ontario Agricultural College.

Spray for Potato Rot.

Late blight and rot is the most destructive disease of potatoes in Ontario. In wet seasons it frequently destroys a very large proportion of the crop and causes a loss of many thousands of dollars to the farmers of the province. This is to a large extent a needless loss, for "late blight" and "rot" can be prevented by timely, thorough and intelligent spraying with Bordeaux mixture.

Directions for Spraying.

Spray with Bordeaux mixture, strength 4 to 6 pounds of copper sulphate (bluestone) and 4 pounds of lime to 40 gallons (imperial) of water. Commence spraying when the plants are from five to eight inches high, and keep the foliage covered with Bordeaux throughout the season. Forty to 100 gallons of the Bordeaux mixture will be required for each application, the amount to be used depending upon the size of the plants. Take special care to see that the spraying is very thoroughly done if the weather is at all damp about the 15th of July, as blight often begins at this time. Add a poison when necessary for potato beetles—arsenate of lead paste, 3½ lbs. to each 40 gallons of the liquid spray, or Paris green 2 lbs. to 40 gallons or a mixture of 2 lbs. of arsenate of lead paste and 1 lb. of Paris green to 40 gallons. From three to seven applications should be made, depending upon the season, the weather and the larger the number, the better. Do not put off spraying because it looks like rain. If the spray is on the plants half an hour before the rain comes it will be dry and sufficient of it will stick to prevent infection, which takes place during or soon after rain. Spraying as described above should prevent not only late blight and rot but also early blight and potato beetles. For late blight and rot only, it is not necessary to commence spraying until about the 10th of July, but in Ontario it is usually advisable to spray for all three.

A hand pump barrel sprayer can be used for small lots of potatoes. Most men who grow any considerable acreage of potatoes consider that a power potato sprayer is a good investment. The best results from spraying are obtained with machines fitted with T-joint attachments so as to insure covering both surfaces of the leaves at each spraying.

Precautions Necessary to Insure Success.

1. Start spraying before the blight appears. Spraying is done to prevent, not to cure.
2. Spray thoroughly, which can be done only when the mixture is applied with a good pressure so as to insure covering every portion of the plants.
3. Do not hesitate to spray because it looks like rain. If the spray is on the plants half an hour before rain comes sufficient of it will stick to prevent infection, which takes place during or soon after rain. If the spraying is left until after a prolonged rain it is very likely to be too late to do much good.
4. Careless spraying never pays. Spray thoroughly or not at all.—Prof. J. E. Howitt, Ontario Agricultural College.

HERE IS THE DAY YOU REGISTER

ON June 22nd, Saturday, every man and woman, resident in Canada, who is 16 years and over, must attend at one of the places provided for registration, between the hours of 7 a.m. and 10 p.m., and there truthfully answer all the questions set forth upon the registration card. Upon signing the card, vouching for the accuracy of the answers, the man or woman will receive a Registration Certificate, as shown below, which must be carried upon the person thereafter.

Why the Certificate is so Important

For failure to register a maximum fine of \$100 and one month's imprisonment is provided, also an added penalty of \$10 for each day the person remains unregistered after June 22nd.

Persons remaining unregistered cannot lawfully be employed, and cannot draw wages for work done after June 22nd. Employers who keep unregistered persons in their employ will be liable for fines equal in amount to those recoverable from the unregistered employees.

Unregistered persons cannot lawfully purchase transportation tickets, and may find themselves

barred from travelling on railroads, steamboats, etc. Similarly they may be denied board and lodging at any hotel, restaurant, public house or boarding house.

In a word—All persons remaining unregistered, and all persons having dealings with unregistered persons, knowing them to be such, incur heavy penalties under the law.

**REGISTRATION IS LAW—
Don't Fail to Register.**

**This Certificate is
YOUR Protection.

Notice to Creditors.

NOTICE is hereby given pursuant to "The Revised Statutes of Ontario, 1911," Chapter 12, Section 96, that all creditors and others having claims against the estate of Mary Ann Rowe, who died on or about the twenty-eighth day of April, A. D. 1918, are required to send in, or before the fourth day of May, A. D. 1919, to send by post, prepaid, or deliver to Messrs. Elliott & Moss, of the Village of Glencoe, Solicitors for John G. Bayne, Executor of the Last Will and Testament of the said deceased, their claims and statements, and descriptions of the full particulars of their claims, the statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice that after such last mentioned date the said Executor will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and that the said Executor will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by him at the time of such distribution.

Dated at Glencoe this 6th day of June, A. D. 1918.

Notice to Creditors.

NOTICE is hereby given pursuant to "The Revised Statutes of Ontario, 1911," Chapter 12, Section 96, that all creditors and others having claims against the estate of David Ranney, who died on or about the nineteenth day of May, A. D. 1918, are required to send in, or before the fourth day of June, A. D. 1919, to send by post, prepaid, or deliver to Messrs. Elliott & Moss, of the Village of Glencoe, Solicitors for Grey Ranney, Executor of the Last Will and Testament of the said deceased, their claims and statements, and descriptions of the full particulars of their claims, the statement of their accounts, and the nature of the securities, if any, held by them.

And further take notice that after such last mentioned date the said Executor will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and that the said Executor will not be liable for the said assets or any part thereof to any person or persons of whose claims notice shall not have been received by them at the time of such distribution.
