METAL TRADES EMPLOYEES ENDORSE THE PRINCIPLE

OF COLLECTIVE BARGAINING AT WINDY
WINNIPEG, June 16.—The metal trades employers today outlined their policy on the question of collective bargaining, which is endorsed by the mediation committee of the railroad brotherhood officials as "being in principle and effect the same as that proposed by these railroad organizations."

MEDIATION BOARD HAS GIVEN UP

SAYS IT IS THROUGH
WINNIPEG, June 16.—(By J. J. Conklin.)—The Mediation Board of railroad running, today gave up its efforts to bring about a settlement of the metal-trades dispute, and adjourned permanently. "We are through," was the brief announcement of S. E. Barker, chairman of the board.

Nothing has been accomplished by the board since the mediator turned down proposals submitted by the board and refused to meet either proposals of metal trades council. Recognition of metal trades according to reports came from a point which blocked success of negotiations. The employers stood out on the open shop.

Gideon Robertson, Minister of Labor, said on Sunday that the prospect that conciliation might be revived is true. "Farm work is suffering great hindrance and produce is held up by the Winnipeg strike, according to reports coming in from all over Manitoba. Farmers are deering the strike and it is said that there can be no combination between farming and laboring interests for years to come."

Mail is not being delivered by postal delivery at the labor temple, in consequence of a written request from Ernest Robinson, secretary of the strike committee, that it be held until the termination of strike. His determination to have nothing to do with mail handled by "strike breakers" has however exceptions. On Saturday messenger appeared at postoffice, bearing a written order from R. B. Russell for delivery to him of all mail addressed to the metal trades council of which he is secretary. It is known that two others of the striking unions have also no objection to taking mail addressed to them by the new staff at the postoffice. They send, regularly, for it.

Meanwhile a good many private individuals are addressed to their general carriers find homes who refuse to accept mail. In every such case the mail is returned, as refused, to the sender, through the postoffice office. Since the dismissal of the regular police force a week ago, 25 burglaries and the theft of 30 automobiles have been reported, officials of detective department said today.

DOZEN MEMBERS MAY BOLT BUDGET

THOSE WHO WILL OPPOSE IT
(Special to The Record)
OTTAWA, June 16.—Balters on the budget from Western Canada will number exactly a round dozen. Opponents of the proposals from Manitoba will include: Hon. T. A. Crerar, F. L. Davis, of Neepawa and J. A. Campbell, of Nelson.

From Saskatchewan there will be: Levi Thompson of Qu'Appelle, Thomas McNutt, of Salt Coats, and Rev. Knud, of Prince Albert. J. F. Johnson, of Last Mountain, J. A. Maharg, of Maple Creek and J. F. Reid, of Maseke.

From Alberta there will be: Dr. Clarke of Red Deer, W. A. Buehaan of Lathbridge and James Douglas of Strathcona.

In addition to these W. H. White, of Victoria, and Dr. J. P. Molloy, of Provencher, who are on the Opposition side, will of course vote for the McMaster amendment.

Government bolters from the east will probably include Fred Pardee of West Lambton.

Also Hon. W. S. Fielding of Queens-Shelburne and Stanley Elkinson, of St. John.

The vote will likely take place on Thursday.

So far no western unionist has really declared himself as intending to vote for the McMaster amendment and there is a probability that some of them may make their bolt against the main motion.

LIB. DELEGATES TO CONVENTION

North Waterloo Reform Association Meets.
At a special convention held in the Town Hall, Waterloo, at three o'clock on Saturday afternoon the North Waterloo Reform Association elected the following delegates to the convention to be held in Toronto on June 25th, to select a permanent leader for the provincial party:

Mr. Leander Bowman, of Conestoga; Mr. Josiah Stauffer, of Waterloo; Mrs. C. T. Noecker, of Waterloo; Miss Annie Jackson, of this city; and Dr. W. L. Hilliard, of Waterloo. Mr. E. Stuebning, of this city; Mrs. Werner, of Elmira, and Mrs. Garvin Barber, of Conestoga.

The meeting was attended by about forty delegates, by actual count at intervals thirty-nine were counted. It was presided over by President Josiah S. Stauffer, Secretary J. C. Haight, ex-Warden Paul Sneider of Woolwich, Dr. W. L. Hilliard, A. E. Davitt, Dr. A. E. Ruddle, H. J. Sims, Capt. McIntosh, Julius Ross, Dan T. Heisey, Leander Bowman, Conestoga, E. Zinkann, A. Bean, Rev. Harton of Waterloo, E. Stuebning, and others.

After the appointment of the delegates addresses were delivered, one by Dr. Honsberger and the other by Mr. Scott Davidson, M.P.P., of North Brant. Dr. Honsberger spoke briefly confining the greater part of his address to the entry of women into the political field and the presence of ladies at the convention. He believed that their entry into politics would be for the better. He claimed that it was the Liberal party that paved the way for the franchise to women.

Referring to the necessity of choosing a new leader in the provincial realm he said that a big man was wanted. A man with broad views. And the Liberal party was not without them.

He thanked the convention for nominating him as a delegate to the convention. "I had no thought at all of being appointed. I thought I was out of politics," Dr. Honsberger concluded.

Mr. Davidson said that all should be thankful that the war is over. He said that while the struggle had ended this was no time for peasant politics. The time was not opportune, more labors and careful statesmanship than ever before were necessary.

Reason for Unrest.
"What is the reason for this unrest that is so prevalent on every hand today? We notice unrest the world over. What is the reason for these conditions when a bargain made today may be only a scrap of paper tomorrow? Well, one puts it on the other. It is like a church when there is a difference between the pew and the pulpit. The one blames the other. The government say this and the people say that. Now there must be something wrong somewhere. And it is also remarkable that nearly everybody has a panacea for the troubles of today, one different from the other fellow's." Mr. Davidson remarked.

"Now what is the reason for all this?" (Continued on Page Two)

ATTENDED CONVENTION OF 50,000 SHRINERS

Mr. H. Gibson an old Elmira boy who is a Railway Mail Clerk on the Toronto-London branch of Grand Trunk was in the city for a short time this morning.

Mr. Gibson is on his vacation having just returned from Indianapolis Indiana where he attended the Shriners Convention which was attended by 50,000 members.

The Toronto delegation marched past the Grand Stand on the day of the big parade the Canadians received a wonderful reception such as Mr. Gibson never before witnessed. The band struck up the United Empire March and the thousands stood at attention and cheered vociferously while the Toronto delegation, 175 strong marching in a formation of a cross, passed in review. "It is an event never to be forgotten" Mr. Gibson said.

Next year they will meet in Portland Oregon.

WIRE NEWS IN BRIEF

From Many Quarters
29 TO 38 PERSONS DROWNED YESTERDAY
TUSCALOOSA, June 16.—From twenty to thirty persons, many of them children, were drowned in the overturning of a gasoline launch here Sunday.

BOLSHEVIKI IN PETROGRAD ACTIVE
LONDON, June 16.—Active preparations are being made by the Bolsheviki forces of Petrograd, it is announced in a wireless dispatch from Moscow, received here today.

PARIS, June 16.—Strike called by federation of miners went into effect this morning. Dispatches from the mining region indicated that it was general in scope.

THE WILLIAM CANE FACTORY AT NEWMARKET, ONT., AFTER THE BIG FIRE.—The top picture shows the wrecked boiler-room of the Wm. Cane factory, Newmarket, Ont., after the explosion and fire on Thursday, which resulted in the injury of 13 employes, two of whom died later in a Toronto hospital, where they were rushed immediately after the disaster. The bottom picture shows the smouldering ruins after the fire was under control.

BY ELECTION MATTER BEING CONSIDERED

AN ARRANGEMENT LIKELY TO BE MADE
(Special to The Record)
OTTAWA, June 16.—Some consideration is being given by the government to the question of filling the present vacancies in parliament, and in particular of the one vacancy in the Cabinet.

There are at present five vacant seats in the Commons, namely, Queen's, P.E.I., Quebec East, Gengarry, and Stormont, North Ontario and Assiniboia. In addition Hon. Rodolphe Lemieux represent the two seats of Maisonneuve and Gaspé.

Several of these vacancies are of long standing. Most of the seats, with the exception of North Ontario have been Liberal. It has, however, been suggested that an agreement has been entered into between the Government and Opposition somewhat similar to that entered into between the premier and leader of the Opposition in Ontario recently.

Assiniboia, Gengarry, and North Ontario at the last election returned government endorsed candidates. It is, therefore, suggested that in these seats the Opposition undertake to permit the government nominee to go unopposed, while a reciprocal arrangement be made in connection with the seats of Gaspé, Quebec East, and Queen's.

The arrangement, it is suggested would also imply the election of any members of the government, which might be held for the filling of cabinet vacancies.

While it is not expected that a franchise will be brought down this session, there have been suggestions that a mutual arrangement may be entered into provide temporary machinery for election purposes.

LUMBER ADVANCE IS PREDICTED

B. C. LUMBERMEN TAKING ADVANTAGE
(Special to The Record)
TORONTO, June 16.—Lumber will go up from \$2 to \$3 a thousand feet about the first of July, said a wholesale lumber dealer today.

"What's the cause?" asked the reporter.

"Oh, scarcity of it," was the reply. There is really a building boom and a consequently heavy demand. They go wise to it in British Columbia and up went the prices \$3 and \$4.

"What kind of lumber will be affected?"

"All classes," was the reply. "Most especially the kind used in building houses."

"Bad thing for the Housing Commission, when it is just starting in," suggested the reporter.

"Can't be helped," was the reply. "Hemlock, one of the main classes of lumber affected, is selling now from \$43 to \$45. Was \$25 before the war," said the lumber man. "Shingles have gone sky high, from \$5.25 and \$5.50 to \$7 a thousand."

HOLDS POOR OPINION OF FORMER KAISER

REMARKS WERE CHEERED
BERLIN, June 16.—Former Emperor William "belongs in the pathological ward" and is not wanted in Germany, declared Norman Mueller, Majority Socialist leader and whip in the National Assembly, in a speech delivered before the Majority Socialist convention here today.

Mueller's speech was received with cheers.

An inquiry will be held into the death of Blair Belliveau, Moncton, N.B., who died suddenly.

TORONTO CARMEN REFUSE BOARD OF CONCILIATION

DEPARTMENT MAY NAME A MAN
(Special to The Record)
OTTAWA, June 16.—The Labor Department has been notified that the street railwaymen of Toronto have refused a board of conciliation and given the company seven days to grant their demands.

No action had yet been decided on by the Department. Under the act the latter has power to name a representative of the men on the board, which would then go ahead and investigate. Possibly this might be deemed expedient. This is the matter which is now being considered.

CENSUS TAKEN IN SOUTH WARD

FIGURES ACCORDING TO RELIGIOUS LEANINGS.
The Alma St. United Brethren and the Benton St. Baptist Churches have just taken a religious census of the South Ward, in order to ascertain the religious conditions of this section of our city. There were thirty pairs of canvassers, in most cases, one from each church going out together. It required about two hours for each pair of canvassers to do the work. Almost without exception they were kindly received by the people.

There were 653 homes visited. It was not the purpose of the census to ascertain the number of church members. There would be little value in this since qualifications for church membership vary so much with the different churches. The following will indicate the number of families who are members or adherents of the various religious professions:

Anglicans 27; Baptists 50; Christ-

WAS A PRISONER OF WAR IN GERMANY FOR THREE LONG YEARS

Pte. Herb Zettel Visited Here Over Week End.
A week-end visitor in the city was Private Zettel owing to the name he bears had a rather tight time. For three months he was in the hospital the German authorities were not aware that he could speak German. One day, however, he felt that in just the other men who were complaining of not sufficient attention he made use of his knowledge of German and told the doctor about the general complaints. He indeed was surprised. Something later Private Zettel was up before a court-martial. The case was not concluded at once sitting, there were several postponements. During these recurring examinations he had to give a thorough explanation of himself and his family's history. Finally the case was dropped and the German authorities were convinced that he was not a spy.

Asked about the attitude of the German soldier on the war he said that it was not one soldier who said that he had no love for the German army and it was in it only because he had to. At other entry on Private Zettel's promises to keep it a secret furnished him with an English paper several times week.

When the armistice came there was general joy among the German soldiers but the officers were angry.

The 2500 soldiers of the Allied unit at this camp had a rather exciting and nerve-racking moment, one day. It was after the armistice had been signed. A certain French soldier was going past the commandant of the camp and refused to salute. The German captain because the was was angry, he did therefore not feel any. To show this sign of military discipline the captain was wrathful and had to report spread around that the British and other allied soldiers in the camp were going to riot. Forty men came and two thousand German soldiers were brought to face them. The 250 allied soldiers were ordered out again in a wall, ordered to face forward. The thought the last space had some. Just then a Red stepped out from the German ranks and hailed the Captain peace-lover, explaining that he had charge of the camp and town. The thing was over and the machine gun were not fired. And after this the British soldiers were ordered to the front. The old machine gun gave way to the Red flag.

As Private Zettel did not wish to appear in front of Germany he could not see a thing about our time economy.

VILLA'S SOLDIERS AND U.S. MEN CLASH

ON THE MEXICAN BORDER
EL PASO, Texas, June 16.—A report was received at military headquarters that fighting was in progress between United States cavalry, under command of Colonel Thompkins and Villa's detachment, in the vicinity of San Lorenzo, opposite Yaleta, Texas.

An inquiry will be held into the death of Blair Belliveau, Moncton, N.B., who died suddenly.
