A DAY'S WORK IN HALF AN HOUR

Its useless toil to sit writing the same thing over and over all the day long when you can do as much, and do it better, by a few minutes' use of the

Edison Mimeograph.

The MIMEOGRAPH is as quick and accurate as a printing press, and its work is as effective as letters written word by word. Anybody can operate it and can produce 1000 facsimile copies per hour from the start. It duplicates both handwriting and typewriting, and the 100th copy is as bright and clear as the first.

Endorsed by over 150,000 Users.

Please call and see it or send for catalogue and samples of work.
