## "The Wonder Car"

### 38,000 owners have given the "acid test" to 38,000 Maxwells in the last 18 months

Every car made in the gigantic Maxwell factories is just as finely finished, just as handsome an automobile, as if it were especially made to be exhibited at the New York Automobile Show, or in some dealer's fancy showrooms.

**BUT**—and here is a great big **BUT**—38,000 of these Maxwell Cars have actually been turned out and have actually been driven thousands of miles by 38,000 Maxwell owners.

These owners have driven their Maxwells up hill and down hill—over all kinds of country roads and over city streets, everywhere that four wheels will go.

Most of these 38,000 Maxwells have been rained on, snowed on, and put to every kind of

a rough and tumble test that time and use can give a car—and that's what we mean by the "acid test."

If you have any neighbors among these 38,000 happy owners, ask them to tell you all about their experience with their Maxwells.

You must go in and see this "Wonder Car." Then you will see an exact duplicate of these 38,000 tried and true Maxwells that have stood the rough and tumble "acid test."
