JANUARY 28

MEMBERSHIPS - MON.-FRI. 1:00 - 6:00

Members & Guests Only

### Disappointed with your first term grades? Want to do better in '94?

If answer is yes, then this ad is for you! **The Writing and Study Skills Program** is a professional service designed to help students develop effective study skills and strategies. We will teach you how to take notes and study more effectively, how to manage and organize your time, how to read for comprehension, how to write better essays, and how to start preparing early for the big test-final exams!

**The Writing and Study Skills Program** offers something for everyone. If your New Years resolution had anything to do with getting a fresh start, let program tutors help you develop a strategy for becoming a more successful student in 1994.

**Free one-on-one tutoring appointments** can be booked by calling the Department of Extension and Summer Session at 453-4646. If you would like to work in a group setting, group tutorial sessions will be available on Tuesday evenings starting January 27 at 7:00. Location: **The Writing and Math Centre, Wu Centre** at the top of campus. All students are welcome. Topics will be decided by the group.

A **Macintosh Computer Lab** is available for students who wish to learn word processing in a Macintosh environment. Free instruction is available by appointment. Students already familiar with Macintosh computers can book computer time to work on assignments (453-4646).

Remember, earlier is better. Getting organized now can save a lot of grief at the end of the term.
