the details of what happened immediately
 after what we have so far described
 when next it becomes clear
 however, I find that the room
 is well filled up & a group
 of thirty singers may be seen
 gathered around a piano
 in the far corner, there is
 no mistaking this far?
 Can see Miss Watson ~~at~~
 striking the keys & looking
 up with a smile to
 some one who is standing
 near while I cannot
 fairly hear the
 voices of a dozen or
 more singing devoutly "Sing
 Song Setty wout You Kinoo"
