Dear Sir

As there is likely to be a Dominion Election this fall, and Guyton. Co. has got on the map again and if handled right think the same thing can be done again.

I wrote you on several occasions of the treatment we received at last Dominion Election and you promised to try and have matters straightened out but so far nothing has been done and I do not feel that I can again ask our workers, who done so much at that time, to go to work again, unless matters are fixed up, as they are looking to me to have them this thing adjusted.

Last fall I had a letter from you saying you had taken the matter up with Mr Hall.

I had a letter from Mr Hall asking me to forward a card which I did, and have heard nothing since. Kindly look into this matter.

Yours very truly

J. H. Meighen
