SPRINGFIELD PHOTO-ENGRAVING CO.

bestows upon small commissions the same relative measure of care, and attention to perfection of detail, given to large ones.

We are not content merely to equal the best finished product of recognized competitors. It is our purpose to be a step in advance. That we hold this enviable position is best shown by the fact that, numbered among our satisfied clients, are the largest manufacturers in New England of machinery, fire-arms, and novelties, and makers of fine stationery.
