—every day but Saturday—and on Saturdays at 10 p. m. For several years we have closed at these hours, and find that the public generally endorses our action. They feel as we do, that our employees are entitled to some time of their own. We feel sure you will back us upon this, and for the shorter hours, we promise you the very best service possible, good service, promptness and good hours are our business principles. Your orders, telephone or otherwise, will have our careful attention.

No furnace drudgery in the Bison

The most exasperating mystery a man can have is a cranky furnace. The dirt and soot, the ash sifting and draft worry of many heaters, make life a burden. With the new "Bison" hot water heater, there are no worries. Its drafts are so simple a child can understand them, the shaking down apparatus is operated with the slightest effort, shaking down and sitting in one operation. It is a clean, simple, economical heater, perfectly safe, as it burns its own gas so neither the drafts are set. Write to H. R. IVES Co., Limited, Montreal, for an interesting booklet which fully describes it.

Holy Trinity Excursion

The steamer City of Chatham will leave the Rankin Dock on Friday afternoon at 3 o'clock for the Light House, Fare 25 cents. Come, and bring your children.

FINE EXCURSION

The Ladies Aid and Altar Society of St. Joseph's church ran a well patronized excursion to the Light-house yesterday afternoon via the steamer City of Chatham. The separate school children turned out in outing was enjoyed by everyone on the boat.

The steamer stopped at the Light-house on the way out and those who so desired were allowed to land and take a stroll while the rest of the excursionists enjoyed a half hour's sail on the lake.

The excursion was a financial success and a good sum was realized to aid in the splendid work in which the ladies of this society are engaged.

INDUSTRIES COMING

C. A. Austin, chairman of the Industrial committee, announced this morning that he is in correspondence with a large American firm who are desirous of locating here. In addition to this a large industrial firm, having a capital stock of \$100,000, is in view. Stand aside and let the Maple City pass!

Mr. Austin is putting his best energy into his services for the city. It is largely due to his efforts that William street from the C. P. R. track to the bridge is to be paved. The C. P. R. had always balked at paying for such a pavement until Mr. Austin took the matter up. Mr. Dunlop, the C. P. R. official having charge of these matters, is an old teacher of Mr. Austin and yielded to Mr. Austin's persuasion.

TALKED BACK

Mrs. Willer is not Satisfied with Judge Houston's Ruling in a Petty Case and Tells him so in Court—Two Cases Up

Mrs. Willer was a highly incensed woman at the Police Court this morning. Some time ago she entered a complaint against Harry Stinson for telling naughty stories that were by no means conducive to the high moral standing which she wishes her husband to believe she maintains.

The case was adjourned from last week to allow Mrs. Willer to bring into court a man named McLeod, whom, it is claimed, Stinson connected with these stories. This morning, however, McLeod failed to make his appearance, and Judge Houston, having adjourned the case twice, became impatient and fined Stinson \$1 and costs, \$8 in all—the smallest fine he could impose.

At this, Mrs. Willer, who had pleaded for another adjournment, became quite provoked and, in fact, real angry. She threatened to appeal the case, and the Judge ordered her out of the court room.

When she was leaving the room she tried to assume a pitiful look of injured innocence, but the tilted nose and the impatient toss of the head donated a will of her own, and ability to speak out for herself under conditions that would subdue most people.

The case of the little girl, Florence Willard, was again up for consideration. This is the little girl who runs away from home and who is reported by her father as being unmanageable. Dr. R. V. Bray, Executive Officer for the Children's Aid Society, was present in the court room, and asked that he be given an opportunity to look up a home for the little girl. This permission was granted.

A BILIOUS HEADACHE.

Is one of the meanest things in the world. To prevent biliousness use Dr. Hamilton's Pills, which keep the system clean and pure, regulate the bowels, give tone to kidneys and liver. You'll never have a headache, but you will have vigorous, bracing health by taking Dr. Hamilton's Pills, 25c. per box or five boxes for one dollar.
