

Herd Bull For Sale

PONTIAC KORNDYKE PLUS (18050) Born May 5, 1913

Sire—

INKA SYLVIA BEETS POSCH. He is the only bull in Canada to sire three daughters that milk over 100 lbs. each in one day, including the great **MAY ECHO SYLVIA**, who holds all world's milk records in one to 100 days. He is the sire of the only 40-lb. cow in Canada. He is the only bull in Canada for yearly work. She is the champion butter cow of Canada, any breed, any age, for two consecutive years.

Dam—

PLUS PONTIAC ARTIS at four years 10 months, 31.55 lbs. butter in seven days, 32.25 lbs. butter in 30 days, 20.11 lbs. milk and 1,044.45 lbs. butter in one year. R.O.P. semi-official, 21,915 lbs. of milk and 890 lbs. butter in one year. R.O.P. at three years old. She is the champion four-year-old of Canada for yearly work. She is the champion three-year-old in Canada for yearly work. She is the champion butter cow of Canada, any breed, any age, for two consecutive years.

She is the first Holstein cow in Canada to produce 4% fat per-year and produces over 20,000 lbs. of milk in the year. We are offering a two-year-old heifer, due to freshen on May 14th, bred to above herd bull. Her sister dam gave 2,200 lbs. milk in one year, and her dam's dam gave 20,150 lbs. milk in one year.

We are also offering a young bull, 11 months old, good breeding; price, \$75.00.

S. LEMON & SON - Lynden, Ont.

HOLSTEINS
Could spare 10 cows or heifers bred to the Great Bull KING SEGIS PONTIAC DOLTYC. One year yearling bull, and calves from 10 months down. Mirtle, C.T.V. Manchester, G.T.A.
R. M. HULBERT, Port Perry, R. R. 4

HIGHLAND LAKE FARMS

Herd sire, AVONDALE PONTIAC ECHO (under lease), a son of **MAY ECHO SYLVIA**, the world's record cow for milk production and Canadian record for butter, 41 lbs. Only one other 41-lb. bull in Canada. Our herd of one hundred includes nearly fifty daughters of a 33.31-lb. son of the great KING SEGIS, together with the sires of three world's record cows—sire 50.58, 3c. 4-yr. old 46.84, Jr. 4-yr. old 40.32 lbs. Junior herd sire, KING SEGIS PONTIAC CANADA, a half brother to AVONDALE PONTIAC ECHO, sire of 10 lbs. For sale. If this combination of breeding interests you, write for prices on either males or females.
R. W. E. URNABY, (Farm at Step 55, Yonge St. Radial), Jefferson, Ont.

The Last Sire for Sale

From that great sire, "King Pontiac Artis Canada," (Born April 5, 1916; a magnificent individual; two-thirds white. Dam a show cow with nearly 20 lbs. Sold at a bargain. Several to offer by our great Platte bull, "Woodcrest Sir Clyde," from one to ten months old. One born April 25, 1916; three-quarters white. Dam daughter of K. P. A. Canada, record at 3 yrs. 25.88 lbs., second dam 24.5 lbs., third dam over 100 lbs. milk one day. Must be sold from farm. Will have some good ones to offer soon from Champion Echo of Sylvia Pontiac." Book your order now.
H. LYNN, AVONDALE FARM, BRUCEVILLE, ONT.

Registered Holsteins

Bulls from one month to 17 months old for sale. All from our grand herd sire, Echo Segis Payne, whose sire is half-brother to Segis Payne Jehanna, the world's wonder cow, that has just made a record of 60 lbs. in 7 days. If you need a well backed bull write at once.
JOHN M. MONTLE, Sunnyside Stock Farm, STANSTEAD, QUE.

LAKEVIEW HOLSTEINS

Are still in the lead. The latest Holstein year book shows that they hold the Canadian record for butter, and Lakeview bulls have won all records possible at both Toronto and London Exhibitions, 1915 and 1916. Now we are offering several richly bred young sires for sale looking forward to the fall fair, and we have decided to give \$25.00 in gold to the man that buys the 1917 winner.
Don't miss this opportunity. Act quick, and plan to spend a day at Lakeview. Terms cash or prep.
Major E. F. OSLER, or Trimm, Bronte, Ont. T. A. DAWSON, Mgr.

Holstein Bull Calves For Sale

Three pure-bred Holstein bull calves, one to two months old, sired by King Segis Aloaxia Spotford, the \$3,000 cow of the great \$60.00 bull and from R.O.M. dams, two of them granddaughters of the great May Echo. These bulls have been priced very reasonable for quick sale. Extended pedigrees sent on application. Write or phone.
CLARENCE MALLORY, BLOOMFIELD, ONT.

CLOVER BAR HOLSTEINS

We have a few young bulls, one of which is fit for service, sired by Fanny 3rd's Hartog 2nd, whose two nearest dams average 32 lbs. butter in 7 days and 102 lbs. milk a day. His dam is a splendid combination of type and production, averaging over 10,000 lbs. of milk per year for the past three years. Mostly white, straight and long, the kind you would be proud to own. Write now for extended pedigrees and prices and photo.
P. SMITH, R. R. 3, STRATFORD, ONT.

and London last fall. One of these ones advertised in Farm and Dairy recently was secured to head the herd of M. A. P. Stevenson, of Bussellton, Ont. This young fellow is out of Queen Inka DeKok, and Mr. Stevenson's fortune in securing one of such particularly good backing records, as Queen Inka DeKok produced in one year 24,870 lbs. milk, and 1,917 lbs. of butter, holding the Canadian championship for 1915, 1916, 1917, 1918, 14 and 15, and producing nearly 21 lbs. of butter at eight months after calving.

FARMERS' CLUB

Correspondence

KING'S CO., P.E.I.

HEERMANNVILLE, P.E.I., March 5.—We have had the coldest winter here for years and years, and with little or no snow. Since the advent of the Mardi-Gras, however, the weather has taken a spring-like turn and so remained. There is still little snow and our farmers have not been able to get much wood home, nor could much be done in the woods so far. It has been a hard winter for our cattle. The winter price of hay and oat-straw is not high, but is probably scarce. The price of corn is all over on account, of course, of the automobile and motor truck taking the place of the horse. Butatoes and stock probably be high again. Horses are a drag on the market, and there is no market for horses, and cannot get an old song for a good horse—the automobile is a great enemy. Farmers are in their usual nets, persist in shutting out the automobile as such as a competitor for that purpose. Ridiculous, ain't it?

The annual meeting of the Island Dairy Association, held in Charlottetown last week. They made a splendid report, an increase of 25 per cent. output over last year, the biggest year yet. Oats and potatoes will be a pretty sky-high price for seed purposes this spring. In a wholesale way oats are 75c. A bushel of potatoes 80c to 70c. Both will surely be a round dollar for seed very soon. Fox skins are selling high in the States. The fox skins from the Dalton Ranch sold in New York for \$100. The highest price of living affects the farmers as badly as it does the city people, as they purchase almost all their winter seed, probably potatoes and vegetables. Many buyers from the States are buying butter, at 40c to 45c, all winter. Fox is \$10 for common brands, sugar 10c for choice. The highest price for milk is, I am sure up to 6c a gallon lately, and is being very little sold this winter, as the temptation to sell is too great, and the few who do sell are selling fast to make pork. Feed is prohibitory. Cracked corn is \$3 a bag or cwt., and middlings and bran almost the same, scarcely pay to sell butter at the creamery price, 40c, less charge—J. A. H.

MISSISSAUGUI CO., QUE.

FRELINGHUYSEN, March 7.—Frequent snow-falls, accompanied by strong winds, have kept the roads in an almost impassable condition for weeks and has made it difficult, and in some cases impossible, to get out the usual supply of firewood. Trains have been stopped here for 15 days, causing a great deal of inconvenience to the public, and to farmers in particular, as they were unable to ship their stock to the city or to get feed which was needed. Grain is very high in price. Demand \$35 to \$40; shorts \$20 to \$40; corn \$1.25; good hay \$12.00 in good demand. Select hogs, \$14.70 for carcasses, 15c per lb. Live hogs, 20c. Hk.; eggs, 35c to 40c doz.—C. A. C.

HASTINGS COUNTY, ONT.

TWICKED, Feb. 25.—Recent snow storms have caused many of our roads to be almost impassable for some time, and are difficult to haul. The scarcity of coal has caused wood to rise to \$1.00 a cord. Hogs are worth 14c; hay for dairy cows are in good demand, at good prices—H. S. T.

WELLAND CO., ONT.

INDIGEBURG, March 13.—The weather has taken on the appearance of spring, and snow is thawing away rapidly, leaving almost gone. Mr. H. W. Coleman, of the Clover Feeding and Farming Co., this township, organizing a cow testing association for the benefit of producers of milk. Mr. E. R. Hanson, District Representative from the Ontario Department of Agriculture, was here with slides to show the farmers the advantages of the proper type of dairy cow. The farmers were well pleased with those men and a big improvement is looked for.—J. W. C.

WATERLOO COUNTY, ONT.

ELMERIA, March 8, 1917. We are having solid winter right along—good sleighing, fields covered, which is very necessary for fall wheat and grain, and people are acting for an early spring on ac-

count of fuel and the feed problem. It is astonishing the amount of seeds loaned out of Elmira by farmers. One feed and grain dealer has loaned \$100 in January, and the other dealer handled more than \$100 in seed. It is interesting nearly taking an acre to plant these seeds, \$14.25; cattle from 80 to 100 a lb.; potatoes are selling at 10c per bushel; eggs, 37c to 38c; butter, 35c. Hired help is very scarce. A couple of straw hats also hard to get, also 50c to 1.25; barley, \$1.40; peas, \$2.29.—A. B. P.

QU'APPELLE COUNTY, SASK.

QU'APPELLE COUNTY, SASK., March 6.—The roads are still heavy with constant drifting. Weather is rather severe for this date. Potatoes are planting in place. Wheat is moving a little bit now. Steadily cold in Canada. Grain on food, but apparently there will be plenty. Horses out are beginning to show results of the steady cold as the deep snow, and have to be fed. Eggs are 50c, locally, and scarce.—H. H. C.

EDMONTON DIST., ALBERTA.

NORTH EDMONTON, Feb. 27.—We have had a fine winter here, with some snow. The weather has been just what we needed.

We have had sleighing all winter, and an average of one foot of snow. The weather has been just what we needed, but it did not stay so long (at one time, but) is on the rise at present. The price of grain remains in place. No. 1, \$1.70 a bushel; hogs, \$1 a cwt.; steers, \$1.75 to \$3 a cwt. Our stock yards are very busy, and business is looking forward to a good demand for stock in the future.

W. B. POOLE'S SALE

THE high market for the best cattle was reached on March 14 at the Fifth Avenue Auction, New York. The sale was made by W. B. Poole, sold his entire herd, excepting yearling heifers, by public auction. The sale was held in the morning. The bids for the animals were very high. The animals are offered buyers do not hesitate to travel under adverse conditions. Many buyers from other States were in attendance, and the bidding from start to finish was very brisk.

This sale establishes a new record for young heifers sold. The highest bid was \$175.00, or an average of \$153.90; seven bull calves, from one to four months of age, for a total of \$154.66 each. The herd sire, Colman's Fairy, was sold for \$1,000.00. He is a fine individual and well worth the money paid.

The 22 cows and heifers sold were all exceptional individuals, uniform in type, and showed the highest degree of breeding abilities. Several of these animals were purchased as foundation cows in new herds. The high price for the Mottie Segis Payne, was bought by I. N. Howe, showing that this animal has a total amount received for the cows was \$5,155.00, an average of \$234.30 each. The total amount received by the cows was \$2,365.00, an average of \$73.00, an average of \$200 per cow.

The animals selling for \$100 or over of

Females.
Mottie Segis Payne, \$360. I. N. Howe, Chester, Quebec; Bessie Mossblithe, \$230. I. N. Howe; Bessie Ormsby Innes, \$200. A. C. Taylor, Glanworth; Princess Station, Princess Ormsby Innes, \$119.
