BEEF, PORK AND HORSEFLESH IN JAPAN.

An official publication of the Japan
Foreign Trade Association, states that
the old prejudice as to the eating of ani-
mal flesh among the Japanese has been
broken down to a considerable extent.
There has been an increasing demand for
beef, though its high price militates
against its being made a universal staple
for diet. On this account there is an
increasing demand for pork and horse-
flesh, no fewer than 10,000 head of
horses being butchered and eaten in
Tokyo annually, while the highest mark
for the consumption of beef was reached
in 1904, when 3,600 cattle were slaugh-
tered, not counting those intended for
military use.

BOOK REVIEW.

A LITERARY GEM.

The sun, a stream, and a tree grace
the artistic cover of a beautiful booklet
issued by the Association Press, New
York. The address, "Conservation of
Life in Rural Districts," which it con-
tains, originally given before the Y. M.
C. A., Toronto, was one of the best
things ever delivered by Dr. Jas. W.
Robertson, and that is saying a good
deal. But polished for issue in its pre-
sent form, it is a gem. Every sentence is
pregnant with thought, and pellucid as a
crystal. As a birthday or holiday me-
mento to hand a friend on any occasion,
nothing could be better. Copies may be
secured, postage paid, at 30 cents,
through this office.

APPLIED HISTORY.

First Professor—"My dear colleague, I'm
a little puzzled. When did the first Pelo-
ponnesian war begin?"
Second Professor—"431 B. C."
First Professor—"Quite right, quite
right. That is the number of my doc-
tor's telephone. I was to call him up
and tell him my wife is sick."—Flying

DR. WILLIAMS' Fly & Insect Destroyer

MANUFACTURED BY
BAKER & BOUCK

Have you money to invest? How would you
like to make 1,000% on your investment? You
can do it.

We have it on the word of one of the largest
breeders of thoroughbred cattle in Canada, that
for every dollar's worth of DR. WILLIAMS'
FLY & INSECT DESTROYER he uses he gets
in direct returns \$10. His books prove his
statement.

ATTENTION, STOCKMEN!

If thieves broke into your bank and stole your
hard-earned deposits, you could not punish them
severely enough, but flies and lice on your cattle
and poultry do the same thing, yet few raise
their voices in protest or their hands to restrain
them, though they are fully aware that DR.
WILLIAMS' FLY & INSECT DESTROYER
will render their stock and poultry as safe from
these pests as the bank. Try it, and be
convinced.

Josephine, the Missouri Chief, the most won-
derful cow in the world, valued at \$20,000, pro-
ducing 17,008.8 lbs. of milk in 6 months and 529
lbs. butter, was subjected to the annoyance of
flies for one day, and the quantity of milk was
reduced by 18 lbs. from the day previous. Cal-
culate what that means for the season, and add
the result to your bank account, and see what
DR. WILLIAMS' FLY & INSECT DE-
STROYER can do for you.

If your local dealer does not carry it, see that
he orders it at once.

SHOOTING STRENGTH SIMPLICITY

The essentials of a perfect gun are
outstanding features of the

GREENER GUN

Its shooting capabilities are a household word
wherever sportsmen congregate, and Greener
Guns have won the World's highest honors.

The strength of the Greener action is
phenomenal. The Greener Treble Wedge-
Fast Bolt is the strongest breech fastening
extant, imitated by gunmakers all over the
world.

The "Facile Princeps" action is simplicity
itself, works easily, smoothly, and the
striker is a traction of a second quicker than
any other.

You get all these advantages if your gun
is a Greener.

38 grades to select from.
