**LEARN HOW TO IMPROVE YOUR BARN WITH ROGERS BOOK**

**UNDER THIS LIMITED SPECIAL OFFER**

EVERY page in Rogers Book shows you some useful farm improvement which you can make in concrete at about one-fifth the money cost of wood. This knowledge is worth big money to-day, as wood is getting costly and scarce. Cement improvements are clean and strong, lightning, fire and vermin proof. They need no repairs. You make them with very little work and at low cost, under the careful plans in this book. Order the book to-day under our offer of a free \$5 improvement with it. Get your copy at once. The edition is limited. See offer below.

**LEARN HOW TO IMPROVE YOUR DWELLING WITH ENDURING FIREPROOF CEMENT**

## GET IT NOW

Once You Get the Rogers Book, You Can Make these Improvements in Your Spare Time at Low Cost. They defy time, frost and fire, at lower cost than wood or brick. The more concrete used, the less repairs to hamper or delay you in starting important work. Remember that each \$1.00 you pay for Portland Cement makes up about \$5 value in improvement. You always get your money back when you improve in concrete because nothing destroys concrete improvements. Silos, Tanks, Fireproof Barn, Cow Stalls.

GET Rogers Book to learn about the money-making farm fixtures of every kind in Portland Cement that you can add month by month on your property, doing your work at little cash outlay. Remember that cement concrete is everlasting and needs no repairs. Everything from a fireproof barn to a hen's nest in concrete is carefully planned in the Rogers Book. It is a big education to know how to use concrete. This book makes it easy. You should have it without delay.

SEND us \$1.00 for the Rogers Book, and we mail with the book an order for \$1 worth of Rogers Cement on the nearest Rogers dealer. This cement makes up a \$5.00 improvement such as a

- |                  |                |
|------------------|----------------|
| 40-ft. 6x6 Drain | 6 10-ft. Posts |
| 1 Hog Trough     | 12 Hen Nests   |
