JUST PUBLISHED

By Wm. COLLINS, SONS & Co., LONDON, GLASGOW AND EDINBURGH.

### THE MARITIME READERS.

The lessons in them have been compiled and written with special reference to the history, topography and commercial enterprise of Nova Scotia and the neighboring provinces. Selections from the writing of Haliburton, Howe, Gesner, Forrester, Maggregor, and many others have been inserted. The illustra tions include views of the cities and other interesting Maritime scenery, while the books are printed on superfine paper and bound in extra cloth. In the renterprise the publishers have spared no expense to make the new series the best, cheapest, and most suitable for the schools in the Maritime Provinces of Canada; and while making arrangements for their introduction in Nova Scotia, they respectfully solcits the co-operation of teachers and all others interested in educational progress.

ELEMENTARY GEOGRAPHY. for use in the Maritime Provinces, has been prepared to supply a want long felt in the Schools of this part of the Dominion. It is now an established principle that children should be taught the geography of their own country minutely, and a special effort has been unde to bring such information within the reach of each school district at the lowest possible rate. The geography of the Dominion of Canada is given in detail, and a number of lessons on other countries have been added, so as to make the book complete as a geography of the world,
