

LIVE STOCK MARKETS. TORONTO.

Receipts of live stock at the City Market since Friday last, as reported by the railways, were 68 carloads, composed of 915 cattle, 1061 hogs, 1596 sheep and lambs, with 186 calves. Besides the above, there were 927 hogs shipped direct to the packers, and 30 carloads of United States cattle, 556 in number, that were being fed and watered in transit.

If such could be the case, the quality was worse than last week, and certainly was no better.

Trade was slow all round, with prices lower in nearly every class of live stock.

Exporters—The only export cattle on sale were some few bulls that sold from \$3 to \$4.10 per cwt.

Butchers—The best two cattle on the market sold at \$4.85 per cwt. There were no cattle on the market good enough to bring \$5 per cwt., but had there been there is no doubt it would have been paid. Geo. Rowntree bought nine loads for the Harris Abattoir Company. The highest prices for loads of steers and heifers, 900 to 1100 lbs., were \$3.85 and \$4.50 per cwt.; best cows, \$3 to \$3.65; mixed; mixed cows, \$2.25 to \$2.85; canners and bulls, \$1 to \$2 per cwt.

Feeders and Stockers—Receipts of feeders and stockers were light, with few of good quality on sale. Steers, 1000 to 1100, sold from \$3.25 to \$3.50; bulls, 1000 to 1300 lbs., at \$2.25 to \$2.50; stockers, \$1.75 to \$2.75 per cwt.

Milch Cows—The quality of milkers and springers was not generally what could be called good, the bulk being of the medium class. No Montreal men being on the market, trade was dull and prices lower all round. The cow trade was the worst of the season, and unless the Montreal buyers turn up, some of the dealers will be left in the hole. Prices ranged from \$25 to \$43 each.

Veal Calves—Veal calves, considering the quality, sell the best of anything on the market. Big, coarse, hony calves, weighing 500 to 400 pounds each, sell up to 40c per pound, and sometimes more. One drover told The World that calves were the best to sell of anything he had. Prices ranged from \$3 to \$6.50 per cwt., and prime new milk-fed calves are worth \$7 per cwt.

Sheep and Lambs—The quality of the sheep and lambs generally was not good, many of them having little flesh, with the wool full of burrs, carrying with them the characteristics of their late owners as regards farming. Export ewes, \$4.25 to \$4.40; rams and culls, \$3 to \$3.50 per cwt.; lambs sold from \$5 to \$5.50 for butchers' purposes, and culls at \$4 per cwt., some of which were dear at that.

Hogs—Hogs were more plentiful, over 1000 being on the market, and 900 more going to packers direct. Mr. Harris reports prices unchanged at \$6.12 1/2 for select and \$5.87 1/2 for light fats.

OCTOBER.

January hath her New Year's day.
February hath her Valentine's day.
March hath her Patrick's day.
April hath her Fool's day.
May hath her Victoria day.
June hath her Shan Bateese day.
July hath her Confederation day.
August hath her civic holiday.
September hath her Labor day.
And October hath the best day of all—
Thanksgiving day! And Halloween.
Aah the average man what he is going to give thanks for, and he will say, "I d'no."

He takes it as a matter of course. Thanksgiving day to him is only a holiday, when he goes out to see the soldiers. I know quite well that you think I'm fooling; but I'm not. What do our holidays mean to us?

Do we use our holidays right? In the old days a holiday meant something besides cessation from work.

What does it mean now? As far as I can see it means only single fare for the round trip on all the railways.

That's all. It means that I don't get back to work for two days—that is, if there isn't the usual accident and I am the star performer at an inquest.

It means fifteen pop bottles hid in the hay mow, and a half dozen empty ales under the manger—

"Rattle their bones over the stones." But I have made up my mind that I will go to church on Thanksgiving day—and it's a month away. But I will go. And I will thank God that my picture looks like me.—The Lhan.

As he was about to sink for the third time, he, of course, recalled everything in his past life. His countenance radiated with joy. "Ah!" he exclaimed. "Since I now remember what it was my wife told me to get down town to-day, I have no further occasion to drown." Accordingly he swan ashore.

SAVE THIS ANYWAY.

Here is a simple home-made mixture as given by an eminent authority on Kidney diseases, who makes the statement in a New York daily newspaper, that it will relieve almost any case of Kidney trouble if taken before the stage of Bright's disease. He states that such frequent desire to urinate, especially at night; painful and discolored urination, are readily overcome. Here is the recipe; try it:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful after each meal and at bedtime.

A well-known druggist here in town is authority that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire Kidney and Urinary structure, and often overcomes the worst forms of Rheumatism in just a little while. This mixture is said to move all blood disorders and cure the rheumatism by forcing the Kidneys to filter and drain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

LAKELET.

Intended for last week.

The threshing machines are away from this vicinity now, and the farmers are busy picking apples, plowing, taking up potatoes, etc. Apples are a fairly good crop. Spies do not appear to have the color of past years, but a week's sunny weather may have a reddening effect. Potatoes are not a heavy crop, but are sound and a fair size.

Adam Reidt, the cementer, did up P. Dickett's hog pen last week in one day. He went from there away down below Listowel. How Adam's fame is spreading.

Mr. P. Milligan has the sincere sympathy of his many friends out here in the loss of his wife. Many attended the funeral last Thursday.

Robert Caudle and his assistants are about through putting the wall around Mr. Murray's house. The latter will now have a very comfortable house.

Owing to so many quitting sending cream, the Alsfeldt wagon has ceased its rounds. This cool season will doubtless spoil some of the farmers. There will be an inclination to make the butter at home and quit factories. Such a thing might be disastrous in the long run.

Great credit is due Miss Trench, our teacher for the manner in which she conducts her school. We have noticed a close watch must be kept to know when school is dismissed, the pupils go so quietly home. Some will tell you that "boys will be boys" but I tell you that these boys will, when grown, be "men will be men." What we want in every community are boys and girls who are truthful, who are not afraid to say it was I.

GOOD-BYE.

It is a hard word to speak. Some may laugh that it should be, but let them. Icy hearts are never kind. It is a word that has choked many an utterance and started many a tear. The hand is clasped out on the ocean of time—we go to meet again, where? God only knows. It may be soon, it may be never. Take care that your good-bye be not a cold one—it may be the last one you can give. Ere you meet again death's cold hand may have closed his eyes and chained his lips forever. Ah! he may have died thinking you loved him not. Again it may be a long separation. Friends crowd on and give you their hands. How do you detect in each good-bye that love that lingers there and how may you bear with you the memory of these parting words many days? We must separate. Tear not yourself away with a careless boldness that defies all love, but make your words linger—give your heart full utterance—and if tears fall, what of it? Tears are not unmanly.—Ex.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. —simply needs, and must have, more power, more stability, more controlling strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with
