PUBLIC MEETING URGES ECONOMY; HITS ASSESSMENT

Resolution Passed Protesting Against Increased Rates in Belleville for 1921.

GO SLOW ON PAVING

Speakers for and Against Present Methods—Mayor Replies to Critics

"That this meeting urge the absolute necessity for economy in the expenditure in connection with civic affairs for 1921 and that no further contract unless those absolutely necessary be made in the current year...

This resolution moved by Dr. Wallbridge, seconded by Mr. J. Elliott was carried at a packed meeting in the city hall last evening at which civic affairs were under fire.

The burden of the speeches was against what was called the high and unequal assessment and public expenditures.

Mayor Hanna said he agreed with most of the resolution, but asked the assembly not to pass that portion which virtually prohibited local improvements.

Ex-Mayor J. E. Walsley was called to the chair. He gave out the names of some who urged him to call the meeting.

Mr. Walsley attacked the assessment for 1921 from the standpoint of inequality and the unusual method of increasing the business assessment.

Mr. Walsley claimed land values were neglected. The increase in values as shown in the assessment was mainly on paper.

The section of the Local Improvement Act giving council authority to force improvements on the property owners was criticized.

Assessment and Expenditure. "The assessment should regulate the expenditure. But last year they tried to regulate the assessment by the expenditure."

"There is not the slightest thought in my mind of criticizing the mayor and aldermen, but I do believe the mayor and council should listen to what a meeting of this kind has to say.

The increase in values was on paper, but taxes had to be paid in dollars and cents.

No Forcing Wanted. Ex-Mayor W. H. Panter as a member of the Court of Revision, would not discuss the assessment, but attacked the application of Section 9 of the Local Improvement Act.

Ex-Ald. A. Robinson feared that high expenditures and taxes would tend to keep Belleville a small city. He attacked the expenditures of last year's council.

Mr. Whelan contended that there were irregularities of assessment. The hardship was not in one part of the city.

Ex-Mayor Curtis Bogart heaved a missile at the Board of Education for awarding a contract for \$131,800 to a Toronto firm at a higher figure than Belleville contractors asked.

The city council and the Board of Education are our servants. The council I may call our paid servants. (Laughter.)

Dr. Wallbridge criticized the levels on Bridge street east and referred to the debenture debt of Belleville. He predicted an order from Provincial Board of Health forcing

a \$400,000 sewage disposal plant on the city. He favored trimming sails and the acquisition of an asphalt plant for Belleville.

City's Finances Sound. That Belleville compared favorably with cities of like size financially, was the statement of Mr. R. Tannahill, manager of the Bank of Montreal, which handles the city's accounts.

Mr. Tannahill also put to the credit side the city buildings, gas plant and waterworks. He considered that the city's status was very satisfactory.

Mr. D. V. Sinclair thought Mr. Tannahill was right when he referred to the trouble as "spilt milk" and attacked several ex-mayors as those who neglected the city's improvements in the past.

When 25 mills on the dollar won't raise enough taxes the assessment has to go up."

Mayor Hanna in a quiet address, took exception to some of the statements of some of the speakers. St. Catharines, Gait, St. Thomas and Port Arthur, cities of similar size, had much larger assessments.

Bonds Sell Well. \$107,000 of our bonds sold in Toronto yesterday to the investors, said the Mayor.

He spoke in favor of the council taking the initiative in laying the sewers.

Toronto's per capita assessment is \$1,600, double of Belleville's. The only contract let this year was for Cedar street and it was on a petition.

Mayor Hanna declared he had investigated the question of a municipal asphalt plant. Seventy-five per cent of the cities having them, had scrapped them.

Take Back 39 Men To Work for 5 Days

Thirty-nine men who were recently released at the G.T.R. shops, went back to work yesterday for five days. They had been let go without notice, the rules calling for a notice of five days.

The Point Anne Mission Board met at the Kingston Road Church Tuesday evening last. Mr. and Mrs. J. W. Darlington and Mr. A. Datoe were present from Point Anne.

Worthy Grand Matron, Mrs. Selma A. Mason, of Windsor, last evening paid an official visit to Quinte Chapter, No. 59, O.E.S. at Roblin's Mills along with members of the Belleville Chapter, No. 58.

Mr. and Mrs. Clarence MacDonald and baby Roberta have gone to their cottage on the lake shore near Concession for the summer.

Miss Melissa Brown has returned home after a pleasant visit with her sister, Mrs. Geo. Winters.

Mrs. E. Fraser has returned home from Montreal where she had been spending the last month with her husband, Mr. Fraser.

How's This For Champion Egg. EDMONTON, May 6.—Record breaking egg stories from various cities in the Dominion have been frequent during the past few weeks.

This remarkable egg was laid by a Plymouth Rock pullet owned by the General Hospital here. There are two shells with about a half inch of the space between them filled with the same material as the white of an ordinary egg.

DOUGHTY FAILS TO AVOID PRISON. TORONTO, May 6.—The Second Divisional Appellate Court this morning unanimously dismissed the application by John Doughty for leave to appeal from the refusal of Judge Denton to grant him a stated case, in connection with the theft of hundred thousand dollars worth of Victory bonds from Ambrose Small, of which Doughty was convicted.

NAME FOURTEEN CENSUS TAKERS FOR BELLEVILLE

Commissioner J. A. Kerr Selects Man for Each Polling Sub-Division

CLASS OF INSTRUCTION

Midnight May 31st is "Zero Hour" So Far as Enumerators Go.

Census Commissioner J. A. Kerr has made the appointments of enumerators for this city in the census to be taken in June.

These are the man who will interrogate the people of Belleville: Foster, No. 1—Harold Reid. Samson, No. 2—W. G. Crerar. Samson, No. 3—S. J. Fisher. Ketcheson, No. 4—S. T. Vandervoort.

Ketcheson, No. 5—Chas. Wensley Baldwin, No. 6—R. W. Adams. Baldwin, No. 7—Vernon Clarke. Blecker, No. 8—Hope McGinnis. Blecker, No. 9—Alfred Doctor. Coleman, No. 10—J. W. Day.

Coleman, No. 11—Sidney Hector. Murray, No. 12—S. H. Trevelton. Murray, No. 13—W. A. Woodley. Murray, No. 14—F. O. Diamond.

The decisive hour of reckoning is midnight on the night of May 31, or the moment when that day passes over in June 1, 1921. An infant born one hour before midnight would be included in the census figures, but one born a few minutes later would have to wait for the 1921 census before being included.

John Henry Hull, Sr., the father of Point Anne, an employee of the Canada Cement Co., in the kiln room said the deceased young man was his third child.

The deceased lad leaves besides his parents seven brothers and sisters. He was a native of Leicestershire, England, and an Anglican in religion.

OTTAWA MAN'S HAPLESS PLIGHT. Is Walking Streets, Yet With \$1,500 Lying to Credit of His Wife

Ottawa, May 6.—Destitute yet with \$1,500 lying to the credit of his wife in the soldiers' separation accounts department, his wife whom he has not heard from in seven years, Private Leon Didack is walking the streets of Ottawa looking for work.

Didack is a Ukrainian, a big splendid type of manhood, standing well over six feet high. He is exceptionally well educated, being proficient in five foreign languages besides English.

HANDSOME COSSACK COLONEL NOW DAY NURSE TO INFANT NO OTHER JOB FOR HIM NOW

ATHENS, April 17. (By Mail.)—Russian officers formerly of General Wrangel's army, who were brought to Greece when the Crimea was evacuated and who have found it impossible to secure other employment, have turned their hand to domestic and household pursuits.

Recently one of them was seen on the streets of Athens wheeling a baby-carriage. He was a handsome Cossack colonel and his sturdy build, martial air and fine features made him a conspicuous figure.

He was a handsome Cossack colonel and his sturdy build, martial air and fine features made him a conspicuous figure. His charge a rosy cheeked baby belonging to a wealthy Athenian family, took evident delight in its stalwart, good-natured nurse, who showed the youngster as much care and affection as the most devoted mother.

The servant problem does not exist in Athens. At least the Greek housekeeper has no such difficulties in this respect as her sister in America, for she can always fill the places of maids, cooks and kitchen-hands with former Russian soldiers and officers, of whom there are thousands in Greece.

These ex-military men are willing to take up the most humble calling if it will bring them bread and shelter. Hundreds of them are now acting as waiters, butlers or cooks in Greek households and restaurants.

Another milestone in a long life journey was passed yesterday by Mrs. Wm. Sutherland of 259 Albert St., when she celebrated the 39th anniversary of her birth.

Mrs. Sutherland, who has been a resident of this city for over sixty years, has a very large circle of friends, many of whom called during the day to offer congratulations. Letters and telegrams from friends at a distance and gifts of flowers and other tokens of esteem all testified to the high regard in which Mrs. Sutherland is held.

Lady Rachel Cavendish, who recently arrived in London from Canada, is staying with her sister, Lady Dorothy MacMillan, at 14 Chester square, S.W.I.

Miss Robina Templeton was given a hearty send-off by the C.P.R. station yesterday by the officers and teachers and girls-in-training class of St. Andrew's Sunday School on her trip to Switzerland and other countries of Europe.

The marriage has been arranged to take place on June 1st in St. Columba's Cathedral, Pembroke, of Miss Marie Bedard, youngest daughter of Dr. and Mrs. E. Bedard of Pembroke, and niece of the late Judge O'Heara of Ottawa, with Mr. Pierre Beaubien of Outremont, Que.

Wellington, N. Z., May 6.—A decision rendered by the New Zealand Court of Appeals in a patent case today was to the effect that the United States, not having assumed any obligations under the Versailles Treaty, could not claim for itself or its nationals any rights conferred by the treaty.

Soft people occasionally use hard words. DAVID NELSON BEATTY.

TORONTO GRABS LOCAL BONDS CALLED A SOUND INVESTMENT

The ready sale which the Belleville issue of \$210,000 of twenty-year six per cent. coupon bonds is finding in Toronto is very gratifying to those who believe in the city's sound position.

Charles James Bowell, President and Manager of The Intelligence Printing and Publishing House Limited, passed away this morning at 8 o'clock.

He was a son of the late Sir Mackenzie Bowell, ex-Premier of Canada. The latter's connection with the publishing business as editor and proprietor of The Intelligence, led his son to take to the newspaper business.

The late C. J. Bowell was a native of Belleville, and was 54 years of age. He received his early education in Belleville and then studied at Upper Canada College and Stanstead College.

He was married to Ida Jerome Steel, who survives with an adopted daughter, Ida Parker Bowell. Mrs. Bowell and Mrs. G. W. McCarthy, of Belleville, are sisters and John M. Bowell, of Vancouver, B. C., is a brother.

He travelled extensively. At one time he resided in Montreal and at another at Vancouver, Seattle and San Francisco. Thrice he was in Europe, the last time when the war broke out.

FATALLY INJURED AT POINT ANNE

Death of John Henry Hull, Jr., 19, Follows Accident in Yards

CAUGHT BETWEEN CARS

Inquest With Dr. Yeomans as Coroner is Opened—More Evidence Tuesday

John Henry Hull, Jr., 19, a brakeman at No. 4, Canada Cement plant at Point Anne, died last night in Belleville General Hospital of injuries sustained yesterday while coupling cars of a cement train.

He was caught between the cars when they came together and was hurt internally. The train was on the spur running from the pit to the work.

Coroner Dr. Yeomans opened an inquest this morning at Tiellak's morgue before the following jury: J. Cook, Coroner, B. F. Butler, H. DeShane, C. Walters, Walter Luskomb, H. Day, H. Grass, D. V. Sinclair, F. S. Deacon and J. B. Archibald.

John Henry Hull, Sr., the father of Point Anne, an employee of the Canada Cement Co., in the kiln room said the deceased young man was his third child.

The deceased lad leaves besides his parents seven brothers and sisters. He was a native of Leicestershire, England, and an Anglican in religion.

The inquest will be resumed on Tuesday evening next.

BUILD 1000 MILES OF RURAL LINES

Hydro Commission Planning Operations Under New Legislation

FUNDS AVAILABLE

Government Wants to Know How Far Power Rental Revenue Will go

TORONTO, May 6.—Approximately three thousand miles of rural transmission lines can be constructed by the Hydro Electric Commission under the legislation of last session, according to an estimate made by Sir Adam Beck following a lengthy conference with Premier Drury in which Hydro matters generally, and the rural scheme in particular, were discussed.

The Prime Minister has asked Sir Adam to prepare for the Government a statement of the amount of work possible to be done under the bill within the limitations of the revenue provided by present water-power rentals.

At the present time water-power rentals amount to roughly \$300,000, but when the Chippawa development is operating the rentals, estimating rentals on the new development on the same basis as an existing powers, will, with some revenue from new developments elsewhere, provide close to \$500,000.

If other means can be found for taking care of the needs of the Niagara Falls Park Commission, this will provide sufficient revenue to construct nearly one thousand miles of line, estimating the Government grant at 50 per cent. This mileage, according to the Hydro chairman, is practically all the commission would care to undertake in a year.

For the first year of two the rentals will not run much above \$300,000, but to supplement this there is a very large sum already "in the pot" in the form of uncollected rentals, so that it may not be necessary to reduce the grant below the 50 per cent. maximum.

Sir Adam stated that the rural transmission extensions for which the Hydro Commission has been asked to make surveys and supply estimates cover approximately six thousand miles, and affect about eighteen thousand farmers. Of this mileage probably one-half will be built, which means that when the work gets under way the commission's working force will have about three years' work ahead of it.

DAVID NELSON BEATTY. David Nelson Beatty, an old resident of Tyndinaga died at his home on Thursday, April 28th after a long illness. Mr. Beatty was born in Huntingdon Township in the year 1840, moving to Tyndinaga when a boy with his parents and has since resided there.

The funeral service was held in the home on Saturday afternoon, conducted by Rev. W. Elliott, of the Tabernacle, Belleville. Interment took place in Melrose cemetery. The bearers were Messrs. Jas. Beatty, Joseph Beatty, Albert Beatty, Robert Sherman, S. G. Sherman, Jno. Sherman, cousins of the deceased.

An aged widow and three daughters, Misses Annie and Clara at home and Mrs. Wm. Robertson, of Tyndinaga are left, also one brother Robt. Beatty, of Carleton Place, and two sisters, Mrs. A. E. Aylesworth of Pangman, Sask., and Mrs. L. A. Ross, of Tyndinaga.

COBOURG'S BALL YARD IMPROVED BY COUNCIL. The town council has shown its interest in baseball by giving the baseball field a covering of clay and will roll it, and put it in good condition free of charge to the clubs. The council deserve commendation for the very fair way in which they have acted, and the clubs should express their thanks in no uncertain way. It is very seldom any clubs in any town receive the consideration that is given in Cobourg, and it is fortunate for baseball and other sports that Cobourg has a council that takes such an active interest. The council very wisely takes the view that good sport, while not only a help in developing the young manhood of the town, tends to make cleaner men and is a splendid advertisement to the town. In Victoria Park the town has a park conveniently located and admirably adapted for sports of all kinds.

DEATH OF MR. C. J. BOWELL FOLLOWS LINGERING ILLNESS

Proprietor and Manager of The Intelligence Passed Away on Friday Morning at 8 o'clock—Son of Sir Mackenzie Bowell
