Players From International League Were Prominent in Game

Expert Scorers Disagreed

The official scorers upset all pre cedence by scoring two errors on one play. It was in the third inning, Olson was charged with the double offence. The sporting writers protested, and many of them declin-ed to score it in accordance with the decision of the officials.

Lewis cracked a line drive to left field in the second frame, and Wheat overran the ball while running at right angles to it in an effort to intercept it. Lewis reached third, and scored on Gardner's sacrifice fly.

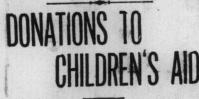

Cady singled to right field to start the fourth. Shore tried to sacrifice but fouled out. Hooper drew a base on balls. Janvrin hit to Olson who juggled the ball momentarily. When he managed to grasp it he threw to Cutshaw, as Hooper was sliding to second. All hands were safe when Cutshaw let Olson's throw get away and Cady dashed hom from third. The scorers gave Olson an error on the fumble, and another on the throw to Cutshaw, although the play was continuous. Janvrin was thrown out trying to steal second. At this stage Shorten singled sharply over second, and Hooper scored from third, the fourth and last Boston run of the game.

Juggling the Pitchers Dell pitched the eighth inning

against the winners, and prevented any scoring, although one single, that by Janvrin, was made off him.

Pfeffer was taken out at the com-mencement of the eighth to allow Merkle to bat for him, in the hope of starting a rally. Merkle ripped a sizzling drive to left field, but "Duffy" Lewis dashed in and made a shoestring catch back of shortstop. Internationals Did the Hitting The hitting of Cady, Shorten and

Leaguers, accounted for three of the four Boston runs. Brooklyn's only run was scored without a hit. It was the outcome of the only base on balls issued by Shore, and was assisted by a sacrifice hit and a passed ball 1.12 . charged to Cady.

The twinges and tortures of rheu-matism are not due to cold, damp weather as so many people suppose. Rheumatism comes from poisonous acid in the blood. This is a medical truth that every rheumatic sufferer should realize. There is only one way to cure rheumatism—it must, be treated through the blood. All the linaments and rubbing and so-called electrical treatment in the world will

electrical treatment in the world will not cure rheumatism, and the suffer-er who tries them is not only wast-ing money, but is allowing the trou-ble to become more firmly rooted in the system and harder to cure when the proper remedy is tried. Dr. Wil-liams Pink Pills have had remark able success in curing rheumatism because they go right to the root of the trouble in the blood, driving out the poisonous acid, releasing the stiffened joints, clearing away the torturing pains, and giving the vic-tim renewed health and ease. Mr. Vincent Brow, Havre Boucher, N. S., says: "For two years I was an almost constant suffered from rheu-matism, the trouble being so bad at times that I could scarcely get about. times that I could scarcely get about. The trouble seemed to bring with it anaemia, and altogether I was in a very bad condition. I used doctor's medicine for almost a year without relief. Then on the advice of a friend I decided to try Dr. Williams Field Could be the took allogether Pink/Pills. The attendance for the five games this season aggregated 162,-359 and the receipts \$385,590.50. Of this sum the players received \$162,927.45, each club \$92,052.02, and the National Commission \$38,-559.05. The Boston Club as winners, di-vided \$97,756.47 on a basis of 25 shares, which the players are under-stood to have agreed upon as the method of apportionment. This would allow \$3,910.26 a share. The total receipts yesterday were \$83,873; the National Commission's share was \$8,387.30, while each club's share was \$37,742.85.
