NEWS OF NORFOLK

Appointment of Superintendent For Normandale's Fish Hatchery

IS BEST IN CANADA

R. A. M. Lodge of Instruction Held in Simcoe Yesterday

OTHER NORFOLK NEWS

Sergt. Frederick Hobson Is Winner of Victoria Cross

(From Our Own Correspondent).
Simcoe, Oct. 19.—Mr. D. Austin, of Port Arthur, has been appointed superintendent of the Normandale fish hatchery. He comes with a wide experience and splendid recommendation.

Mr. Austin was escorted to his new location by Acting Deputy-Minister D. McDonald, H. Weston and Albert Schieffelt, of Toronto, Superintendent E. Tinsley of Hamilton, and Dr. Wm. Burr, of Simcoe. Sonator N. K. Buller of Harrisburg, Pa., State Commissioner of Fisheries, and Superintendent Phil W. Hartman of Erie, Pa., were guests of the party. They all motored out to the hatchery.

Best Hatchery in Canada.
The hatchery was unostentatiously styled the best hatchery in Canada and the water supply unequalled anywhere. A four-acre pond on a splendid trout stream is held back by a concrete dam, the surface of which is fifty feet above the hatchery. The water comes by an open raceway, right to the crest of the hill and affords a most excellent supply.

A Link in History.
The hatchery stands on the site of the old foundry, where were moulded in the early years of the nineteenth century, the old Van Norman stoves, of which a few of Norfolk's oldest residents doubtless learned some of their A.B.C. In those days, iron ore was obtained from small outcroppings in Char-lotteville township and drawn to Normandale, over the trail by oxen. The ore all used, the foundry gave way to Jones' flour and mill and relics of this still remain. The raceway from the present pond was constructed in 1858 and naturally required some cleaning out and repair to the banks. Dr. Burr, to whose lot fell the job of overseeing the whole construction, brought to completion, and upon whose suggestion the work was undertaken, with-draws from further responsibility, possibly experiencing a sense of relief and satisfaction.

R.A.M. Lodge of Instruction.
A very successful lodge of instruction was held here yesterday afternoon and evening by Right Excellent Companion James H. Shaw of Wilson district. Mt. Horeb, No. 20, of Brantford, opened the ceremonies at two o'clock with a most praiseworthy exemplification of the Mark Master's degree. Rev. G. A. Woodside, M.A., was in the east. H. R. Ryan, in the south, and H. W. Sullivan at sunset.

At 4:30 P.M., No. 23, put on the Royal Arch with H. A. Johnston, 1st Principal; D. H. Russell, 2nd Principal; A. Peachey, 3rd Principal, and Frank Reid as Principal Souvenir.

At 8 o'clock Galt demonstrated the working of the Most Excellent Master degree, W. B. Powell at sunrise, J. P. Stuart at noon, and T. H. McLaren in the west.

The fourth degree, the banquet, was undertaken by all, and about midnight the craftsmen left off work and collected their tools.

Another V.C. for Norfolk.
Sergt. Frederick Hobson's service to the Empire has been acknowledged by the bestowing of a Victoria Cross, to the next of kin, on his behalf. The gallant soldier answered his country's call on October 30th, 1914, and went to England with Lieut. Forse. His death was reported a few days ago.

Odd Ends of News
Returned soldiers mention seeing "Graft's" gladioli on sale in London, England, on the way out from France.

Corp. H. French, L. Corp. Sidney Beaumont, and Ptes. A. T. Pinchin, (19th), E. Ilton, (24th), Guy Win-ters, (4th) and Bastiaan Altelaar, (13th) were bearers at the funeral of the late John A. Smith of Lang-ton, whose funeral was held on Wednesday.

Lynchoch. Women's Institute will assist the young people in their hal-lowe'en sports.

Vegetable thieves are still un-molested at Dover, and have grown bold. James Lovell, a Herizberg, has been in charge of the plant or the Dover waterworks, have been instructed to prepare detailed plans and specifications ready for the call-ing of tenders for the work. No en-gineers' fees to be paid until the work commences.

St. Paul's Ladies Aid made \$100 last night at a pumpkin pie tea, which was patronized by many visiting Masons. Mrs. Wm. Burt and Mrs. McKerrill were joint directors of the successful event, which added another story to the organ fund.

Up to last night, thirty-five men had been examined by the military board. Most of them were marked A2. The captains of finance of the county listened yesterday to a representative from the finance minis-ter's department, and progressed in organizing for the Victory War Loan campaign.

Chicken steaming is still said to be going on in the north ward. Sol-diers' wives are the principal victims and the culprits do not confine their operations to night time.

One owner of north ward resi-dences fears the rent during the winter.
