GERMAN ATROCITIES SEEN BY A U. S. OBSERVER.

NEW YORK, Jan. 28—German atrocities have been minimized one hundred times, where they have been magnified once, members of the republican club were told Saturday by Captain A. P. Simmons, a United States military observer Germany during the mobilization, having been attached to the American Embassy at Berlin.

"Don't let any one tell you that German atrocities are merely fiction," Captain Simmons declared. "One of the most grievous sights I ever saw was the impaling of babies on the ends of German bayonets and their return to frantic mothers. If you know the horrors that patient, suffering little Belgium has been through, your blood would freeze in your veins."

"We've got to sacrifice till the skin is worn down to the bones of our hands. The dragon is just outside our gate. We'll pay, but not in the way Germany wants us to pay."

Captain Simmons said the United States must send 5,000,000 men to France to make any showing, "for our enemy is fortified by almost impregnable forces."

GERMAN PAPER DEMANDS A REVOLT

AMSTERDAM, January 28—Open demand that German people revolt "to save themselves" and refer to the Kaiser as Germany's hangman" was made by the Deutsches Tages Zeitung in copies on that paper received here today.

The Deutsches Tages Zeitung is the Agrarian conservative Newspaper organ of the landed class of Germany and was not heretofore regarded as in the slightest degree radical.

\$1,000,000 FOUND IN N. Y. POST OFFICE

NEW YORK, Jan. 22—Eight mail sacks containing money jewelry valued at close \$1,000,000, which were supposed to have been stolen from a mail truck during a ferry boat trip from Cominipaw to this city on January 7, were found last night in the post office under some empty sacks.

BANK OF N. S. GIVES \$10,000

The Board of the Bank of Nova Scotia have telegraphed to the Mayor of St. John's, expressing their sympathy with the sufferers by the explosion at the Allan shaft and voted the sum of \$10,000 to the relief. G. S. Campbell, Vice President.

This same bank was most liberal in helping to relieve the suffering at Halifax, contributing \$100,000 towards the Relief Fund.

LIFTED OVER 2,200 LBS.

Montreal Jan 22—Constable Cabana won the weight lifting contest from Drearic of St. Henry last night at Somber Park by nearly four hundred pounds. Cabana lifted a platform with 2,286 pounds of iron on it while the best that Drearic could do was to lift 1,961 pounds. Cabana also lifted an automobile weighing over three thousand pounds. Drearic broke a bone in his shoulder.

KEY TO CIPHER FOUND ON SKIN

LONDON, Jan. 21—From Milan comes an interesting story of the capture of an international spy a woman well known in opera through the aid of the American secret service. More than 20 years ago a Roumanian girl Elena Teodorina appeared in opera at Rome and scored a remarkable success. Ultimately she sang with great success in the United States and South America. Recently it was reported that she had been arrested as a German spy. It now revealed that when she was in Buenos Aires she was in the entourage of the notorious Count von Luxburg the German Agent. Eventually her activities attracted suspicion and when she sailed for Spain last October the American secret service warned the English.

When the liner was approaching Cadiz she was stopped and boarded by officers of a British destroyer.

Mme Teodorina's baggage was examined and some papers were found that appeared to be innocent but under chemical treatment they displayed peculiar hieroglyphic writings which could not be deciphered. Then Mme Teodorina was taken by female attendants to a bathroom stripped and her skin was treated with chemicals. The complete key to the hieroglyphic was found on her shoulders. She is now held as a spy at some place which is not divulged—Gleaner.

CONFERENCE AT OTTAWA TODAY

Important Results Expected From the Meeting of Dominion Cabinet and Labor Representatives.

OTTAWA, January 28—Important results are likely to follow the conference between the Dominion War Cabinet and representatives of Labor organizations which will be resumed tomorrow with Hon. N. W. Rowell, Chairman of the war cabinet, presiding.

The preliminary conference, which adjourned a week ago Friday last, was not representative of Dominion-wide labor. Tomorrow's gathering will be entirely different in this respect. Labor men will come from all the provinces with suggestions as to the best means of dealing with the problems of labor shortage which is closely associated the pressing need of increased production if the situation in Great Britain and Allied countries is to be believed.

MANGANESE MILL WAS BURNED.

All the Equipment of Company at New Ross Destroyed—Loss \$100,000.

Special to The Morning Chronicle. NEW ROSS, January 28—The big mill and all the equipment of the Nova Scotia Manganese Company at New Ross was completely wiped out by fire about four o'clock on Saturday morning. The watchman was out about three o'clock and there was no sign of fire, and at four o'clock the whole building was a mass of flames.

The loss cannot be replaced with less than \$100,000 and there was only a few thousand dollars insurance.

The origin of the fire is unknown, but it is supposed to be the work of incendiaries, as no fire had been in the part of the building which was first noticed for many weeks. As there was a snowfall that night no tracks could be found.

FIGHTING FIRE WITH GASOLINE

A wood-working plant and garage was burnt at North Sidney on the 19th with a loss of \$30,000.000 some 15 automobiles were burnt, partly insured. A hot rivet dropped on a floor, saturated with oil, started a blaze and an onlooker thru a pail of gasoline, which he thought was water, on the fire and that finished the job, of course, and people had to rush from the building.

They must have queer insurance inspection in North Sydney, when a pail of gasoline can be sitting around, exposed to the air, so that it was carelessly used for water to quench a flame—News.

THE PRICE OF POTATOES

Potatoes are being sold in St. John for fifty cents a peck. And yet in a circular sent out by the Food Controller the following information is given:

At the present time there is a total surplus in Canada over normal consumption of about 6,000,000 bushels of potatoes made up as follows:

Nova Scotia surplus 2,000,000 Prince Edward Island surplus 2,500,000 New Brunswick surplus 1,000,000 Western Provinces surplus 1,000,000

Total 8,000,000 Quebec shortage 2,000,000 leaving a balance of 6,000,000 bushels as total surplus for Canada.

The circular adds that Mr. Hanna will not allow the price of potatoes to go higher. Why this assurance? Does the Food Controller think that he will be doing his full duty if he stops there? Why does he not take immediate steps to make this great surplus of potatoes available for the public? Why a surplus of 6,000,000 bushels of potatoes in Canada, and none of them being exported to Great Britain which also has a surplus, fifty cents a peck is an outrageous price. It would be interesting to know what is the price fixed by Mr. Hanna. For instance, Ontario merchants are asking as high as fifty cents a peck and in several cities are refusing to sell more than a peck of potatoes at a time, although the crop in their localities was abundant.

So far as is known there is no export outlet for this surplus, and, if that is so, we may expect that a large quantity of these potatoes, if not used, will rot before next autumn. That would be a crime, for the retail price of potatoes today makes them a luxury so far as the poorer classes are concerned. Mr. Hanna should take the people into his confidence and tell them whether or not this surplus supply is to be placed at their disposal at a price that is reasonable and just. If not, the public will want to know why.— Telegraph.

MUNICIPALITY MUST LOOK TO FUEL SUPPLY.

Indications Are That Fuel Shortage Will Be More Serious During 1918-19.

OTTAWA, Jan. 29—The commission of Conservation issued a note of warning in connection with the lack of coal. "Unless all signs fail," it states, "the coal shortage next winter will be more acute than this winter, and every effort should be exercised to provide a supply of dry wood. Farmers and villagers will be expected to look after themselves, but in cities and towns the responsibility is developed on the municipal authorities. These should lose no time in organizing to have wood cut, hauled and stored to dry during the summer. If this is not done, the situation next winter may be very serious indeed."

The commission also urged the tapping of every maple tree to conserve sugar supply.

ANOTHER RAID OVER EASTERN ENGLAND.

Hostile Aircraft Attack English Coast After Respite of Barely 24 Hours and Attempt to Penetrate Defences.

Of London.—Raid Still in Progress.—Official Statement of Monday Night's Raid.

LONDON, Jan. 29—Another hostile air raid over eastern England began at 9.30 o'clock tonight and up to the present hour is still in progress, according to an official communication just issued. None of the enemy machines has as yet been able to penetrate the London defences, although there are reports that bombs have been dropped in the outskirts of the city. The communication says: "Hostile airplanes crossed the coast of Essex and Kent about 9.30 p. m. Some machines attempted to penetrate into London about an hour later. "Up to the present none of them has succeeded in penetrating the London defences. Some bombs are reported as having been dropped in the outskirts."

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once hardened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

of others." The wise among us knew from the first that we were not fighting for Canada, but from pure altruism. Now, we can all see that we have been actually antagonizing German plans if not for the uplift of our country at least for the immediate uplift of all its moveable property.

LINER ANDANIA GOES TO BOTTOM. Torpedoed Off the Ulster Coast and Sunk Despite Efforts to Get Her Into Port.

LONDON, Jan. 28—The Cunard liner Andania, reported yesterday to have been torpedoed but not sunk, went to the bottom in spite of efforts to get her into port, according to information reaching the Associated Press today.

The Andania was torpedoed off the Ulster coast on Sunday morning. Press despatches from Belfast said it was believed no deaths resulted from the explosion.

The Andania was a vessel of 13,405 tons. She was built at Greenock, Scotland, in 1913, and since then has made many trips between British and American ports. She was well known at Halifax, having made many trips here in the Cunard passenger service.

ALLIES CAN FURTHER PULL IN THEIR BELTS, LORD RHONDDA SAYS.

NEWPORT, England, January 23—Addressing the farmers of Monmouthshire today, Rhondda, the Food Controller, said that in one week in December submarines destroyed three million pounds of bacon and four million pounds of cheese.

The enemy might put the Allies to a great deal of trouble, inconvenience and privation, but they could further pull in their belts and laugh at the Germans. He claimed to have reduced the price of thirteen of twenty-one articles of prime necessity.

A carload of wheat in Wainwright, Alberta, sold in Port Arthur for \$25.571, 25 at \$2.21 per bushel, the highest price set by the Government.
