HAPPINESS WHERE MUSIC IS CHIEF DIVERSION

"Show me an unhappy family
Where music is the Chief Diversion."

The challenge of a jurist—a character in a novel yes—but isn't it true that music provides happiness. We read daily of the power of music on the war torn soldiers. Can you detect a frown on the face of the "Tired business man" when the strains of a popular march are ringing in his ears.

The Heintzman

embodies everything that is perfect in a musical instrument. Its liquid tone is an inspiration to those who are fortunate enough to be its daily companion.

"The Heintzman can always be seen at our Piano floors."

Christmas Kits for Our Sailor Boys

The following communication which should appeal to our readers has been received by Mrs. H. L. Cole, Secretary-Treas. of the Kentville Branch of the Navy League, from Mr. Percy T. Strong, Secty-Treas. for Nova Scotia:

"As there are thousands of sailors in our port at Halifax at the Xmas season, it is the intention of the N. S. Div. of the Navy League of Canada to supply these brave boys with a Xmas Kit or parcel.

As we will require about four hundred kits, we are making a strong appeal to all divisions of the League and have had a hearty response from some of these.

Now we know very well that the ladies of your community, who are members of the Navy League, have asked what they can do to assist the sailors in this wonderful work. Kindly let them know what we are endeavoring to do and see if they can manage to supply some of these kits for the sailors, for we feel that Nova Scotia should do its share.

Only yesterday we had a special request from the Dockyard, asking if we could possibly supply them, during the next four or five weeks with some 700 sweaters, for ships that are expected in port within that period. At this time of the year, when the weather seems so bitterly cold on the sea, it appears almost impossible for us to supply the demand for thick sweaters and warm socks.

The attention of the ladies is drawn to the fact that the Boys in Blue of the British Navy receive far less than the Canadian Boys in Khaki—the boys of the former get about \$10.00 a month and the boys in the Canadian Navy approximately \$33.00 a month; our boys in khaki also \$33.00 a month.

This is just to show, that we should, particularly at Xmas, time think of the sailor of the British Navy, who has so little pay and given his all to protect our homes from the Hun.

Anyone wishing to assist in this work, will be gladly given information and a book of instructions by applying to the Secretary, Mrs. H. L. Cole, Kentville.
