PROVINCIAL ELECTIONS ON AUGUST 14th

Legislature dissolved on Monday and all Parties Preparing—The Returning Officers Named—Candidates in Field.

The Saskatchewan legislature was dissolved on Monday and a proclamation issued announcing the general elections for the province on August 14th, with nominations one week previous, Aug. 7th.

The announcement came as a surprise to all parties, even to supporters of the government. As a result the government will not have the warm support from its friends that it would otherwise expect. Both parties are now right into the fight.

The Liberals have an office in the Darke block where yesterday they had a big shipment of literature stored which arrived from the east. We understand they are having a telegraph wire installed for their party use.

The Provincial Rights party also got busy at once and the completion of the organization in the constituencies not fully covered will be rushed at once. A convention for Regina City will be held on Thursday evening. This party already has men in the field as follows:

- 1. Pipestone, A. B. Potter, Montgomery, P.O.
- 2. Last Mountain, Malcolm Currie, Goran, P.O.
- 3. Hanley, Frederick Riley, Hanley, P.O.
- 4. Touchwood, G. M. Atkinson, Wishart, P.O.
- 5. Heshberry, W. J. Smith, Fielding, P.O.
- 6. Moose Mountain, J. S. Chambers, Grenfell, P.O.
- 7. S. Qu'Appelle, Robt. C. Sanderson, Indian Head, P.O.
- 8. Prince Albert City, Frank W. Hallday, Prince Albert, P.O.
- 9. Prince Albert County, Wm. H. Hutchinson, Prince Albert, P.O.
- 10. Moosomin, David Miller, M.D., Wapella, P.O.
- 11. Saltcoats, Samuel John Mufford, Rothberry, P.O.
- 12. Pelly, J. J. Wallace, M.D., of Kamsack P.O.
- 13. Athabasca, W. H. Goodfellow, Prince Albert P.O.
- 14. Humboldt, Jos. I. Werner, Watson, P.O.
- 15. North Qu'Appelle, Thos. N. Bee Lemberg, P.O.
- 16. Arm. River, R. G. Seelering, Crail, P.O.
- 17. Saskatoon City, Jos. H. Holmes, Saskatoon P.O.
- 18. Moose Jaw County, John Bastedo, Moose Jaw, P.O.
- 19. Saskatchewan County, W. J. Gold, Langham, P.O.
- 20. Swift Current, Robt. R. Anderson, Swift Current.
- 21. Regina City, Frank J. Reynolds, Regina, P.O.
- 22. Regina County, R. A. Carman, Halden.
- 23. Weyburn, Paschal E. Metheral, Weyburn.
- 24. Souris, Andrew A. Lushart, Carnduff, P.O.
- 25. Francis, W. G. Francis, Francis, P.O.
- 26. Cannington, A. D. McLeod, Arcola, P.O.
- 27. Milestone, A. W. Gatratt, Milestone, P.O.
- 28. Moose Jaw City, Robt. E. Manly, Moose Jaw, P.O.
- 29. Maple Creek, Frank Irwin, Maple Creek, P.O.
- 30. Vonda, Albert F. Totzke, Vonda, P.O.
- 31. Duck Lake, Leon Delorme, of Duck Lake, P.O.
- 32. Rosthern, H. J. H. Gloeckler, Rosthern, P.O.
- 33. Pheasant Hills, John J. Silhan, Esterhazy, P.O.
- 34. Yorkton, Percy B. Mills, Yorkton, P.O.

- 36. Kinistino, James F. Kearns, Kinistino, P.O.
- 37. Wadena, David McKenzie, Wadena, P.O.
- 38. Canora, J. D. Robertson, Canora, P.O.
- 39. Lloydminster, Geo. H. Scott, Lloydminster, P.O.
- 40. Battleford, David K. Weber, Battleford, P.O.
- 41. N. Battleford, A. M. Pantou, N. Battleford, P.O.

THE CROP PROSPECTS ARE EXCELLENT

Tour of Wm. White and Winnipeg Men Through The Wheat Country—120,000,000 Bushels of Wheat is the Estimate.

The main topic of conversation in all places these days is the growing crops. Everyone is interested in this year's crop. A successful harvest means much in the restoring of financial confidence. The banks are anxious for a good harvest to clear up a lot of paper. The railway companies are also much interested as they have to get their rolling stock in shape. To size up the crop Second Vice President White of the C.P.R. toured the wheat belt last week in company with several Winnipeg gentlemen. On the tour R. L. Richardson, who was one of the party writes for the Winnipeg Tribune as follows:

The west is certainly a wonderful country. Even the people who live in it have little or no conception of the greatness and unlimited resources. Four days spent in an observation car drawn by a swift running locomotive, serves to convince one, at least to some extent, of the wonderful development and marvellous possibilities of the west. When it is remembered that such a sweep around the circle and only securing a glimpse of the fringe, it is calculated to produce thoughts about the future and the figures pertaining to total production that makes one dizzy. It would be a dull and laborious task to trace in the ordinary way over the immense district covered and report upon the crop, but when the task is reviewed by the comfortable accessories of official travel with the flower of the service as host, and every facility for observation and study, including maps, etc., is provided, and the talk ensemble is relieved by good company, entertaining, instructive and inspiring story, to say nothing of a beautiful profusion of fragrant flowers, the product of the magic prairie, ever before you, the case is entirely different.

On the invitation of Mr. White, 2nd vice president of the C.P.R., a party consisting of Sir Daniel McMillan, Mr. G. J. Bury, Andrew Kehly, manager of the Western Canada Flour Mills, Geo. V. Hastings, general manager of the Lake of the Woods Milling Co., W. A. Black, manager for Ogilvie's Mills; J. T. Arundel, acting general superintendent and the editors of the Winnipeg dailies, left Winnipeg early Tuesday morning for the purpose of viewing the standing crops, making an estimate of the probable yield, sizing up the facilities for handling the same, and in a general way viewing the crop situation.

The special train carrying the party consisted of Mr. Whyte's private car, "Manitoba," Mr. Bury's car, "Champlain," a baggage car and a swift engine, which was in charge of the well known and reliable engineer, James Stuart, who drove the engine throughout the entire trip. W. B. Anderson was the fireman. Conductor E. S. Ward was in charge, and Messrs. J. Adrain and W. J. Johnson were attached to the crew. "Courtney" the well known artist, was in charge of the cuisine department.

During the trip a distance of 1,728 miles were covered and sometimes the train ran at a speed of 85 miles an hour. The run throughout was not attended by any mishap, although great speed was maintained and often upon the branch lines.

McCarthy's Midsummer Sale

On the Tables go our Summer Goods, and yet there is time to use them, so at these Low Prices we ask you to look through the Stock

- Dry Goods**
Print Sale, 10c and 12 1-2c

The McCarthy Supply Co., Regina's Greatest Store.

For the Housewife!

FOR CLEANING CARPETS USE SUFFICIENT "YOUNG TOM"
to make a pailful of rich suds. Take a sponge or woollen cloth (sponge preferred) dip into suds and squeeze until reasonably dry; wipe over surface of carpet, covering a small area at each time, then after thoroughly rinsing in clean water take sponge and go over soaped surface thus removing all traces of soap from the carpet. Sponge over the whole carpet in this manner and you will find that you have it thoroughly clean.
Makes Carpet Look Like New
"YOUNG TOM" Washing Powder

SPLENDID STOCK

At the Provincial Fair—Lieut. Governor Opened the Show on Tuesday—Good Crows

The first provincial fair opened yesterday with fine weather and a good attendance. The exhibition was declared open by Lieut.-Gov. Forget at 1.30 in front of the main building.

The exhibit of stock is splendid and surpasses that of any former show. The machinery section is also well filled and attracts a good deal of attention.

The main building is a disappointment. While it is all filled yet in many cases it has not the exhibits that should be there. There are too many hawkers and not enough exhibitors. The exhibits of local men are too few; however, the prices for space was raised and that may account for the change from past years.

The platform attractions are good and many good speeding events are on the card.

We will give a list of the prize winners in our next issue.

South Qu'Appelle has cancelled its exhibition which was to have been held on July 30 and 31st. The reason given is conflicting excursions to the Indian Head experimental farm.

This fact testifies to the universally good condition of the road bed by the branch lines as well as the main line. The main line is in as good condition as any road on the continent. Special care has been taken to maintain the excellence of the main line, especially in view of the enormous strain that is likely to be placed upon it in connection with the moving of the present crop. One of the objects of the tour of inspection was to see that the roundhouses, the rolling stock, switches, yards and everything pertaining to the operation of the road was in the best condition to cope with the expected rush of business.

THE CROP
It would be superfluous to enter into any details with regard to the conditions of the crop. Speaking generally, it is excellent. The area under cultivation is enormous. As one sweeps over the prairie, he is struck with the contrast between the conditions now and ten or fifteen years ago. Instead of finding an occasional wheat fields and great expanses of virgin prairie, as was the case some years ago, the situation is reversed. There are miles upon miles of waving grain and an occasional stretch of uncultivated prairie.

The first day was consumed inspecting through southern Manitoba, via the Deloraine branch, and on to Estevan. While the crop in this portion of the country was, generally speaking, pretty good, quite a number of fields were noticed that were not up to the average. In some cases it appeared as if the fields needed rain, but the downpour that followed shortly after the train swept through corrected this situation. It was quite evident that the farmers had not been doing their duty with regard to the removal of weeds, as very many fields exhibited evidences of slovenly farming.

From Estevan the train moved north over the Soo line to Moose Jaw. Some light crops were noticed between Estevan and Weyburn, although there were thousands of acres of first class wheat. From Weyburn to Moose Jaw the crop was generally fine.

On Wednesday the train moved over the Arcola line from Regina down to the Souris country and then up to Brandon. With a few rare exceptions the crop along this stretch was found to be in good shape and the yield will be heavy.

The following day the party ran over the Kirkella branch clear up to Saskatoon. Along the Qu'Appelle valley the crop did not appear to be as advanced as was observed in some other portions of the west, but on towards Saskatoon some of the best crops that were noticed during the trip were found.

There is wonderful development through that district, stimulated no doubt, by the active construction of railroads. A pleasant stay was made at Saskatoon, where the enterprising citizens of that bustling metropolis did everything in their power to interest and entertain the visitors. There is no doubt that Saskatoon, located as the city is in the centre of a wonderful productive region, has a bright future before it.

Passing from Saskatoon to Regina some very fine fields were observed.

(Continued on page 3.)
