THE CHATHAM DAILY PLANET

FRIBBLES OF FASHION.

Smart Neckwear For Summer—Ornamental Stock Collars.

The stiff white collars with lining and tie of the ubiquitous heavy plaid silk are quite new.

Butterfly bows have gone out, and all the new neckwear show rosettes or four-in-hands. Ornamental stock collars are again fashionable. One style is of pink net and white ribbon, reversing the usual color combination, sewed together by opalescent beads.

Embroidered strips sold by the yard for collars and fronts for shirt waists are by no means new, but this year some of the dealers are making the strips on heavier material, so they are less liable to crush, and the machine

A Dainty Little Frock—500.

made designs upon this new material give much the appearance of hand work.

The predominant note of the spring fashions in waists is the use of soft, clinging materials. Crepe de chine and soft silk will enjoy even more favor than they have enjoyed this winter and will largely supplant the lingerie blouse.

Some of the faintest and most attractive of the season's frocks worn by the young girls are made in princess style—that is, with the waist and skirt joined, making one garment. Here in the cut is a very attractive one that combines tucks with shirring and is trimmed with the fashionable plaited frills.

JUDIC CHOLLET.

ATTRACTIVE TRIFLES.

Include a Silk Frock in Summer Outfit—Short Walking Skirts.

A good silk frock is one of the necessities to include in the summer wardrobe. One of the most conspicuous of the spring silks is the rajah variety, which is shown in all the new color combinations and designs. There are fascinating plaids and stripes in two tones in wide and hair line effects.

Alce blue is again to figure as a modish color, and in silks this shade is especially effective with the new satin sheen.

Apple green taffeta worn over a blouse of fine fluny lace in a deep cream shade is a charming summer

BISHOP NIGHTGOWN—5003.

gown. A touch of black on the bodice in the form of a butterfly bow is decidedly French on such a costume. The plaited skirt holds its own for street wear on the new spring suits. It is cut three inches from the ground and is only objected to by women who do not wear dainty shoes.

Long skirts are worn on all house dresses. A train is not necessary, but a good sweeping length is needed.

The pony jacket, though seen in a number of smart models, is not as modish as it has been, but it will be ranked with the styles that are good taste. This means much, for it implies that whoever wears it has not gone wrong in selection.

Here is a nightgown that is at once simple and dainty. It is sufficiently open at the neck to allow freedom, and its sleeves are wide and loose, yet there are no fussy details about the pattern.

JUDIC CHOLLET.

A SPRING DANGER.

Many People Weaken Their Systems By Dosing With Purgative Medicines.

A spring medicine is a necessity. Nature demands it as an aid to enriching the blood and carrying off the impurities that have accumulated during the indoor life of the winter months. Thousands of people recognize the necessity for a spring medicine, dose themselves with harsh gripping purgatives. This is a mistake. Ask any doctor and he will tell you that the use of purgative medicines weakens the system and cannot possibly cure disease. In the spring the system needs building up; purgatives weaken. The blood should be made rich, red and pure—purgatives cannot do this—What is needed is a tonic, and the best tonic medical science has yet devised is Dr. Williams' Pink Pills. Every dose of this medicine actually makes new, rich, red blood, and this new blood strengthens every organ and every part of the body. This is why these Pills banish pimples and unsightly skin eruptions. That is why they cure headaches, backaches, rheumatism, neuralgia and a host of other troubles that come from poor watery blood. That is why the men and women who use Dr. Williams' Pink Pills eat well, sleep well, and feel active and strong. Miss Mabel Synott, Lisle, Ont., says:—"I was pale and weak and suffered greatly from headaches, and I found nothing to help me until I began taking Dr. Williams' Pink Pills. These have completely restored my health and I bless the day I began taking them."

But be sure you get the genuine Pills with the full name, "Dr. Williams' Pink Pills for Pale People," on the wrapper around each box—all other so-called pink pills are fraudulent imitations. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

HOTEL MAN'S STORY.

St. Lawrence Hall, April 5.—Manager Brown and Mr. Humphrey, of the St. Lawrence Hall, have made the following affidavit and had it published in the local papers:

"As the name of our hotel has been mentioned in connection with the accusations recently made against the Hon. Mr. Emmerson, we wish to make a formal declaration that during the 20 years of our acquaintance with him, the Hon. Mr. Emmerson has never been turned from the door of the St. Lawrence Hall, under any pretext of any kind whatever. This accusation is absolutely false, from beginning to end, in so far as it concerns us."

Nurses' and Mothers' Treasure

—safest regulator for baby. Prevents colic and vomiting—gives healthful rest—cures diarrhoea without the harmful effects of medicines containing opium or other injurious drugs.

Cures Diarrhoea. 42c. at drug stores. National Drug & Chemical Co., Limited, Montreal.

Soe Still Ice Bound.

Detroit, April 5.—Although two big steamers are in the ice at the entrance of Soo River at Detour, and more are coming, the opening of Lake Superior navigation is not expected until April 12 or 15.

The ice from the Soo to Detour is from 12 to 15 inches thick. Above, the ice remains almost solid to Parisian Island. A drizzling rain set in yesterday and has commenced to soften the ice.

GOT A PAIN IN YOUR BACK?

You got a pain in your back, and you wonder what is the matter. You perhaps pay no attention to it. Backache is caused by imperfect action of the kidneys, in fact, is the first sign of kidney trouble to follow.

The kidneys, proper, are composed of a close network of fibrous tissue, interlaced with tiny elastic fibres. Their object is the excretion of the uric acid, and other poisonous matter composing the urine, from the blood.

They are continuously at work to preserve the general health of the body and most people are troubled with some form of kidney trouble, but do not suspect it.

Some of the symptoms are: A feeling of weakness in the small of the back, sharp pains in back, puffiness under the eyes, and swelling of the feet and ankles, urinary troubles such as suppressed urination, excessive urination, cloudy, thick or highly colored urine, etc.

Mr. J. E. Wainwright, Oshawa, Ont., writes: "I suffered for two years with kidney trouble. I had terrible pains in my back, hips and legs. I could not sleep and had a poor appetite. I took four boxes of Doan's Kidney Pills, and the pains left me, my appetite returned, I now sleep well. I can recommend Doan's Kidney Pills to anyone suffering from kidney trouble."

Doan's Kidney Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

It is generally the other fellow always gets licked.

It is much pleasanter to skip a board bill than to walk the plank.

TO OUR ADVERTISERS!—All parties desiring a change of advertisement in The Planet must have their "copy" at this office the night previous to day of insertion. Otherwise we cannot guarantee a change.

MODISTIC MATTERS.

Shirt Waist Shoulders Broad—Useful Spring Frocks.

Broad shoulders characterize the first of the spring shirt waists. The smartest design for a linen shirt waist is made with three deep plaits on each shoulder back and front. At the back the plaits taper toward the waist. The regular shirt waist sleeve is used, finished with a straight cuff. The stitched

REPARATE TONE WAIST—5570.

plaits and broad shoulder line give this shirt waist an air of newness. The neck is finished with a band, and an embroidered linen collar of the stiff kind is worn.

The lingerie waist will be much in vogue; still there will be a great demand for tailor made linen waists.

A practical and pretty dress for spring is of smoke gray voile trimmed with the same shade of taffeta intricately embroidered with soutache. With the blouse and skirt goes a short jacket of taffeta almost entirely covered with braiding and so cut that the sleeves and body appear to be in one, and the sloping shoulder line is unbroken. The collar and chemise of this frock are of embroidered batiste of a cream tint trimmed in real Valenciennes, a narrow central plait bordered on each side by this lace edged plaitings of batiste.

Stiff linen collars are embroidered with a tiny flower in black and other shades besides the omnipresent Scotch plaid.

The waist that can be worn over a separate yoke is one of the latest developments of fashion. The model illustrated is well adapted for washable materials, wool and silk. The cuffs are adjustable, so that the sleeves can be long or short at will.

JUDIC CHOLLET.

MILLINERY FORECASTS.

Hat Shapes Still Prevail in Headgear. Narrow Braids.

The newest veil is circular in form and made of brussels net with a border of chantilly lace or of ribbon trimmed plaitings.

Among the spring shapes in straw, flat, narrow braids are more in evidence than the fancy silk straws that have reigned for several seasons.

Hats with wide brims that taper to nothing in front and widen out in some

KIMONO DRESSING SACK—5583.

cases to extravagant widths in the back are shown in models of both straw and straw and mallines. Bell shaped crowns and brims that roll up high at the left side and are very narrow elsewhere make chic little hats, especially where their severity of outline is softened by ostrich plumes, which, by the way, show no signs of abdicating their place as the most popular hat trimming.

Small and easily molded shapes of leghorn and panama straws will be extensively worn this spring. These hats are bent without rule or reason into becoming lines. No shapes are, however, worse traps for the unwary than these same simple ones of the small type, for unless their lines are exactly right the individual who wears them is apt to look as grotesque and ridiculous as in the small shepherdess shapes or the brimless polo caps that prevailed for a short time some seasons ago.

Black and white effects are favorites in the outing class of chapeaux.

The negligee illustrated is not a specially new effect, but one whose comfort has been well tried. It is made of flowered challis with bands of silk, and when worn over a smart lingerie petticoat is very fetching.

PASTOR AND PEOPLE PRAISE

PSYCHINE (PRONOUNCED SE-KEEN)

A Marvellous and Triumphant Record of Victory Over Disease.

No medicine has ever effected as large a number of wonderful and almost marvellous cures as Psychine. It has had one continuous record of victories over disease of the chest, lungs and stomach. Where doctors have pronounced cases incurable from consumption and other wasting diseases Psychine steps in and rescues numberless people even from the very verge of the grave. Coughs, Colds, Catarrh, Bronchitis, Chills, Night Sweats, La Grippe, Pneumonia, and other like troubles, all of which are forerunners of Consumption, yield quickly to the curative powers of Psychine.

Mrs. Campbell, one of the many cured, makes the following statement:

"I cannot refrain from telling all who suffer of my remarkable recovery with Psychine. In April, 1905, I caught a heavy cold which settled on my lungs and gradually led to consumption. My lungs were diseased, my night sweats were insupportable. My doctor, Mr. J. H. Fryer, of the St. John's Hospital, recommended Psychine to me, when I was living in Ontario. After using Psychine for a short time I ate and slept well, the night sweats and cough ceased. Months ago I stopped taking Psychine, as I was perfectly restored to health and to-day I never feel better in my life. Psychine has been a god send to me."

Mrs. Campbell, 179 King St. W., Toronto.

PSYCHINE never disappoints.

There is no other medicine "Just as good."

At all dealers, 50c. and \$1.00 per bottle.

Dr. T. A. SLOCUM, Limited, 179 King St. W., Toronto.

Dr. Root's Kidney Pills are a sure and permanent cure for Rheumatism. Bright's Disease, Pain in the Back and all forms of Kidney Trouble. 25c. per box, at all dealers.

Strange Story of a Dream.

A correspondent sends the following anecdote, or, as he calls it, "case of thought transference," which was told him by an eminent engineer, whose name we withhold. This well known engineer had been to Bulawayo on the occasion of the opening of the railway to that place. A friend who accompanied him on the occasion contracted enteric fever and died on the homeward voyage. Half an hour before he died his hair turned perfectly white.

On arriving in England the engineer went to break the news to the young man's sister. He found that not only did the lady know of the death of her brother, but she knew the time and the circumstance of the hair turning white. The engineer was requested to break the news to the father and mother as gently as possible, but to say nothing of the hair turning white. After a journey of 100 miles he found that both father and mother, whom he saw separately, not only knew of the death of their son, but knew of his hair turning white at the time of his death.

Each had had a dream, a vivid dream, at the moment of the death taking place, and each had kept his and her own counsel, and they had not spoken to each other of the dream.—London Mail.

CONSTIPATION CLOGS THE BOWELS

No other cause produces so much sickness as constipation, and therefore it is dangerous to allow the bowels to become clogged up. Bad blood, dyspepsia, headaches, biliousness, boils, pimples, and piles, are all caused by constipation.

Avoid all of these troubles by the use of

BURDOCK BLOOD BITTERS,

nature's remedy for all diseases of the stomach, bowels and blood. It acts on the bowels and promotes their free and regular action, curing constipation and all troubles which arise from it. It has been on the market for over thirty years so you are not using a new and untried remedy. B.B.B. has cured thousands of others and will cure you. Mr. B. Woodcock, Naskwaak Bridge, N.S., writes: "For over two years my wife was troubled with constipation. She tried several physicians but could get no relief, but after taking three bottles of Burdock Blood Bitters she was completely cured and is to-day in good health. My wife and I cannot speak too highly of B.B.B."

Obtaining.

Dismal Old Lady—I don't suppose I shall ever want another pair, Mr. Stubbins. Oglethorpe Elderly Shopman—I 'ope you'll wear out a lot more shoe leather yet, mum. Dismal Old Lady—Ah, but I've one foot in the grave already. Oglethorpe Elderly Shopman—Most 'appy to sell you a single boot, mum.—London Mail.

Dry Salt—each tiny grain keeping fresh and piquant. Never caking. It's WINDSOR TABLE SALT. Use it.

There is nothing humbler than ambition when it is about to climb.

OLD COACHING DAYS.

Some Adventures in New Brunswick Half a Century Ago.

A correspondent writes to The Moncton Times as follows:—"Forty-five years ago, on the 14th of November, 1861, I left the St. John's Hotel, of St. John (N.B.), in the King's mail coach, driven by John Crabb, with seven passengers on board for 'The Bend,' as Moncton was then called. There had been a heavy snowstorm for some days—snow and frost. The wind came around south with heavy rain—a good deal like the weather we are having now. We left the hotel at six o'clock in the evening with two span of horses. When we got to the marsh road bridge the driver stopped and sung out to Nos. seven, six, and five to jump out as he could take only four passengers. Mr. Henry, who was going to Mr. Prince's funeral, being No. seven, jumped out. He handed a parcel to the driver to give to Mr. Prince's family. All the rest of us kept our seats and paid our passage and had our names objected to jumping out, as we had registered in the hotel book."

Walked Through the Mud.

We all talked the matter over and told the driver that we would walk up the hills and bad places. The driver, being a fine fellow—no better on the road—consented to try, as we said we would walk over the bad places. He started again, but got stuck in the mud at the bottom of a hill. We got out and walked through the mud. Some of the bridges were washed away by the freshet. We got along the best we could—out all night. We got to the old Moncton Hotel, kept by Mr. King, about four o'clock in the evening—twenty-two hours coming from the St. John Hotel to the Moncton Hotel. Just think of the difference in traveling now—could go to New York in that time. As I have said, we got to the Moncton Hotel about four, nearly dark.

Schooner Was Frozen.

I ran round to see what chance there was of getting to Shediac, and if the little schooner Oregon was still running. I was told that she was frozen in at Summerside, but might have got out since the soft weather set in. I found the man who drove the mails to Shediac. He had a rickety old wagon. I asked for passage. He said he thought he could take me, and would leave in half an hour, which he did. I saw a few friends, and then got aboard his rickety old wagon for Shediac, and, after quite a journey over the bad roads, arrived there and was delighted to hear that the little packet Oregon, of thirty-five tons, had arrived that day. I went across in her next day to Prince Edward Island.

No Fur Coats Then.

Let young men who read this think of the difference in traveling then and at the present time. No fur coats to muffle up in then. Hurrah for Canada and the governments that have made her what she is to-day! Some of those who were on board the coach were John McKenzie, ex-Mayor of Moncton, the only one except myself who is now living. Police Magistrate Humphrey Gilbert, of St. John; Robert Cutler, M.P.P. for Kent Co., and Capt. Howard Beatty, of Moncton.

"Although we were twenty-two hours on the way we all enjoyed ourselves very much. There was a jolly time on board. Great political speeches by 'Cutler, McKenzie and Beatty, and great cheering. Never heard better speeches at that time. There was the county election going on at that time."

JUST SEVEN YEARS AGO.

Paardeberg Fought and Won in the South African Campaign.

Seven years ago Feb. 27, "there came a tale to Canada," which, while bringing, as it did, sorrow and pain to many, yet was the cause of heartfelt rejoicing throughout the whole Dominion.

This news was contained in a cablegram from Field Marshal Lord Roberts, then commanding His Majesty's forces in South Africa in the war against the Boers, to the British War Office in London. It told its own story in simple words, and reads as follows:

"Paardeberg, Feb. 27, 7.45 a.m. 'General Cronje and all of his force capitulated unconditionally at daylight and is now a prisoner in my camp.'"

"The strength of his force will be communicated later."

"I hope H. M. Government will consider this event satisfactory, occurring, as it does, on the anniversary of Majuba."

Present at Paardeberg was the 2nd Battalion R. C. R., commanded by Lieut.-Col. Otter, and they did their part on that day nobly, earning unqualified praise for their steadiness and discipline under fire, from Lord Roberts himself.

The casualty list in the R. C. R. numbered 8 men killed and 29 wounded.

Canada Americanized.

Why on earth the newspapers should devote so much space to the trial of one of the degenerates of New York moral depravity, for the murder of some of the other evening where one of the guests was a well-known journalist and man of literary attainments, who has recently visited Canada and the United States. "You Canadians appear to have no love for the United States," was one of the first remarks levelled at the writer. "If we have little love for the United States the reason is to be found in the fulsome adulation of everything American in England," was the reply.

5th GUEST AWARD, ST. LOUIS, 1904.

Engraved Easter Eggs. Engraving on eggs is a special art in South America. The tools used are extremely delicate, and the utmost precision must be used in the process. The varying depths of the engraved line give light and shade to the design, and the result of this pure line engraving on the smooth oval shell is surprisingly beautiful. On the first day of spring the Easter eggs are put on exhibition, and no store is too small and shabby, none too important and imposing to fail to have its stock of eggs ready. A popular design shows a map of South America on one side and on the other two clasped hands, with a liberty cap below and a rising sun above.

3c. a day will Cure Rheumatism.

The aim of most "cures" for Rheumatism seems to be to relieve the pain. When they have done that, their usefulness is gone. And the next time you take cold, or your feet get wet, or you over-exert yourself, back comes the pain.

Bu-Ju The Gentle Kidney Pill

is different. It does relieve the pain, as quickly as the best liniment. And it does MORE. IT REMOVES THE CAUSE OF Rheumatism, uric acid in the blood.

Every drop of blood passes through the kidneys. These organs should filter out impurities. When they are weak, inflamed or diseased, the impurities stay in the blood and are carried to the sensitive nerves. Rheumatism is simply this irritation of the nerves, caused by uric acid and other impurities being deposited upon them—their favorite place being the joints and muscles. Make the kidneys filter the blood properly, keep the blood pure and rich, and there can be no Rheumatism. Bu-Ju does this.

Buy Bu-Ju on an unconditional guarantee that they will cure you or money refunded. At all druggists, soc. a large box, or sent on receipt of price.

THE CLAFIN CHEMICAL CO., LIMITED WINDSOR, ONT.

The Old Feather Bed.

What has become of the old fashioned feather bed? We mean the kind so high it required the service of a step-ladder to climb into it? Did you ever climb into one of them when you were a kid and sink down, down, down, till you gasped and wondered when you would touch bottom and if you didn't need a life preserver? And do you remember how good it felt upon a cold morning when you poked your head from under the covers and saw the window panes frost covered? And do you remember how you used to climb out of its billows, half dress yourself, shivering, teeth chattering, run down stairs and steal behind the kitchen stove, half your clothes in your arms? And how good those griddlecakes and sausages smelled! Feathers may not be healthy to sleep on, as claimed by doctors, who probably never slept on them, but they seemed mighty good to the kid. Why doesn't somebody write a song about "The Old Feather Bed?"
