## COAL WOOD GAS

Never before has a range been made that would give entire satisfaction with all three of these fuels. But in the

**Perfect Idea**  
we have the one and only range that is satisfactory for each and every one of them. We know it is right and it will give us pleasure to prove it to you.

And remember, the cost to you is no more than any other high grade range would be with which only coal and wood can be used.

Why not have one on trial? You run no risk. We will take it away if you are not entirely satisfied.

## If You Suffer with Rheumatism

Dr. Shoop's Rheumatic Remedy Will  
Bring the Utmost Relief that  
Medicine Can.

The one remedy which many physicians rely upon to free the system of the Rheumatic Poisons which are the cause of all Rheumatism, Lumbago, Sciatica, Gout, Dr. Shoop's RHEUMATIC REMEDY. Dr. Shoop spent twenty years in experimenting before he discovered the combined chemicals which made possible one almost always certain cure for Rheumatism, etc. Not that Dr. Shoop's RHEUMATIC REMEDY can turn bones again—that is impossible. But it drives from the system the poisons which caused the swelling, pain and stiffness, and then it drives out the end of the pain, leaving the system free of Rheumatism, etc. This remedy never fails where a cure is possible. It is put up in tablet form—convenient and economical. You who have suffered and are suffering today from pain and stiffness which you know to be Rheumatism; you who experience lameness or twinges of pain in damp weather; you who easily become stiff and lame without apparent cause—just try DR. SHOOP'S RHEUMATIC CURE. It is just the kind of a remedy that accomplishes results. Sold and recommended by

STUDENT VOLUNTEER CONVEN-  
TION.

To the Editor of The Planet:

After hearing, at Park St. Church,  
last night, the Rev. Mr. McGillivray's  
fine description of the Student  
Volunteer Convention, held at  
Nashville, I shall be much pleased  
if you will kindly print the enclosed,  
and I shall be most happy to meet  
personally any desiring to become  
students.

The Moody Bible Institute of Chicago,  
Correspondence Department.  
Mr. W. Martin, Chatham, Canada:

Dear Friend,—As one whom we be-  
lieve is interested in all forms of  
Bible study, as well as the work that  
the Institute is carrying on, we want  
to call your attention to our Corre-  
spondence Department.

This department is the direct out-  
come of Mr. Moody's own desire to  
help the individual persons whom he  
met as he travelled over the country,  
who had a longing desire for a  
systematic study of the Word of God.  
Especially did he long to give an  
opportunity of "home Bible study"  
to those who could not, for many  
reasons, personally attend the In-  
stitute or any other Bible school.

We are sending you, under separate  
cover, a prospectus which we trust  
you may have time to look over  
carefully and see the work that  
we cover.

If there are among your friends  
and acquaintances, either about  
your own home or in some sections  
of the country, those whom you think  
might be glad to avail themselves  
of the opportunity offered, we  
should appreciate your giving us  
their names on the enclosed slip. We  
inquire that we should appreciate  
a fully any effort on your part in  
extending this notice.

Thanking you in advance for the  
same, we remain,  
Sincerely yours,

Monday, May 14th, commencing at  
two o'clock p. m. All those inter-  
ested in Sunday school work are in-  
vited to attend. A very instructive  
program has been prepared. Mr.  
Hardy, teacher training secretary  
Ontario Sunday School Association,  
will be present and will give several  
addresses. A conveyance will meet  
electric car at 15th concession to con-  
vey delegates to church.

When prospects in this vicinity are  
quite good, Frost has damaged it  
very little. There is a larger acre-  
age of wheat than there has been  
for years and the outlook is bright.  
The new seeding of clover is good,  
but part of the old seeding has been  
damaged by the frost. There was  
never in the recollection of the oldest  
settler as much plowing and ditch-  
ing done in the fall as there was  
last year, and with favorable weather  
the spring seeding should be  
done rapidly this year. —Tilbury
