## BATHURST MURDER

### Text of Evidence Taken at Inquest.

On the night of the 11th of Oct. a mate of the schooner Georgia, registered at Boston, was struck by a bottle thrown at him by a sailor belonging to the same vessel, and badly injured. The mate was removed to the Marine Hospital and attended by Doctor Duncan, and after lingering for about a struck between them after getting into Bathurst Harbor. On the 11th instant, the mate (Mason) went ashore in the evening. I told the mate before going ashore to be careful of Lyman as I had heard asked him how he was and he said that he was raising a mob to beat the was about the same. On Satand after lingering for about a week, died. At the time of the row, the men were in a saloon kept by a man named Kenny in Bathust Village, where the schooner was moored to load for Messrs, Summer Co.

careful of Lyman as I had heard that he was raising a mob to beat him. Lyman left the vessell without leave on Saturday and was about the same. On Saturday evening last the mate and I left the vessel together and went up to a little saloon about a quarter of a mile away and entered there have Lyman and the two Norwegians in the shop I found the man participant of a mile away and entered there have Lyman and the two Norwegians iting severely and semi-conscious summer Co.

Addison Peterson Seamen. The that he was going to meet Lyman, them. trouble on board on the passage here from New York. About four days out whe we were getting under way So New Haven harbor I heard rough talk forward between ments on his visit to the vessel large and the state of the large and the state of the large and Lyman and deceased. "Come down on deck" Burns Mason at that time was on the forecastle deck and he jumped down, and Frank while led and made at him with a steath knife, then Mason got a steath knife, then Mason got a steath while and hit at the knife. This was in the day time about the knife. This was in the day time about the cause of his hurt. On Tuesday morning he said something about it. The first time crown.

In my opinic a think it was done with a bottle. In the cause was a said something about it. did not succeed in knocking the (the mate) had no other row with knife out of Lyman's hand and he the sailors during the voyage and dropped the capstan bar and they clinched. In the clinch Frank cut Mason over the eye with the knife. Mason got Lyman down on the deck and would have beaten him only I came along and stopped the capstan bar and they clinched. In the clinch Frank cut Mason got Lyman down on the deck and would have beaten him only I came along and stopped the capstan bar and they board trouble on board. The mate did not say on last Saturday night that he was going ashore to see if Lyman down on the deck and would have beaten him only I came along and stopped the capstan bar and they board the rouble on board. The mate did not say on last Saturday night that he was going ashore to see if Lyman down on the deck and would have beaten him or not. It was a middling cold day when the mate the last Saturday him persong for the crown. Jury called and all present.

ians entered on my log as deserters. Sumner Co.

A we rrant was issued by J. E. O'Brien J. P. against the sailor whose name is Frank Lyman for assault, but the man was not captured, and after the man's death, it was found that the sailor had disappeared from the vicinity of Bathurst.

Inquest on the body of Burns Mason taken at Bathurst, N. B. this 18th day of October, A. D. 1902, before John C. Meahan, Coroner.

ians entered on my log as deserters, but now young as deserters. Burns Mason did not come back to the vessel Saturday night. I heard that he was hurt so I went up street and found him sitting on a chair with a man holding him. Lyman was not there. There were also seven or eight people there whom I did not know. Mason was sick and bleading profusely from a wound in the head. He recoged and spoke to me. With one man on each side of him we tock him to Dr. Duncan's office. The doctor dressed the wound, and I drove him down to the hospital. Lyman jumped on him. I did not same condition, but apparently in same condition, but apparently in large the sailor were standing outside the place when we went in and, the mate asked them and acouple of fellows belonging to the place to go in and have some keer. The mate did not have some keer. The mate did not have some keer. There were four or five the wound dressed and had found it to be a scalp wound. Had him carried to my office. Found the wound on the left side of the wound on the left side of the wound found it to be a scalp wound. Had him carried to my office. Found the wound on the left side of the wound found it to be a scalp wound. Had him carried to my office. Found the wound on the left side of the wound on the left side of the wound found it to be a scalp wound. Had him carried to my office. Found the wound on the left side of the wound on the left side of the wound on the left side of the wound in the wound in the head. He recoge and spoke to me. With loog is and with head and face covered with blood. With assistance, I had him carried to my office. Found drove him down to the hospital. Lyman jumped on him. I did not same condition, but apparently in He has remained there since. He see any weapon in his hands. I natural health and feeling well

the body and returned to the office of John E. O'Brien Esq., J. P. Jury noon but he did not then know me, then helped the mate with the fairly well. On Thursday he was realled all acceptant to the schooner and said he was feeling then helped the mate with the fairly well. On Thursday he was called all present. John J. Har- and I saw him since he died, this assistance of another man to the in the same condition as Wednesrington Clerk of the Perce appeared for the Crown. The Jury unanimously suggested that the coroner direct that a post-mortem examination of the body of the deceased be made.

And I saw him since he died, this assistance of another man to the morning. Mason belonged to Stormont Country Harbor, Guystanimously suggested that the coroner direct that a post-mortem examination of the body of the deceased be made.

And I saw him since he died, this assistance of another man to the morning. The doctor's office. The doctor dressed the wound and the captain brought the wound and the captain brought the mate to the hospital. I helped to put him in bed. He could not walk. I saw him on board the morning. All day Friday he was morning. All day Friday he was deceased be made. me for over a year. I intended to vessel on Tuesday following. He conscious and did not complain, R. Longmire sworn: My place take him back with me. I always stayed about fifteen minutes. He but he was rather slow to answer of residence is in St. John N. B. found Burns Mason a sober, steady came down again on Wednesday questions and comprehend. Friday My occupation is seafaring and I man.
