Longboat is still "resting" here

Wonder who prescribed the rest cure for 'the Indian'?

London Sporting Life: "McIntosh of Sydney" has made up to date £27,000 clear from the Burns-Johnson battle, and the increase to his treasury is rolling in at the rate of £1,000 a week from the pictures. As they will assuredly last a year, £50,000 more should be added to his bank account growths. Year, £50,000 more should be added to his bank account ere the tide turns. Think of it, ye opponents of boxing— £77,000 profit from one world's championship contest, and say if you dare in face of that, that boxing is not popular with the people! The pictures are being shown now in India, China, Japan, South Africa and Caylon. South Africa and Ceylon.

London Sporting Life: Now we have witnessed the production of the whole fourteen rounds the contest lasted, it is possible to gain an idea of how Johnson gained his championship title. From first to last he shows himself undoubtedly to last he shows himself undoubtedly the better man. Round after round we notice the introduction of his splendid upper-cut, which proved the undoing of his famous rival. We can, however, but admire the manner in which Burns sticks pluckly to his task of attempting to gain the upper hand of his taller\_and heavier opponent.

Basketball Lovers Will Have Chance to See the Great Game.

All those who wish to take in the special excursion to Buffalo on March 3, accompanying the Hamilton basketball team on their return match with the Buffalo Germans, are requested to leave the manager Lang's office.

We have a bandoned in disgust.

We have been a mystery to the matter of the Shrubb race have been a mystery throughout, no more as at any time than yesterday when he once more started for the train for Buffalo, only to beek out. His manager, Mr. Pollok, Campon to the risk in the special excursion to Buffalo and his wife were stopping with a friend, to see what could be done. Longboat, despite the fact that his managers, with whom he signed a contract, had definitely contracted for his appearance in Buffalo, made all sorts of demands on his own hook. Some of these were ridiculous in the extreme, but were finally agreed to in the hope of holding the match. At 5.50 p. m. Longboat said would come, and got on his hat and coat to make the train out of Hamilton, only the propose of the Torontos worked like men who had been ordered by their physicians not to ver-exert themselves. He was abandoned in disgust.

Mr. and Mrs. Longboat both declared that he would not run in America again unless under his own management, for \$5,000 cash a race, but aside from the matter of condition and of financial differences with his managers, there appears to be a well defined belief across the border that the Indian does not greatly care to tackle Shrubb in any sort of race under the Marathon distance after the showing up he got in the early stages of the New York match.

For a week before he finally decided he would not come across, Longboat has been issuing all sorts of contradictory statements about his intentions, but it is probably true that he scarcely knew at any time of nine-tenths of the interviews which were being published under his name and wired out of Canada.

Shrubb, who has been training hard before and since he came to Buffalo for the match, and who all along has believed that the Indian was quietly getting ready to give him a hard race, was broken-hearted when he heard the news. He declared that he was amply protected by a forfeit for a race with Longboat at fifteen miles, but, he added:

"What I wanted to do was to give him a showing up, if I could; something which he gave me in New York, at the end of our race. It's pretty tough to too the scratch with a man at his favorite distance and get beaten and then he is asked to meet you on your own stamping ground. Maybe Longboat thinks he's made a cunning move. In my estimation he has made the mistake of his athletic career. Never mind, if I did not beat him, I have made him quit tool."

As is usual the Canadian Bowlers' Association has arranged an event for gun clubs of an international character. The second team of the Hamilton Gun Club won this event in Toronto last year, and will endeavor to do the trick again. The local gunners will enter three teams this year, and George Dunk, of the Torontos, who attended the inter-city shoot here on Monday, says that Toronto Stanleys will send two, Riverdales two, Balmy Beach two, and the Parkdales one. The Buffalo Audobons are sending two, and the Clevelands one. As a result of the handsome and attractive poster sent out by the Hamilton Bowling and Athletic Club, under the direction of Mr. J. P.
